AUSTRALIA'S NEWEST WARSHIP LAUNCHED

Fifty Thousand Enthusiastic

People Greet the Warrego

as She Glides into the Water.

—A Fine Vessel.

Sydney, May 20.—Already a glow
of pride has warmed the heart of all
Australia by the advent of the first
boats of the Australian Navy "The
Yarra" and "The Parramatta," already
thousands of Australians over seas
have sent back a "coo-ee" of approval
and everywhere they glory in the fact
that the "Navy of the Southern Cross"
has been born. These boats were
something to boast of, but now the
third "The Warrego," the destroyer,
the first unit of the new navy to be
constructed in the Commonwealth, lies
majestic on the placid waters of "our
beautiful harbor," reflecting the de-
termination of Australia to provide ad-
equate assistance to the Motherland
in the Empire cause and show to the
world that the defence proposals of
the Commonwealth are not a toy thing.

"Name the Warrego." In time of
danger may they move with the swift-
ness of a thought.

Smash went a bottle of Australian
champagne as the words were pro-
nounced by Mrs. Pearce, wife of the
Minister for Defence, and the ship-
ment of the Commonwealth navy slid
gracefully into the water.

The setting of the scene was Fitzroy
Dock, the time noon and the date
April 4, 1911. Never before was there
a display so brilliant on the Parra-
matta river. No aquatic event ever
attracted such crowds; no function
ever brought together a more distin-
guished gathering. The river was a
mass of moving craft. Steamers and
boats of all sorts, shapes, and sizes
decorated with all the flags and bun-
tins they could procure, and carrying
as many passengers as they dared
manoeuvred warily within prescribed
limits. They came right on to the
fringe of a line of danger flags, sev-
eral times the length of the destroyer,
and there awaited the eventful moment
to cheer any shout.

How many people turned out to see
the Warrego launched it would be im-
possible to accurately state. But 50,
000 was not an unreasonable esti-
mate. The island itself contained
thousands of spectators, there were
thousands on the water, and on every
bank the air might be said to be
thousands more showed up. The
heights and the foreshores of Balmain
opposite the dock were black with
people. The banks were so crowded
that people out at every street which
led down to the water's edge. They
came along in hundreds upon hun-
dreds, and wedged themselves in some-
where.

A striking feature of the ceremony
was the immense enthusiasm displayed.
The crowds were out to do the
thing properly. Officialdom had done
its part, and the people backed it up
nobly. Not only were the river craft
gaily bedecked, but also the houses
within the scene. Flagstaffs carried
all the flags that could be begged or
borrowed, and from numerous Aus-
tralian ensigns or a Union Jack. The
Warrego herself as she lay high and
dry on the slip, was a string of flags
from end to end. Others were hoisted
by the scores in the immediate vicinity
of the island, the sister ships Parra-
matta and Parra were a blaze of col-
ors and the training ship Sobrano
was warmly and on all her holly-
day attire. Truly it was a splendid
occasion, shown to the best ad-
vantage in beautiful autumn weather.

The ripple in the water, the sound
water, a blue sky prevailed, and a
pleasant easterly breeze freshened and
invigorated all those who had turned
out to witness the event.

DO YOU BELCH GAS?

This is a disagreeable result of food
fermentation that Nerviline stops at
once. Take ten drops of Nerviline in
sweetened water. The stomach is
warmed and opened, digestive trou-
bles corrected, the rising of gas ceases
and you are well. When such a simple
remedy does so much it's foolish to
hesitate. For indigestion, acid
stomach, heartburn and sick headache
you'll find nothing half so efficient
as Polson's Nerviline. Get a 25c. bot-
tle from your dealer today.

The large Am schr Peter C. Schultz
now in command of Capt Britt ar-
rived in port last Saturday from East-
port where she delivered a cargo of
hard coal.

His many friends in Yarmouth will
be pleased to learn that Mr. Allan
Macnair, of East Boston, is chief en-
gineer of the Eastern Steamship Com-
pany's steamer Calvin Austin, running be-
tween St. John and Boston.—Yarmouth
Telegram.

Schooner Adonis has finished land-
ing her cargo of Barbadoes molasses,
1475 pieces, at Widgery's wharf at
Portland, and will sail the first chance
for St. John, N. B. The cargo was
taken out in very quick time.

Steamer Appenine has finished dis-
charging her cargo of pulpwood at the
Valine Central wharf at Portland, Me.,
and will sail this forenoon for the
Provinces, going this time to Chatham
N. B., instead of Dalhousie, where she
took on her first load.

The diver on board of the steamer
Coast Guard, working on the wreck of
the steamer Hungarian last week
brought up a roll of cloth containing
53 yards. It was under a lot of iron
and had lain there for fifty-one years
and two months. Mrs. L. A. Gardiner,
of Clark's Harbor, has sent us two
small samples of the cloth, apparently
English broadcloth. One sample is
just as it was taken from the piece,
stiff with rust and salt. The other
has been cleaned in fresh water and
is apparently as strong and good as
new. It will be remembered that the
Hungarian was wrecked off Cape
Sable February 20th, 1860, and the pas-
sage from Liverpool, G. B., and every
soul on board, to the number of 206,
perished.—Yarmouth Telegram.

cultivation will be practically taken
up and discussed, as well as lessons
given in live stock judging.

The ladies of the district will also
meet during the afternoon, when the
lady delegates will give a demon-
stration and lead a discussion upon mat-
ters connected with domestic science.
It is understood that the cooking of
meats will be one of the subjects
taken up.

The following include some of the
speakers who will attend the various
meetings:

Messrs. Andrew Elliott, Galt, Ont.;
Theodore Jones, Charlottetown, P. E.
I. 8th Jones, Sussex, N. B.; A. G.
Turney, Provincial Horticulturist,
Secretary for agriculture and others.

The speakers and demonstrators on
domestic science will be Miss Bessie
Elliott, of Galt, Ont., and Mrs. A. E.
Dunbrack, of Fredericton, N. B.

In the evening a joint meeting will
be held at which addresses will be
given.

Fuller particulars will be later an-
nounced.
