CLOSING LETTER.

Furnished by F. B. McCurdy and Co., Members of Montreal Stock Exchange.

Montreal, Feb. 5.—The general tone of the market today was anything but strong and the trading was but active. The feature of the local trading was undoubtedly Detroit. Quite a little activity was displayed in this stock more especially in the early session but the tendency of prices throughout the day was slightly downwards notwithstanding the excellent showing made by the company.

The earnings amounted to about 16 per cent. on the common stock, which if it were not for the constant difficulty concerning rights and franchises, would put Detroit to double its present price. Even the declaration of an increased dividend yesterday failed to support the price today and notwithstanding the stock is now on a 6 per cent. basis the price never exceeded 100.

The annual report of Toronto Railway is a most encouraging document but it failed to have an effect on the price of the stock at the annual meeting today and increased earnings were shown all the way around. The net earnings amounted to \$2,865,560 which was an increase of \$213,188 on the figures of a year ago and the surplus of the company was increased by \$556,882 out of earnings. The company is now paying to the city alone close to a million dollars and should the general manager's predictions of a better showing in 1913 come true, the payments to the city will exceed the sum mentioned.

Brazilian was a little disappointing early in the day, although it took place at 97 3/8. At the noon hour, however, the price was around 97 1/2 and in the afternoon the stock sold up to 98 once more. The selling of Brazilian seems to be coming from Toronto where holders are cashing in large blocks of stock and taking their profits. In Montreal the buying is good and level of prices for the most part was above Toronto.

C. P. R. was a weak feature of the list and although almost no shares were traded in the effect of outside markets was to put the price down to 237, which is the lower on C. P. R. for many months and in fact the whole list showed a very dull tone.

LaRosa held steady at 3.05, but Holinger was weak and sold down to 15.

WILL SEND HORSES TO FREDERICTON

The members of the St. John Matinee Driving Club turned out in force at a special meeting held in C. M. Morrison's office last night. After the regular business of the club had been dealt with the question of sending horses to Fredericton to compete in races on Wednesday next, was discussed. The members talked for some length on the question and all were greatly in favor of St. John being represented in the coming races.

It was clearly shown that the horse racing craze has not in any manner abated, as far as the St. John Matinee Driving Club is concerned, and before the meeting was brought to a close it was decided to send no less than two car loads of speedy horses to Fredericton to compete in the coming events to be pulled out under the auspices of the Celestial City Driving Club.

Some of the St. John horses that will be entered
