

The First Time.

This store can't be useful to you until you know it.

How to get customers here the first time—that dubious, uncomfortable first time; how to tempt them past the lion that isn't at the door—that's always the problem.

If you doubt whether we want your clothing trade, see the Boy's Overcoats with the small prices, see the Men's Ulsters with the small prices, see the fine Boy's and Men's Clothing everywhere in the store.

It is time it were known that our stock of Boys' and Men's Clothing is the finest in St. John.

We have here one of the largest Clothing stores in the Dominion.

Mere bigness isn't an advantage. In clothing it is. When one buys clothing he wants to have the largest resources at his command; he wants to be sure he will not miss anything he ought to see.

You can't be sure of that without coming here.

There is nothing good in clothing that you cannot get here; there are many things that you can get nowhere else. Besides an immense assortment of all regular goods, we have many exclusives which we alone can sell you.

And added to all other advantages of resources, experience, taste and skill, we believe there is no other store which has both the ability and the motive to sell as cheaply as we will.

Exclusives are suits for stout men—men who measure as much or more around the waist as around the chest. Serge \$3.50; Tweed \$12 and 14. We have Rothery College Suits, nobody else does—ready to put on and wear. Price according to the size.

Grammar School Boys' Suits, such as you cannot get elsewhere. Blue Serge, short pants, \$2.75, \$3, \$3.25, according to the size. With long pants, \$4.

Besides these we have a wealth of clothing the patterns of which are exclusive to ourselves and you must come here if you want them.

A Black Frieze Overcoat, full back, very long, velvet collar, \$14—here and nowhere else.

NOWLAN.—At New Tuxet, Sept. 18, George H. Nowlan, aged 40 years. Bro. Nowlan professed conversion when 9 years of age and was baptized into the branch church of New Tuxet Baptist church by Rev. Charles Rankall. He leaves a wife and three children besides his father and mother and several brothers and sisters. One of his brothers, Rev. F. D. Nowlan is pastor of Oxford Baptist church. Bro. George had suffered greatly during the three years preceding his death, but bore all with christian patience and died happy in Jesus.

TAYLOR.—At Millville, York Co., N. B., Aug. 30, Mrs. Bertha E. Taylor, after five months of sickness. Sister Taylor professed faith in Christ in the winter of 1877. Rev. J. W. S. Young baptized her and gave her the right hand of fellowship into the Lower Woodstock Baptist church where she continued as an active member, until about a year ago, when she connected herself with the branch church of Springfield Baptist church formed at Millville. On Sept. 1, her funeral service was held at Millville. After which her remains were taken to the cemetery at Lower Woodstock. May God comfort the sorrowing parents, brother and sister, and especially the weeping husband, whose help-mate passed out at such an early age of 38. Peace be to the three daughters, for the mother's passing out was peace with Christ.

POTTER.—At Smith's Cove, Digby Co., N. S., Aug. 28, after a lingering illness, C. T. Potter passed away, aged 69 years. Bro. Potter was baptized by the late Rev. Joshua Cogswell and gave to the 2nd Hillsburg church 45 years of service. His devotion to the church was marked and his christian activity commendable. His one desire to live was that he might work for Jesus. No coincident was he that to him death would be gain he repeatedly said, "At

my departure I shall be with Jesus." Shortly before his death his companion said, you have only a few more hours of waiting, he replied, "that blessed, I will be in heaven." He gathered comfort from the thought that he had endeavored to be faithful to the Master and frequently said, "My happiest times have been when I was working for the church." As church treasurer he most efficiently discharged his duties and was especially helpful during the erecting of the beautiful new meeting house. His watchcare and prayerfulness, faithful words and earnest entreaties will be much missed. He greatly enjoyed the visits of friends and neighbors and was glad to speak to them of the Lord and his glorious home. This world was to him beautiful but with Jesus in his eye he could leave it without sigh. May the Lord enable his surviving brethren to emulate his example and the sorrowing widow, children, relatives and friends to rejoice for he hath triumphed and the mantle of his devotion to fall upon the son who takes the father's part in the home.

SHORT.—Mrs. Maria Clark Short, passed on in an unlooked for time to the heavenly rest on the 18th day of September, 1895, aged 68. In her death the Baptist church of Digby has lost a large supporter and faithful adherent. A son and daughter bereaved mourn the loss of a mother most true, devoted and christian. The town of Digby has lost one of its material prosperity and good name. The pathway of life appointed for our departed sister was far from a smooth one. For the last twenty-six years she has struggled with the trials of widowhood; commencing with the care of helpless ones dependent entirely upon her for support. To meet these demands she entered upon the service of the travelling public, and by the blessing of the Lord upon her labors she succeeded in building up a boarding house of wide fame for its home-like quiet comfort. In this enterprise our departed sister has demonstrated that a hotel can be profitably run without a bar or gambling outfit of any kind; and as well that faith in Christ and loyalty to truth and righteousness as far from being impossible in this perplexing business—where tastes so diversified seek gratification—are most helpful auxiliaries to success. With limited capital and the aid of a few friends above and below, she succeeded in carrying on her enterprise for the support of the church and missions, developed an unblemished christian character, and left a comfortable home for her loved ones. Among the wide circle of those who lament her demise, next to her sorrowing son and daughter, her pastor and church are in deep mourning. Subject as our dear sister was to all the infirmities of the flesh and spirit, she by the grace of God made a good record. In an early life she made a covenant with the God of her fathers, and maintained it to the end of her journey. Her last Sabbath on earth found her in her place in the house of the Lord; on Wednesday, she was taken to her heavenly home, where the heavenly messenger came and she was not, for God took her to her resting place of the blessed.

