## THE COUNTRY MARKET.

The New Deputy Clerk Has Made a  
Transformation.

It is said that a new broom sweeps  
clean, but some brooms also do good  
work until the end of their existence.  
If W. C. Dunham, the new market  
clerk, belongs to the latter class the  
common council have made no mistake  
in their selection of a man for that  
position.

During the past two or three days  
the country market has undergone a  
transformation. A visitor on entering  
is now struck by the absence of the  
sickening odors which formerly existed.  
They are all gone and the place  
smells more like a garden than a refuse  
heap as was the case but a short time  
ago.

Nor is one now compelled to pick  
his steps among the heaps of dirt on  
the floor. There are no cows' heads  
lying in the passages, no streams and  
pools of clotted blood and no slippery  
exchange leaves. Instead of the build-  
ing being swept semi-occasionally  
when the caretakers had nothing else  
to do it is kept in order all the time  
and the brooms are used whenever any  
sign of dirt on the floor shows that  
they are needed.

In accordance with the suggestion  
made some time ago by the Star a  
number of large baskets have been  
procured and will be placed in con-  
venient corners in the building. Into  
these Mr. Dunham will have all refuse  
thrown, and in this way the floor will  
be kept clean. The stands, too, are re-  
ceiving their share of attention, and it  
is now becoming generally understood  
that they are for the display of prod-  
uce and not resting places for loaf-  
ers and idle delivery boys.

When these improvements were first  
begun many of the occupants of stalls  
were of the opinion that with Mr. Dun-  
ham in charge life would be miserable  
for them, but now they are pleased  
with the improvement and unite in  
saying that he is taking the right way  
about managing the building.

## TO PROMOTE A COMPANY.

George Wettlafer of Montreal is in  
the city seeking to promote a company  
here to manufacture a wagon rack for  
which he holds the Canadian patent.  
A number of companies have already  
been formed in the dominion, and it  
is the intention of the promoters to es-  
tablish a hundred of them. Should the  
local concern materialize it would prob-  
ably be the maritime headquarters.

## ROBBERY AT HAMPTON.

R. A. March, commercial traveller,  
has reported to the police that during  
the night of August 30th or 31st some  
person or persons unknown entered the  
store of Daniel McAllister at Hampton  
and took from there four pairs of  
boots, among which was one pair be-  
longing to Mr. March. No reason is  
given why the matter was not previ-  
ously reported.

vention will be held at Hartland on Sept.

A. Everett, formerly of Fredericton,  
and sister of Ald. A. E. Everett, will  
be married this evening at Jackson-  
ville, Carleton Co., to Ward Burpee of  
that place.

Commencing in October the Y. M. C.  
A. has arranged with Rev. Dr. Gates,  
Evangelist of the Anglican Church, an  
evangelist from England, to deliver  
addresses to men in the Opera house  
Sunday afternoons.

The death is reported of Mrs. Thomas  
Lynche, which occurred at her home  
on Winslow street, west end, last night.  
Mrs. Lynche was in her twenty-  
eighth year and leaves a husband and  
one child. Her death was due to con-  
sumption.

Tonight at Foresters' hall, Charlotte  
street, next to Y. M. C. A. building,  
the Fabian Society, a kind of a reform  
league, will hold its monthly meeting.  
This league is not at all exclusive, as  
all persons are asked to take part in  
the discussions. The idea of better  
government and a more complete con-  
trol by the city and its own public  
utilities are questions that will be dis-  
cussed at the Fabian meetings.

## THE TORREYBURN CASE.

In the Torreyburn case this morning  
all of the crown witnesses were exam-  
ined, except Mr. McLaughlin. Two  
new witnesses, Messrs. Riley and  
Brophy, were examined in order to  
prove the presence of the prisoners in  
the cell. The case was postponed  
until tomorrow morning in order to  
give James McLaughlin, who is ill, a  
chance to testify.

