Orangemen of Victoria Co. Celebrated 12th

Large Gathering at "Irvine Park" Near Perth—Resolutions of Loyalty Passed.

Special to The Standard.
Perth, July 16.—The Orangemen of Victoria County celebrated the Twelfth of July at the Irvine Park, a beauty spot, indeed, on the banks of the St. John River, one and a half miles south of the twin village of Andover-Perth. This is the first time that this spot has been brought into prominence, and it is hoped that, notwithstanding the mile and a half distance, that it will be made the place of many gatherings. One speaks in expressing congratulations to Mr. Bruce Irvine for being the possessor of such a beautiful park in front of his farm; also tendering him cordial thanks for his kindness in opening up this ground to the eager host who gathered there on Tuesday.

A large number came up from Carleton County, and as the picnic was under the auspices of the County Lodge of Victoria, the visiting brethren brought their banners, and these were unfurled to the breeze at three p. m. with the flag of "Old Liberty and Freedom of the British Empire" leading in the parade. On the return of the parade to the grounds, James Howlett, Warden of the Victoria County Council, was called to the chair, and after thanking everybody and expressing his pleasure of being present on such a glorious occasion, called upon Manly H. Craig of Perth, Stephen Scott of Bairdville, Frank Baird (Past Grand Director of Ceremonies), of Bairdville, W. D. Pickett, M. L. A., John Kinney of Holmesville, George Wiggins of Four Falls, and Rev. C. O. Howlett of Andover, all of whom made able addresses.

Resolutions Passed.

- Resolved, that this body of Orangemen and Protestants assembled at Andover on the Twelfth day of July, A. D. 1921, do hereby express our unswerving loyalty to the present and throne of King George V, and we hereby declare unalterable opposition to any movement which may tend to the disintegration of the British Empire.
- Resolved, that we hereby declare our continued belief in the principles of the Orange Association, believing that they express true democracy, Christianity, and British loyalty, and tend to the uplift of humanity and extension of liberty.
- Resolved, that we hereby extend our entire sympathy with our brethren in Ireland in their fight against the ruthless forces of the Sinn Fein, and declare that the Orangemen of Victoria county are prepared to tender them any assistance possible in their magnificent struggle.
- Resolved, that this meeting declares that all separate schools in the Dominion of Canada should be abolished, and the principle of national schools throughout the length and breadth of the land tends to the unification of the youth of Canada, and that it is ultimately to a consolidation of the entire Dominion.
- Resolved, that this meeting is of the opinion that in as much as the French language is only entitled to status as an official language in the Province of Quebec, Federal Parliament and Supreme Court of Canada, that Bilingualism in British North America should cease to exist except as heretofore stated.
- Resolved, that we, as loyal subjects of His Majesty King George V, do hereby assert that the Self-Determination League for Ireland should find no place in this Dominion of Canada, and we call upon all British Loyalists from the Atlantic to the Pacific to protest strongly against the seditious and treasonable utterances of this league, fostered by the Pope of Rome and his satellites.

At the conclusion of the exercises, the green grass was immediately invaded by the ladies, and then for a time all animosities were forgotten. It was all turned into "Nothing but eat, eat, eat all the time, everything imaginable, and then everybody shook hands with everybody and all went home.

Three Gave Long Service To Railway

Retiring Workers Quit the Railway After 140 Years in the Company.

Moncton, N. B., July 16.—With an aggregate service of nearly 140 years in the government railway shops here, three well-known and popular veteran mechanics retired upon the provident fund yesterday. The retiring employees are Joseph Joyce, foreman of the boiler shop, James T. Starkey, foreman machinist, and Willson Union, boiler-maker. Mr. Joyce had been in the service 47 years and 11 months, Mr. Union 46 years and 10 months, and Mr. Starkey more than 40 years. At the close of work in the shops yesterday the fellow-employees of the sap-erannated men met and presented them with addresses of a congratulatory character, accompanied by suitable tokens of their esteem. Mr. Joyce was the recipient of a gold watch and chain and Messrs. Starkey and Union were each presented with club bags.

