

THE WEATHER
Toronto, Aug. 27.—The depression mentioned last night is now centred over the Gulf of St. Lawrence and has caused showers in Quebec and the Maritime Provinces. Another disturbance covers the western provinces and the northwestern states. The weather in Ontario has been fine, while in the east it has been cool with a fairly general rain fall.

AROUND THE CITY
Breakwater Going Ahead.
The work on the breakwater in Courtenay Bay is progressing rapidly. There are already upwards of 40,000 tons of rock in position.

Obstructing Mill Street.
Police Officer Gardner has reported Edward Whitenect for obstructing Mill and Pond streets on Monday by allowing a team of horses to stand across the street.

Public Utilities Commission.
The public utilities commission will meet here this afternoon at half past two. Chairman Vincent and Secretary F. B. Robinson arrived in the city on the Boston train last night to attend the meeting. No important matters have been announced for the meeting today.

A Secret Investigation.
The police investigation for which the city council has voted \$500 was opened last evening at city hall. Com. McEwan is in charge, and held a long confab. with the chief of police, the only member of the force who was present to be put on the grill. A constable was on duty in the hall to keep out the public. After the session Com. McEwan said there was absolutely nothing to give out to the press.

Our Gardens Equal to Winnipeg.
Gardener Stephens, of the Rockwood Park public gardens, has recently returned home after a month's vacation in the west, spending most of the time in Winnipeg visiting his son. Mr. Stephens is greatly improved in health and says that while they are handsome, they are laid out very similar to the gardens at Rockwood, and that our St. John gardens have plants and beds which are equally as good as those in the west.

Band Concert Tonight.
The Carlton Cornet Band will render their last concert of the season on the King Edward bandstand, this evening. The band has rehearsed an excellent programme, and will be sure to please the large crowds who enjoy these concerts. The programme is as follows: March, Electrolite, Miller; Overture: American Triumph; Selection: Rose of Castile, arranged by C. J. Hayes; Vocal solo: Queen of the Earth, by request, Bandman Lanyon; March: Argandale, Thompson; Potpourri: Out on the H-T-H-I, C. J. Hayes; Troop review: Toledo; March: Arcadian; God Save the King; W. Long, conductor.

Disorderly Youths.
There have been quite a few complaints made about the actions of some young fellows in the vicinity of the Marsh Bridge. On Monday evening while a prominent legal gentleman and his wife were riding into the city in their automobile, a young fellow threw half a brick at the car and it came very near striking the lady in the face. The automobile was stopped and the gentleman gave chase, but was unable to catch the offender. He reported the matter to the police. On the same evening another gentleman who was driving in his car at the Marsh Bridge, was stoned, and the car, being struck by one of the stones, was considerably damaged. A sharp lookout will be kept for these offenders and if captured, they will be prosecuted to the full extent of the law.

COMING BIG GAME SEASON EXPECTED TO BE BANNER ONE TO ESTABLISH GREATER INTEREST IN THE PROVINCE

Moose, Deer and Caribou More Plentiful in this Province Now than Ever Before—Large Number of Hunting Parties Expected this Year.
When the big game season opens, it is expected that the number of sportsmen from the United States coming to the province to hunt the denizens of the woods, will be somewhat larger than in previous years. Many of the hunters who have already shot moose or deer in the province have made arrangements for another trip to the woods this fall, and as the fame of the happy hunting grounds of New Brunswick spreads wider every year, new parties are expected, not only from the republic, but from England and some other countries in Europe.

GIRLS' CLUB PLAN FOR A VIOLET DAY ON EXPO. GROUNDS
A Novel Plan will be Adopted by Worthy Organization to Raise Money for Deaconess Work.

Arrangements were completed yesterday by the girls' club committee and the exhibition management whereby a large number of girl scouts will sell violets on the exhibition grounds next Monday (Labor Day) for the purpose of raising money for the deaconess work of the girls' club, who will meet all boats and trains for the purpose of looking out for strange girls arriving in the city. The scouts will be known as flower girls and the violets have been handily and artistically arranged. No price will be asked but all are expected to make a contribution in payment for the violets, which can, of course, be as large or small as the purchaser desires.

At the present time there is no one to meet trains and boats for the purpose of assisting strange girls arriving in the city, and St. John is about the only city of any size in Canada where such conditions prevail. Last winter, several cases were reported where young girls, strangers here, had been practically insulted by tough young men who were loitering around the depot. It is to prevent such things that the deaconess is to be employed by the girls' club, provided, of course, that they get sufficient funds.

ACCURATE MAP OF NEW BRUNSWICK IS SOON TO BE ISSUED
Government Authorizes Printing for Purposes of Immigration Department—To Embrace Results of Surveys.