## FUNERALS TODAY.

The remains of the late Charlotte S.  
Hatheway arrived from Halifax this  
morning and were taken to the Stone  
church, where the funeral took place at  
2.30 this afternoon. The services were  
conducted by Rev. John Ledoyre.  
There were no pallbearers. Interment  
was at Fernhill. There was a large  
attendance of friends of the family.  
The funeral of the late Mrs. Jane  
Lambert, who was accidentally killed  
at Coldbrook, took place this forenoon  
from her late home on the Golden  
Grove road. The usual services were  
held at the house at ten o'clock and  
the body interred in Fernhill ceme-  
tery.

## VERY FOOLISH.

Despite the fact that there is a sign  
at each end of the open street, warn-  
ing passengers to be careful in  
getting on and off, these cautions are  
often neglected, to the detriment of the  
unhappy one's clothes and person. At  
noon today, while a north-bound car  
was climbing one of the Fort Hills  
at a fair rate of speed, one of the pas-  
sengers, a deck hand on a river steam-  
er, stepped out facing the rear. There  
was a confused jumble of legs and  
arms flying in the air, and then the  
pavement received him.

## FOR THE SOLDIERS' MEMORIAL.

The entertainment given in Alexan-  
dra school a few weeks ago, and which  
was so successful, is to be repeated in  
Union Hall, N. E., in aid of the me-  
morial fountain fund on Friday, Sept.  
20.

The managing committee of the W.  
C. T. U. is to be congratulated in the  
grand hit they have made in securing  
such a programme gratis. A number  
of novelties quite new in St. John are  
in its make-up—they are specialties  
obtained from Boston firms, and great  
care was made in their selection to  
procure numbers which were pure,  
clean, and yet entertaining.

In its late production the exhibition  
hall of Alexandra school was packed  
to its utmost, and the manner in which  
the operators were put on reflected  
the credit on the different characters, and  
proved that the North End can of it-  
self, when necessary, produce talent  
quite equal to much which is imported.  
It is also gratifying that it is now being  
turned to so good an account, and the  
entertainment should receive the hearty  
support of all loyal, patriotic citizens.

## THE HARBOR ILLUMINATION.

SEPT. 30th, 1901.  
To the Editor of the Star.  
Sir—Seeing that there is a propo-  
sition to illuminate the harbor and other-  
wise make it attract attention during  
the forthcoming festival, would it not  
be an act of courtesy to invite the  
pilots of St. John to assist in any way  
they can, either on committee or as a  
separate body to concentrate attention  
on the lighting of the harbor, and in-  
stead of the "illumination" of the har-  
bor, to have a "lighting" of the harbor.  
They surely will be only too pleased to  
use their best efforts to do so, as I do not know of any  
celebration that they have taken any  
active part in as a body, and this part  
of the programme will be in their provi-  
dence.

Yours, etc. R. W.

## AT THE CHALET.

Work on the new Chalet Episcopal  
church has been commenced by Mr.  
Henderson of Rothesay, who has ac-  
quired the contract. The church, which  
is chiefly intended for summer use, is  
to cost about one thousand dollars ex-  
clusive of furnishings, and is being  
built by subscription. The land on  
which it is being erected was donated  
by the Rev. John Ledoyre. The church  
is to be ready for occupation in the early  
spring.

E. R. Chapman will this week com-  
mence the erection of a summer cottage  
at the Chalet.

Quite a number of residents at the  
various summer resorts are now mov-  
ing to the city. This morning six or  
eight families came in by train from  
Brookville, and others are making  
ready to follow. The Chalet however  
has not as yet lost anyone.

## THE GREAT MUSIC FESTIVAL.

Season subscription tickets for the  
festival at the Opera house, Sept. 30 and Oct. 1, comprising  
four concerts and two morning re-  
hearsals, can be had all this week at  
A. O. Skinner's store, King street.  
Next week the public sale of single  
seats will be opened. Season ticket  
purchasers will save a great many dol-  
lars as compared with buying single  
concert tickets. Four grand opera  
stars and Chapman's festival orchestra  
will be the chief features.

