

CEREMONIES AT OLD QUEBEC

PRINCE TO ARRIVE THIS AFTERNOON

Vice-President Fairbanks Is Welcomed—Lord Bobs May Come West.

Quebec, July 22.—Quebec heaved a big sigh of relief this morning when it was found that the water supply had been turned on again in full force during the night. Yesterday's experience, consequent upon the breaking of the mains, was anything but a pleasant one, but to-day visitors have been able to have their morning bath and a glass of ice water, and the trouble is already forgotten.

Vice-President Fairbanks, who is to represent the United States at the centenary, arrived at 7.55. He was met at the station by Joseph Pope, under secretary of state for Canada, and Victor Williams, who is to be acting aide de camp to Vice-President Fairbanks. He was saluted by the guard of honor of the Fifty-third regiment, belonging to Sherbrooke, while the band of the same regiment played the "Star Spangled Banner."

A drenching downpour of rain prevailed, so very few people were there. The formalities over, he was brought across the river on a launch of the United States battleship New Hampshire, and as he landed in the rain and mist the guns of the citadel and ships boomed forth a salute. The band of the Victoria Rifle of Montreal, as well as a mounted corps, met him and escorted him to the citadel.

There was a large attendance at the special meeting of the Royal Society of Canada in the evening, which was held at the Chateau Frontenac. A discourse on the life and achievements of Champlain was given in English and French.

Major Beuhme, of Vancouver, and Mayor Hall, of Victoria, reached the city yesterday and are guests at the Chateau Frontenac.

Thomas Shaughnessy, president of the C. P. R., arrived in the city last night, and has taken up his residence in a rented house for the next few days. He has met Lord Roberts and urged the veteran soldier to pay a visit to Western Canada. Lord Roberts has very little time to spare as he sails on August 21st, and will meanwhile visit Montreal, Ottawa, Toronto and Niagara Falls. Sir Thomas, however, made it perfectly plain that the trip to the west could be accomplished quickly, saying it would be a great pity if the veteran soldier on this, his first visit to Canada, should not see Winnipeg and the magnificent prairie country.

Lord Roberts, while not giving a definite reply, hinted he was very likely to accept Sir Thomas' hospitality, and go as far west as Calgary.

H. M. S. Indomitable, with H. R. H. the Prince of Wales on board, reached Riviere de Loup at 8.30 this morning, and is expected to arrive here on the schedule time of 2 p. m.

Boston, Mass., July 22.—A brutal murder was discovered last night by the discovery of the body of Mrs. Emma Payrow, 39 years old, gagged and with her throat cut, crushed into a small closet in one of the apartments on Columbus avenue at the back of the bay. ITALIAN GANG BREAKS JAIL

FERNIE EXCITED OVER PRISONERS' ESCAPE

Coal Hole Exit Used by Men Accused of "Black Hand."

Fernie, B. C., July 22.—Five members of the Italian gang charged with "Black Hand" operations, escaped from jail here this morning about 6.30, cutting away the woodwork opening the bolt, and probably then received help from outside. At 6.15 the jailer visited them all right. There was nothing suspicious. They were in the corridor waiting for breakfast about 6.30 and got out through the place where the coal is let in, the bolts outside having been pried open. A large crowd of men is beating bush, but has found nothing.

The description of the men is as follows: Steven Bruno, 22, stout, clean shaven; Ernest Santoro, dark mustache, five feet six, slight build, wearing grey striped flannel trousers; Nuneletto Santoro, dark heavy mustache; Frank Albertino alias Tony Talario, short hair closely cropped, clean shaven, wearing light blue sweater, red silk handkerchief; Jasper Jacino, 5ft. 7 in., 18 years, clean shaven, dark clothes. Jacino is the only man speaking English.

The escape is causing great excitement here. Residents have been signing a petition last week paying for special detectives to be sent here by the government.

CANADA GETS TWO THIRDS

KERR AND BRICKER ARE SCORING ATHLETES

South African Wins Coveted 100-Metre Dash at Olympic Stadium.

London, July 22.—The American athletes scored two firsts in the Olympic to-day, although they met defeat in the greatest race of the day, the 100 metre dash. The 100 metre dash was captured for America and R. Kerr (Canada) and Bricker (America) were struggling for second place, which Kerr finally won with only a few inches to spare. F. C. Irons (America) won the broad jump, breaking the Olympic record with a leap of 34 feet 6 inches. Daniel J. Kelly (America) was second, and Bricker (Canada) third.

The 400 metre hurdle race was won by J. Bacon (America), and Harry L. Hillman (America) was second.

DAY FULL OF INTEREST.

London, July 22.—(Earlier).—This is the first really fine day since the opening of the Olympic games, and the officials at the Stadium looked for an attendance exceeding that of any great day except Saturday. The fine weather to-day was particularly fortunate as the final in the one hundred metre dash in which the public takes the greatest interest, was on the programme for this Saturday.

It should be a great contest. Those who are qualified are: R. Kerr (Canada), E. F. Walker (South Africa) and A. Rector and T. Cartell (America). The experts are wary about attempting to pick the winner in this event, although most of them predict that it will be either Kerr or Rector.

Another final to-day is the 400 metres hurdle race in which Hillman and Bacon of the United States team have opposed to them Burton and Tremere of the United Kingdom.

The sports this morning began with the running broad jump, which event will also reach its final to-day, and which is going on at the same time as the semi-final of the 300 metres race. The semi-final of the 400 metres race, is another event in which there is great interest taken. Sebort of Canada is drawn in the fourth heat with White, Ste and Robins (America).

In the first bout in the wrestling match for feather weights up to 133 lbs. Dole (America) defeated Cockings (United Kingdom) on points (Am. 6, Brit. 0).

In the first section of the running broad jump Cooke (America) was first with a jump of 22 feet 10 inches, Beliah (America) was second, 21 feet 7½ inches; Halics (Hungary) third, 21 feet 5½ inches; Bieden (United Kingdom) fourth, 21 feet 1½ inches.

In the second section Kelly (America) covered 23 feet ¼ inch, beating Ahearn (United Kingdom).

In the third section, Irons (America) jumped 24 feet 5 inches, beating the Olympic record; Mount Pleasant, the Carlisle school Indian athlete, was second to Irons with a jump of 22 feet 4½ inches.

In the fourth section Murray (United Kingdom) was first with 22 feet ¼ inch, and Lukeman (Canada) was second with 21 feet 7½ inches.

"Achilles" Role of Rachin Khan Led to Defeat of Royalists.

London, July 22.—A special dispatch, dated July 21st, to the Times from Tabriz, says the anti-Royalists carried all before them in Monday's fighting, but that to-day the tables were turned. Rachin Khan, the commander of the Shah's troops brought in men late last night to help the Royalists in the city, and followed up his success to-day. Desultory fighting continued for many hours. The anti-Royalists are as depressed to-day as they were jubilant yesterday. Communications in many places have been cut.

The Times correspondent describes Rachin Khan as playing the part of the sly Achilles in his tent during the three days ending on Monday.

Newport, R. I., July 22.—As commander-in-chief of the U. S. navy and navy, President Roosevelt will arrive here to-day on board his cruiser yacht, Mayflower, to attend the most important conference of naval officers ever held in this country. The president will open the conference with an address in which he is expected to take up a number of important naval topics. The president's family also will be present.

When the address is concluded the door of the conference room will be closed to all except officers of the war college, the general board of Washington and the special battleship commission. This will be the first time the president has ever consulted with so large a number of naval experts, and it is believed he will take advantage of the occasion to draw from them the most advanced ideas as to modern battleship construction.
