IRISH AFFAIRS.

An Important Statement Has Been Made by Balfour, Taken to Mean That Irish Representation Will Not be Reduced.

LONDON, April 9.—Henry Kimber, a conservative member of parliament and an advocate of the redistribution of seats, wrote recently to Premier Balfour asking whether there was any truth in the rumor that the Irish bill was part of a bargain for abandoning the redistribution of seats in Ireland. Mr. Balfour in reply makes the important statement that the Irish bill has never been the subject of any kind of bargain with any party, group or individual, in or out of parliament. He recognizes the anomalies of the existing system of parliamentary representation as being undoubtedly serious, but he has never seen any satisfactory scheme or reform suggested. This reply seems to show that the government has no idea of reducing the Irish representation in parliament.

THE STEEL AND COAL CO.

James Ross at Monte Carlo—The Company's Officers.

HALIFAX, N. S., April 9.—A letter was received today from James Ross, president of the Dominion Coal and Steel Company. He was at the time of writing leisurely cruising on his yacht Gundreda, and was at Monte Carlo on his way along the coast. The party on board the yacht included Mr. and Mrs. Ross, who are enjoying the climate of Southern Europe exceedingly. The yacht will continue to cruise for several days yet before pointing for England. There is nothing in the story that Mr. Ross had already selected a general manager for the company, but no one will receive the appointment until Mr. Ross returns home. There is absolutely no truth in the story that Alexander Dick is to resign his position with the company because of a falling out with Mr. Duggan. These gentlemen are on most cordial terms.

Towards the project \$35,000 has been subscribed. Eleven hospitals have been substantially aided, namely, in Manitoba, at Dauphin, Shell Lake and Swan River; in British Columbia, at Vernon, Revelstoke, and Kamloops; in Ontario, at Regina and Yorkton; in Nova Scotia, at Pictou. Lady Minto explained that in furthering cottage hospital work an endowment of \$125,000 was needed, and a few thousand gentlemen had already subscribed \$36,000. Senator Edwards was elected chairman of the local committee. All the principal cities in Canada will be asked to assist in the movement.

TRUBLE THREATENED.

An Ontario Railway Strike Takes a Serious Turn.

OTTAWA, Ont., April 9.—The section men's strike on the Canadian Atlantic Railway has taken a somewhat serious turn. The chief engineer of the company, announced today that no negotiations will take place with the trackmen until the strike is declared off. This decision has been reached owing to reports derived from roadmasters along the line that attempts were being made to intimidate the non-union men put on to keep the road in shape. Several switches were tampered with. A keen feeling of resentment is growing up against President Wilson, the walking delegate from St. Louis, who has caused the present difficulty.

CANADIAN SHOT

As a Result of Strike Troubles at Walkerville, The Row Took Place in Detroit—Several Men Were Injured.

DETROIT, Mich., April 9.—Michael Sullivan of Walkerville, Ont., was shot through the neck and a number of other men were slightly injured in a fight which took place here tonight in a collision between strikers and non-striker workmen of the Canadian Bridge Company's works, located in Walkerville, across the river from Detroit. The police arrested four men, all of whom were non-union workmen of Detroit, who had been filling the strikers' places at Walkerville and were just returning home from their day's work. It is alleged that the strikers and their sympathizers followed the non-union men from the works at the close of the day with the deliberate intention of making trouble as soon as they reached the American shore. There were probably 500 men, including both factions, and the fight began as soon as they had left the ferry at the Detroit wharf. The prisoners registered as George E. Kennedy, Fred Metzner, Gustave Adams and Julius Salter of Detroit. It is stated that Kennedy was the first shot, and that it was he who shot Sullivan. During the fight most of the Canadians were driven back to the ferry and across the river. Steve Ladouce, also of Walkerville, was struck over the head with an iron bar, and both he and Sullivan were taken to local hospitals. Neither Sullivan or Ladouce is dangerously injured, however.

The strike has been on since April 1, when the Canadian union workmen were required to work a ten hour day, but refused, and asked for an increase of 10 per cent, with a nine hour day. The Canadian union workmen are now on a four hour day, according to the class of work.

SHAMROCK III

Her Unexpectedly Good Performance Yesterday, Reuses Hopes That She May Lift the Cup This Year.

WEYMOUTH, Eng., April 9.—The Shamrock will have their first real contest tomorrow. It will be under strict racing conditions with prize money for the winning crew and fixed handicap terms, over a measured thirty mile course. After Shamrock III's showing yesterday it is believed 15 minutes will be allowed for the older Shamrock III. has not yet been asked to negotiate a head sea, and the likelihood of a seaward breeze is welcomed, as it will give an opportunity of seeing how she will acquit herself under such conditions.