## POLICE COURT.

The only business before the court  
this morning was an assault case be-  
tween Mrs. Catherine Harrigan and  
Mrs. Catherine McVay of Brussels  
street. Mrs. Harrigan complained that  
Mrs. McVay had slapped her on the  
mouth without any provocation being  
shown. Mrs. McVay admitted that she  
had slapped Mrs. Harrigan, but stated  
that the latter was continually annoy-  
ing her by asking her to come in and  
pay for her coal. Mrs. McVay was  
fined five dollars or twenty days.

The Lord's Day Alliance have been  
notified to meet Hon. Mr. Tweedie at  
the government offices in this city at  
3 p. m. on Thursday, to proceed with  
the enquiry in the charge that the  
Sunday law is violated by beer shops  
and other shops in this city.

At the Methodist preachers' meeting  
yesterday, a vote of thanks was pas-  
sed to the C. P. R. telegraph company  
and to the Star for bulletins from Buf-  
falo announcing the condition of Pres.  
McKinley.

## DANGEROUS FIRES.

Raging in Various Sections Around  
the City—Houses in Danger.

The forest fires in the vicinity of the  
city are rapidly becoming a source of  
great danger to the farmers and are  
even causing some excitement about  
town. Near Silver Falls there are two  
fires which are perhaps the most  
threatening of any. One of them is  
burning from Silver Falls to the road  
running from Little River. At present  
beyond the loss of valuable timber no  
very great danger is expected unless  
the wind should happen to change, in  
which event the flames will probably  
burn north and east in the direction of  
Creighton's and the Bishop's prop-  
erties along the south side of the Hockey  
road. In case this should occur a  
large number of houses and an im-  
mense tract of woodland will be  
brought directly in the path of the  
flames. The other fire is on the Loch  
Lomond road, and is now burning on  
properties belonging to the John Jordan  
estate, Owen's, McDonald's and  
Brady's. The occupants of these prop-  
erties are at present fighting the  
flames and endeavoring to save their  
houses. The fire passed over the rear  
of the J. R. Hamilton farm, and is  
moving both west and against the  
wind. A short distance farther in the  
latter direction will bring the heavy  
timber on the Graham, McManus, Mc-  
Namara and Daly properties within  
reach of the flames, and consequently  
the fire will work directly towards the  
city.

From where Brady and the others  
are at present fighting there is a  
stretch of thick woodland right to Loch  
Lomond, and if it should once get a  
start the fire will without doubt run  
right to the lake.

Back of the Frog Pond road there is  
another fire burning almost in a line  
with the Catholic cemetery, but it is  
not of such an extent as the others,  
nor liable to do so much damage.  
The prevailing high winds are carry-  
ing burning embers quite long dis-  
tances, and on account of this the work  
of saving property is rendered much  
more difficult. Everything is as dry  
as tinder, and water is scarce. The  
flames jumped the stream leading from  
Long's lake to the reservoir yesterday,  
and caught in the woods on the Mc-  
Donald property. As yet no houses  
have been reported destroyed, but  
many are in danger and the occupants  
are afraid to leave their homes. Ow-  
ens has lost two calves, but says that  
this nothing of any special importance  
has occurred.

Last night the fire which have been  
burning in the Spruce Lake district  
assumed such a dangerous aspect that  
fears were entertained for the safety  
of the club houses at the lake. In the  
evening as many members of the clubs  
as could be hurriedly collected went  
out for the purpose of fighting the  
flames and their work, assisted by the  
heavy dew, was successful in gaining  
at least a short period of security for  
the buildings. It is, however, feared  
that today they are in a worse position  
than ever, for the fire has again  
brightened up.

In Indian town today a common ex-  
pression is: "Are you going to the pork  
roast up river?" Boar's Head was  
burned last night.

