When Rebellious and Out or Order Paine's Celery **Compound** is Your Only Hope.

It Brings Comfort, Happiness and Health

Too few recognize the fact that the stomach is the chief ongan of the body. When this great and guiding organ is out of order, every other organ depending on it for nourishment is affected by sympathy. So long as digestion is properly per-formed, and healthy fluids secreted from the the food, the body is nourished. When the stomach is inactive the system is impoverished, and disease rapidly develops.

If your stomach is rebellious and out of gear, be assured your whole system will soon give evidences of trouble, and your life will be a miserable one. When you suffer the tortures of indigestion and dyspepsia, just remem-ber that Paine's Celery Compound has brought ease, comfort, happiness and health to thousands in the past. This marvellous and wonder-work-ing medicine when used for a short time restores perfect digestion, and gives to every organ new life and activity.

Thousands of the strongest testimonials are on fyle from our best Canadian people testifying to the efficacy of Paine's Celery Compound in cases of stomach troubles that could not be cured by any other medicine.