WEYMOUTH, Eng., April 9.—In the opinion of experts the Shamrock III, was really driven to the windward turn. The Shamrock I was hopelessly beaten from start to finish and was unable to maintain its lead. The Shamrock II, Yachtmaster, was a notable victory and as showing the Shamrock III to be a more formidable challenger for the America's cup than ever her admirers had hitherto supposed.

LONDON, April 9.—The respectably good performance of Shamrock III, yesterday has increased public interest in her doing well in the trials to be held with a certain degree of anxiety, but the challengee's show is a promising one, reviving the hopes of her winning the cup.

The racing yesterday was chiefly intended to test the effect of a change of trim. The conventional method of placing all the available weight aft had been previously followed. The new plan was adopted yesterday in the early part of Shamrock III's lowest work with the same result. Shamrock I, holding the lead, was challenged by Shamrock II, which was decided to change the challenger's trim, thus lifting the counter slightly and the crew mustered amidships. This unexpected result surprised the day. Under the altered trim the challenger showed great liveliness and passed the ex-challenger, though the latter was anchored. The important point was that the challenger was able to establish a feeling of confidence in Sir Thomas Lipton's chances of lifting the cup.

THE COAL STRIKE.

President Mitchell Has to Re-monstrate With Miners. Remarkable Cause of a Strike of 1,200 Men in Pennsylvania.

PHILADELPHIA, Pa., April 10.—The numerous small strikers in the anthracite region resting from the disagreement between operators and miners regarding the strike commissions ruling on the number of hours to constitute a day's work, has brought forth a letter of instructions from President Mitchell to district officers, calling upon them to end all strikes and induce the idle men to return to work. If they still refuse to do so, Mr. Mitchell suggests that grievance committees representing the colliery employes be appointed to confer with company officials in an effort to adjust the differences.

ALTOONA, Pa., April 9.—Until the question of whether or not a bridge is part of a set of harness has been settled, 1,200 bituminous miners at the 13 operations of the Beech Creek Coal and Coke Company at Patton and Arcandia will remain idle. The drivers at these mines say a bridge is part of the harness, and since the Altoona convention, which stated that drivers shall not harness or unharness the mules, they refuse to put the bridge on.

DIAMOND WEDDING. Miss Margaret Diamond Pledges Her Troth to Cyrus McIntyre.

(Frederickton Gleaner, Thursday.) Despite the shortness of the notice and the inclement state of the weather the vestry of the Methodist church was packed to the doors last evening by a large and interested throng of spectators, men, women and children, to witness the wedding ceremony, when Miss Margaret Diamond, daughter of Moses Diamond of Kingsclear, pledged her troth at the marriage altar to Cyrus McIntyre, a well known colored gentleman of this city. The ceremony, which was a very imposing one, was performed by Rev. J. A. Rogers. Exactly at 8.30 o'clock the bridesmaid, Miss Hannah Hoyt, entered the church and the groom, Cyrus McIntyre, followed in light vanguard. Miss Hoyt was attired in a handsome muslin dress of bisquet and royal blue, with hat to match and wore a pale blue shawl. All eyes were turned towards the door as the bride entered, leaning upon the arm of John Dean, best man.

The bride was dressed in a white satin waist with blue skirt and hat to match. The ceremony over, the laborious process of signing the documents was gone through with, when the bridal party left the church. When going out they were treated to a volley of rice, old boots and bags of flour from the friends. The party repaired to the residence of Miss Hoyt, at Whitechapel, where a fancy wedding supper was served and a regular breakdown held until the early hours.

DEATH OF F. E. WILSON. A Member of One of the Old Families of the Province.

Another member of one of the old families of the province passed away at noon today in the person of Francis E. Wilson, of Cambridge, Queens Co., who died at the residence of his son, Z. O. Wilson in Cambridge. Mr. Wilson was of Scotch descent and was a son of Samuel Wilson, whose father was one of the early Scotch settlers in St. John. Last fall he moved to Carleton where he has since been living with his son. About five weeks ago Mr. Wilson was taken ill and died at noon today.

He leaves seven children, six sons and one daughter. They are Wm. E. Amos A., barrister-at-law, and Z. O. of this city; Albert D., of Somerville, Mass.; Amos P., of Manchester, N. H.; George A., of the I. C. R. staff at Moncton and Mrs. John C. Perry, of Havlock, Kings county. Another son, the eldest of the family was drowned when quite a young boy, some forty-seven years ago.