It was feared this morning that fires  
around Rockwood park would reach  
the houses there, and G. S. Fisher and  
others went out, secured logheads of  
water and made all preparations for a  
fight to save them. About 11 o'clock,  
however, it was seen that there was  
no further danger at present.

BLOOD ALLEY SOCIAL EVENT.  
William Burns and Miss Annie King  
were presumably married last night.  
At any rate all Blood Alley turned out  
to celebrate the happy event, and as  
usual managed to have a good time.  
A reporter, accompanied by a police-  
man, visited the scene of action, but  
they were not welcomed with open  
arms. Since the stunning operations  
conducted on Duke "avenue" some  
time ago visitors are regarded with  
suspicion. The happy couple and their  
friends refused to give any informa-  
tion concerning the ceremony and made  
most unkind remarks about white folk  
who come spying for news.

After the ceremony the bridal party  
and friends assembled at Bushan's  
house, where the groom acted as floor  
manager and Lyd Lee chairman of the  
refreshment committee. The dancing  
was greatly enjoyed, music from a  
concertina being especially pleasing,  
but it is to be regretted that some of  
those present persisted in making un-  
nearly noises and thus disturbing the  
solemnity of the proceedings. The Star  
wishes Mr. and Mrs. Burns all kinds  
of happiness, and expresses the hope  
that Billy will never be compelled to  
chastise his wife with a dried codfish,  
as has been done by other heads of  
families in that vicinity.

## CIRCUIT COURT.

This morning in Morrison v. St. John  
Railway Co., Dr. W. L. Ellis was the  
first witness called. His testimony  
was purely technical as to the nature  
and cause of certain diseases of the  
bone.

W. C. Dunham and Douglas M. Ring  
were called by the plaintiff's attorneys  
and testified that they had seen Dr.  
Morrison the day before the election  
in Feb., 1899, and that he was then ac-  
tive and showed no signs of lameness.

E. Duval Whelpley, who drove Dr.  
Morrison from Brown's Flats to West-  
field on Feb. 17th, 1899, testified that  
Dr. Morrison was thrown out, and saw  
him rubbing his left leg afterward. At  
Westfield Dr. Morrison walked in with-  
out assistance.

Dr. Morrison F. Macaulay testified that  
on the morning of the accident he saw  
Dr. Morrison walk up stairs in the  
hospital as usual.

Geo. Shorten gave evidence that he  
saw Dr. Morrison on the train the day  
before the election. The doctor did not  
appear to be suffering at all.

Dr. Morrison, recalled and cross-ex-  
amined by Dr. Pugsley, testified that  
his living expenses were from \$4,000 to  
\$5,000 a year. He paid \$600 life insur-  
ance and \$100 accident. In all he had  
\$20,000 accident insurance. He claimed  
\$60 a week from one company, \$120 from  
another and \$25 from another. He  
said that with one company for \$3,000  
cash.

Court then adjourned until 2.15.

## GLUCOSE PLANT CLOSED DOWN.

PEORIA, Ill., Sept. 10.—The plant  
of the American Glucose Sugar Refin-  
ing Company, the largest of its kind  
in the United States, and the property  
of the glucose trust, has been closed  
down indefinitely. The plant employed  
was out 1200 hands.

A young lady in Mrs. Nichols' store,  
Charlotte street, stopped this morning  
while at work, slipped and fell against  
an upright nail, which inflicted a nasty  
wound in her head. Dr. D. E. Barry-  
man dressed the injury.

An alarm was rung in from box 47  
this afternoon for a fire on the end of  
the government pier, below the ballast  
wharf. The blaze is under the plank-  
ing and there is great difficulty in  
putting it out. A very long line of  
hose had to be stretched. The smoke  
from forest fires made this blaze ap-  
pear much worse than it really was.

## THE ROSES' GARDEN PARTY.

agement of the Roses base-ball club,

well patronized.