At the instance of the provincial superintendent of immigration, the local government has authorized the printing of a new map of the province for use in connection with the work of the immigration department and for general purposes. It will be printed in colors on paper that can be folded many times without showing any injurious effects.

Will Collect Pythian Flowers Today.
Persons contributing garden flowers to the Knights of Pythias for Thursday's decoration of graves, will kindly telephone Nickel theatre early to the Knights and tonight in the Keith suite Pythians and lady friends are requested to assemble to prepare the bouquets.

When the big game season opens, it is expected that the number of sportsmen from the United States coming to the province to hunt the denizens of the woods, will be somewhat larger than in previous years. Many of the hunters who have already shot moose or deer in the province have made arrangements for another trip to the woods this fall, and as the fame of the happy hunting grounds of New Brunswick spreads wider every year, new parties are expected, not only from the republic, but from England and some other countries in Europe.

WOULD REFUSE SUNDAY CONCERTS IF ASKED ABOUT IT
Commissioner of Public Works will Not Extend Permission to Bands to Play—Some Unanswered Questions.

At a meeting of the city commissioners yesterday sitting as a committee on the protest of the Lord's Day Alliance against the holding of Sunday band concerts in King square, it was decided to notify the alliance that the commissioner of public works would refuse to allow the bandmen to use the bandstand for the purpose of giving a Sunday concert if application for permission to hold such concerts was made.

F. J. G. KNOWLTON THE NEW MASONIC GRAND MASTER
Chosen by Grand Lodge Last Evening to Succeed Dr. H. S. Bridges—Reports Submitted for Year.

At the session of the Grand Lodge of the Ancient and Honorable Fraternity of Free and Accepted Masons of New Brunswick, held at the Carleton Union Lodge Hall last evening, the following officers were elected for the ensuing year:

The Grand Lodge convened in the morning, and the 45th annual session was opened in simple form by Dr. Hodley Seabury Bridges, M. W. Grand Master, who was assisted by Dr. M. L. Young, R. W. Deputy Grand Master, by the Reverend and Very Worshipful R. A. Armstrong, Grand Chaplain, and a full corps of Grand, and many past Grand officers.

The Grand Chapter led in prayer, and the members recited together the 24th Psalm. The Grand Master then delivered his annual address, dealing with the events of the year, and the progress of the order.

By the establishment of central creameries in several counties throughout the province, it is expected that an impetus will be given to the manufacture of butter and cheese and that this pursuit will become a flourishing one in New Brunswick. The first of these creameries will probably be in operation next spring.

MADAWASKA WILL HAVE FIRST ONE
Dairy Inspector Daigle in City Talks of Project to Stimulate Interest in the Manufacture of Butter and Cheese

MACHINISTS HELD A SUCCESSFUL MEETING
A large and enthusiastic meeting of the machinists union No. 156, international association, was held last evening in their rooms in the Opera House. International Vice-president Bouillon, of Montreal, was present and delivered a striking address, emphasizing the need of organization in order to enable the machinists of St. John to secure working conditions comparable with those in other parts of the Dominion.

Mr. James, another official of the organization was present, and delivered an interesting address. It was stated at the meeting that the machinists union, Mr. Johnson, was expected in St. John on the 25th of September to look over the situation here, and take measures to help the machinists secure better working conditions.

Kid Gloves.
A sensational sale of kid gloves is to take place at P. A. Dykeman and Co.'s on Thursday morning. They are going to sell four hundred pairs of real kid gloves with some appearance and some wear and guarantee each pair, at the extraordinary price of 59 cents. This firm had a large sale of the same quality gloves about three months ago and, notwithstanding that they guaranteed them the same as this lot, not more than two pairs in a hundred were brought back. They guarantee the gloves against defects in any way. Come in (tans, browns and black. They also advertise an English Cape Glove, regular \$1 quality, at 79 cents and give the same liberal guarantee with these as they do with the others.

Select Masters for the Maritime Provinces have elected the following officers for the year: Will H. Whyte (Montreal)—M. P. G. Master. A. McNicol (Dep. G. M. for New Brunswick). T. V. Binlay (Yarmouth)—D. G. M. for Nova Scotia. Dr. Darrak—D. G. M. for P. E. Island. D. A. Young (Montreal)—D. G. M. for Quebec (St. John)—G. C. of Works. Charles Robinson (St. John)—O. Treasurer. W. B. Wallace, K. C.—G. Recorder. E. H. C. Bennett. Votes of condolence and sympathy, passed to Mr. Cushing on the death of his sister, and to Mrs. Deane and her family on the death of Mr. David Deane.

WANTED—Bell boy. Apply Royal Hotel.