Back on Visit.

The visit here of Mr. Mark J. LeBlanc of Springfield, Mass., after an absence of more than thirty-two years, recalls some interesting history in connection with the French Acadian population in Moncton. Forty years ago when Mr. LeBlanc conducted a boarding house on Lower Robinson street, he was one of four houses built and owned by French Acadians in Moncton, and the other three Acadian population was not more than forty people at that time. Dr. E. T. Gaudet, later of St. Joseph's, and since deceased, was the only professional man in Moncton or vicinity. Today Moncton's population is approximately 20,000 and the French Acadians comprise about one-tenth of the population, while they are strongly represented in the professions, business, industrial and civic life of the city.

PRINCESS, GODMOTHER

Princess Mary was godmother at the christening of the infant son of Lieut. Col. Francis and the Hon. Mrs. Balfour at the church of St. Martin-in-the-Fields, London, recently. The Princess sent a silver cup engraved, "Her Godson Gustave Goschen Balfour from his Godmother Mary." Mrs. Dugdale acted as proxy for Her Royal Highness, and the other godparents were the Duke of Northumberland, Mr. Balfour and Hon. Cecil Goschen.

BEAVERS MEANS OF SAVING FISH, STOPPING FIRES

Maine Fire Warden Has a Good Word for These Animals.

Augusta, July 15.—A very interesting fact in relation to beavers has been brought out by the recent forest fires being disclosed in the weekly report of Special Warden D. L. Cummings of Houlton and from a section against which complaints have been made by the Department of Inland Fisheries and Game relative to alleged depredations of the beavers.

"On Wednesday, June 23, the fire I visited on the centre line of Township 7, range 4, is around a beaver pond of about three acres, giving them plenty of water," says Warden Cummings in his report. "The brook the beaver pond is on is dry above and below the pond," continues the report. "Lots of little trout died in these small brooks that are so nearly dried up and some quite so." "Gave Firefighters Chance." "The big fire on Township 7, range 3, on the northwest side of the railroad the first of June, was also checked by a string of beaver ponds a mile long on Township 7, range 4, in an alder swamp. It gave the fire fighters a chance to get it under control. It is on the same ground about which complaints have been made about the beavers and some wanted it opened to trapping. The beavers were doing no harm whatever. "The beavers on those wild lands should never be exterminated. If there is a certain section where they are doing little damage, clean that section out—but our water supply is growing less every year as the forests are cut away. There are many cases where the beaver yards save the trout as well, as our forests."

To hatch its eggs, the bird covers them with the quilt of its breast; it strains them to the furnace of its heart. The Lycaon turns hers in front of the hearth of hearths; she greets them the sun as an incubator.

French Tennis Star Teaches English Women Other Things Besides Racquets.

London, July 17.—English women are holding tennis racquets and even dogs and birds.

It began when Miss Suzanne Lenglen, French tennis champion, was troubled during a game by persistent refusal of her stockings to stay up. She invented a garter. Rolling her stockings down to the knee, with a "happenny" the size of a quarter—in the roll, she twisted the "happenny" about a few times and tucked it in over the roll, next to the kneecap.

Chance For Young Women.

Outille Zwick, who played the role of Mary in 1910, has married since that time. No married woman can play a role. Consequently all the young women of Oberammergau with ability and experience as actors are eagerly trying to qualify for the highly important part, Paula Rendi, daughter of Peter Rendi, the sculptor, who was Joseph of Arimathea in the play of 1910 and enacted the role of St. John 21 years ago, is one of the most promising candidates for the role of Mary.

Many of the actors in the Passion Play next year will doubtless be the same as those in the past when the play was last produced in 1910. Anton Lang, who enacted the role of Jesus Christ in 1900 and 1910, will probably be chosen for the part again, as he is still young enough to undertake the arduous task and looks the part so well that younger aspirants are not likely to displace him.