LONG YEARS OF TORTURE

On Shipboard, in the Hospitals and at Home

Hawker's Nerve and Stomach Tonic Restored Him to Health and Strength.

Capt. Wm. F. Spurr, of Deep Brook, Annapolis Co., N. S., can tell you what yellow fever is, and how it leaves a man who is fortunate enough to recover. Some four years ago he was smitten with yellow jack at Rio, and after it had spent its force he fell an easy victim to a severe cold. Rheumatism followed, and he entered a hospital in Barbadoes, where the doctor told him he had contracted. Later he entered a New York Hospital and was treated unsuccessfully for muscular rheumatism. Then he came home and was for five months confined to his bed. Here is what he says of that period and of his ultimate cure: "My sufferings were intense. Pains darted through my body in every direction as in neuralgia. At night I would lie awake till daybreak, unable to sleep. After a time I was able to move about a little, but was in constant pain. My left arm was helpless and shrunken. I tried a number of remedies without receiving any benefit until I was advised to take Hawker's nerve and stomach tonic. I could not at this time even sneeze or cough without pain. Before I had taken half the first bottle of tonic I felt better and continued till I had taken seven or eight bottles in all. My power over my arms and muscles began to come back, and I soon felt the desire to stretch myself, like one awaking from sleep. In a short time my strength was completely restored, and today I am as well as I have been for years. After a year's experience of this wonderful remedy is but a repetition of that of thousands. Hawker's nerve and stomach tonic is the greatest flesh and blood builder and nerve and brain invigorator of the age. It is sold by all druggists and dealers at fifty cents a bottle or six bottles for \$2.50, and is manufactured only by the Hawker Medicine Co. (Ld.), St. John, N. B. and New York City.

A FAVORITE PRESCRIPTION.

How it Cured Mrs. Somerville, of Bramford.

Her Case Had Defied Ten Years of Treatment.—The Trouble Brought on by an Attack of Typhoid Fever—She is Again Enjoying Good Health.

From the Bramford Nationalist.

That Dr. Williams' Pink Pills are a favorite medicine in Bramford and vicinity will be readily borne out by the local druggists, and that much suffering has been alleviated by the use of this wonderful healer, is amply shown by the number of strong statements in favor of Pink Pills from this section. And yet the number of cases published is small in comparison with the total number that have found benefit from the use of this great blood builder and nerve restorer. It is true that Pink Pills are used in many cases to tone up the system, enrich the blood and stimulate the nerves where no serious illness exists; but it is equally true that in many cases in which they have been used, other medicines have failed, and the result achieved by Pink Pills may very truly be characterized as marvellous. The editor of the Canadian Nationalist came across just such a case recently. It is that of Mrs. S. Somerville, a well-known and highly respected resident of this city. Mrs. Somerville does not need notoriety, but is willing that a statement of what Pink Pills have done for her shall be made public in the hope that some other sufferer may be benefited thereby. "My illness at first," said Mrs. Somerville, "was a serious attack of typhoid fever. Although I recovered from the fever it left its effects that have caused me many years of misery. The doctor said that my blood had become impregnated with poison and that I would take a long time to eradicate it. The trouble seemed to have its chief seat in my limbs, which caused me a great deal of pain. For about ten years I continued doctoring, not continually, but at times, and I tried many remedies without permanent results. This went on until the end of '93, when I became so much crippled up that I despaired of getting relief. I had read much of the remarkable cures through the use of Dr. Williams' Pink Pills and became interested in them. One day I asked my physician if I might try them. He gave his permission and I began using them. By the time the third box was finished I found myself very much improved—in fact, the pains had entirely left me and I was growing healthier and more fleshy. I continued using the pills until I had taken six boxes more, when I felt that I was entirely cured, and was enjoying better health than I had done for years. I am satisfied that to Dr. Williams' Pink Pills I owe my recovery, and have implicit confidence in their curative power, and shall continue to recommend them to other sufferers.

Dr. Williams' Pink Pills for Pale People are not a patent medicine, but are a long tried prescription acting upon the blood and nerves. They are of great value as a tonic during recovery from acute diseases, such as fevers, etc., building up the blood and system, preventing the often disastrous after effects of such troubles. Sold by all dealers or sent post paid at 50 cents a box, or six boxes for \$2.50, by addressing the Dr. Williams' Medicine Co., Brockville, Ont. Beware all imitations and substitutes.—Advertisement.
