NEW C. P. R. BUILDING NOW READY TO RECEIVE TENANTS

All C.P.R. Departments, including Telegraph and Express Companies, to be under one roof in remodelled building on King Street.

Work on the building at the southwest corner of King and Germain streets is now about completed, and it will be occupied by its new tenants next week.

The rest of the ground floor contains telegraph messengers' department, Dominion Express freight department and entrance corridor, passenger elevator and stairs to upper floors.

The walls of the rooms on this floor are paneled to a height of 4 feet, with quartered oak and finished at the ceiling with a heavy oak cornice.

The C. P. R. Offices. On the second floor will be the C. P. R. passenger and freight department, toilet, store rooms, etc.

The building is heated by a vacuum steam heating plant with twin boilers. The plumbing comprises toilet rooms on each floor, having tiled floors and best fixtures.

The electric wiring and lighting system is most up to date, the wiring being a re-inforced cable job throughout, and considered one of the best of its kind in the lower provinces.

Through a large corner entrance with tiled floor, one passes into a spacious room, 35 feet wide by 22 feet long, equally divided throughout its entire length by an 8 foot tiled corridor.

The division on the left of this passage is occupied by the Dominion Express Co., while on the right the first half is taken up by the C. P. R. ticket department, and the remainder of the space by the C. P. R. telegraph department.

Mason work, P. Mooney & Sons, plumbing and heating, J. H. Doody, Jr.; painting and glazing, J. H. Pullen; Chamberlain weather strips, Robert Thorne; iron stairs, Dennis Wiles and Iron Co. of London, Ont.; passenger elevator, the Otis-Penson Elevator Co. of Toronto; and office fixtures, the Canadian Office and School Furniture Co. of Preston, Ont.

The whole work was performed after the plans and specifications prepared by F. Neil Brodie, architect, and under his personal supervision. As it stands today the building is one of the most modern and up-to-date in the city, and is a decided acquisition to King street.

THE ARMORY BUSY SPOT THESE DAYS

Preparations Well Advanced for Accommodation of Recruits - The Work at Remount Station.

There are at the present time in port, the steamships Anglo-Mexican, Anglo-Saxon and the Lakonia, and all are fitted out ready to load remounts for the Imperial army.

There are now at the remount station 1,062 horses. The animals are being cared for in the Agricultural hall, Poultry hall and Machinery hall of the Exhibition Buildings, as well as in the old drill shed.

The fitting of the new armory was completed yesterday and the ship is now ready to receive her horses. The Anglo-Mexican and the Lakonia are also ready.

With the enlisted men arriving daily from all parts of the province to drill for the front, and the dragoons looking after the horses, there is little room about the new armory that is not being used to advantage.

The recruiting offices reported good business for yesterday and more than 200 hundred men were said to have been secured since the enlistment of men for the second overseas contingent started.

The office in Prince William street has become the centre of enlistment and many men have applied there for positions on the contingent.

The names of those already taken on the strength of the 25th Battalion Overseas Expeditionary Forces are as follows:

Captains A. E. G. McKenzie, C. I. Dunfield, D. D. McArthur, T. M. McAvity and F. H. Elliot; Lieutenants F. P. May, George Keefe, F. E. Lochard, P. D. McAvity, R. W. Morrison, G. A. Mowatt, C. E. Only Closed for Few Days. Charles McDonald, manager of the Portland Rolling Mills, said yesterday that the report that the mills have been closed indefinitely is not correct. Business will be resumed at the mills within a week or two, he says.

ST. JOHN MEN WILL INSPECT Col. Rutherford Arrived in Town Last Night - Will Inspect Troops and Facilities.

Colonel R. Rutherford, military commander of the maritime provinces, with two members of his staff, Col. J. Houston and Major Dean, arrived in the city last evening from Fredericton.

Col. Rutherford will today inspect the armory and the remount station in the exhibition grounds, as well as Partridge Island. The men of the 62nd permanent corps will also be inspected.

He expressed himself as pleased with conditions in Fredericton, and said he expected to have the use of the Fredericton exhibition grounds for the mobilization of part of New Brunswick's contribution to the second contingent. It is likely that one battery of field artillery will be mobilized in Fredericton.

Col. Rutherford and the members of his staff will probably return to Halifax this evening.

PLEASANT "AT HOME" CENTENARY FEATURE

Last Evening's Event in Connection With Anniversary Observance voted a Pronounced Success.

Yesterday evening, in connection with the anniversary services at Centenary church, the members and their friends were "at home." There was a large assemblage of those interested in the activities of the church, and a pleasant evening was spent by all.

The decorations were especially pleasing, particularly in the refreshment department, where flags and flowers were tastefully arranged. Mrs. W. G. Smith was in charge of this department. Mrs. W. H. Purdy, Mrs. Lockhart and Mrs. J. Ferguson poured, and the following young ladies acted as waitresses: Misses Pauline Jenkins, Annie Baisley, E. Teed, Day, Devine and Holder. During the evening musical selections were given by a mixed orchestra, consisting of the boys of the Sunday school and a few others, the leading under the direction of M. L. Harrison. The "at home" at Centenary was voted by all to have been a success in every way.

Hon. J. A. Murray laughs at idea of consultation between Governor, Attorney-General and Mr. Hazen over Dugal report.

Hon. James A. Murray, chief commissioner for agriculture, was in the city yesterday and left last evening for Fredericton. Shown an alleged despatch in the Times to the effect that the Dugal report was now in Ottawa and that the visit of the Lieutenant Governor to the capital and the departure of Acting Premier George J. Clarke, reportedly for the same place, had to do with that report, Mr. Murray laughed as he said, "Nothing like an active imagination is there?" Continuing, he said he was going to Montreal to see Mr. Clarke and they would proceed to Ottawa together. "We are going on a matter of business for the province and I can assure you that the Dugal report has nothing to do with it. If the Governor has gone to Ottawa I did not know it. The government meeting called for today was postponed for a week; in fact it was tentatively called, with the understanding that if the Attorney General was not in the province it would not be held. As far as the Dugal report is concerned, the Telegraph and Times seem to know more about it than we do."

NO FOUNDATION FOR TIMES' YARN

The reports submitted at the meeting of the St. John Conservative Club, last evening, showed the club to be in good shape and all the members showed an enthusiastic interest in the subjects discussed by the various speakers.

At the Congregational Church last evening the Ladies' Aid Society gave the first monthly tea of the season, and it was a very enjoyable affair.
