SUCCESS EXPERIENCED AT SUSSEX.

The Fair was Largely Attended Last Week--A Glance at the Exhibits--The Races Tuesday Were Splendid Contests.

Sussex, N. B., Oct. 1--(Special)--The attendance at the exhibition was very large this evening, some 1,500 having passed this evening, some 4 o'clock, filling the large building pretty well to its capacity.

Some of the Exhibits. By appearance this will be the best of all the exhibitions held here. In front of the main entrance, the Sussex Mineral Spring Company have a magnificent booth for the soft drinks which they manufacture. It is tastefully decorated and illuminated. The first space of 40 feet on the south side of the main floor is occupied by the Sussex Fruit Company. They show a great variety of goods, among which is a line of buggies and carriages manufactured by the Canadian Carriage Company, of Bradford, Ont.

Next, on the same side, W. B. McKay & Company have 20 feet devoted to dry goods and many other lines that look good enough for any city trade. Carpets appear to be a specialty. The Oxford Woolen Mills and the Truro Knitting Company have the next position on the south side and the number of patterns of sweaters made out of the best wool grown in the maritime provinces shows that manufacturing still has a place in this country.

G. Flood & Son, of St. John, have their old stand, occupying the whole of the west end of the raised platform. Their line of pianos is too well known to require notice.

H. H. Dryden has a nice house painted with Sherwin Williams' paint and filled with bathroom appliances. The house is fitted by all visitors as is also his display of stoves and ranges manufactured by McLaughlin & Company, of London, and the Dexterys Range, of Sackville, N. B. The James Robertson Company, of St. John, have a large space on the north side in which their usual good assortment of sewing and millinery appliances of great interest.

A tastefully arranged fruit and confectionery booth under the management of R. G. Innes, is a great attraction to the younger visitors.

H. E. Gould shows his varied assortment of plants and flowers in a booth on the main floor in front of G. Flood & Sons.

C. W. Stockton is in charge of a good assortment of fruit which occupies some 40 feet. Doctor Leungweh has his fine collection of stuffed birds arranged in such a way that it is difficult to tell where nature ends and science begins. Next to this is the needlework department, in charge of present Miss Howe. It causes many of the ladies to keep their handiwork waiting as some articles shown are admirable.

The ladies of Trinity church have charge of the dining room, which is situated in the centre of the building and is presided over by a staff that have made a record in catering to the needs of the inner man. Visitors may depend on getting a good dinner there.

The W. H. Johnson Piano Company has a good stand on the north side of the main entrance. Mr. Prince has charge of the exhibit, John A. O'Dell, of Hillside, has a good lot of express wagons and carriages, all of his own manufacture. They compare very favorably with competitors and he makes a number of sales here every year.

SUSSEX GIRL'S EXPERIENCE.

Started for Far West to Find Her Brother--Their Strange Meeting. Miss Hanna, the Sussex, N. B., girl, who, as stated in Saturday's Witness, was found in Montreal by the lady agent of the Young Women's Christian Association, straddled on the way from Worcester, Mass., to Brandon, has found her brother, and both left Montreal for their home in Sussex Monday night. The story of their meeting is very interesting.

The young lady of the Y. W. C. A. noticed in the Witness a personal, stating that the Rev. Mr. Hubly had returned to Montreal from a visit to Sussex, N. B. It occurred to her to take Miss Hanna to see Mr. Hubly as possibly he might know something about her. This she did on Saturday evening and Mr. Hubly at once recognized her as a member of his father's congregation, in Sussex, his father being her father's pastor. Mr. Hubly invited Miss Hanna to attend his church on Sunday morning, which she did. Who should she meet there but her brother who was returning home from Brandon. The meeting, as may be imagined, was a mutual surprise.

Word had been received in reply to the C. P. R. despatch to Brandon for news of the brother that he had, on Thursday morning, engaged to marry some thrasher. When asked about it, the young man, who is a strapping lad of seventeen years, said he had done so but left for home the same evening. Knowing Mr. Hubly was in Montreal he decided to call and hear him preach while passing through the city. The young man arranged to pay the Y. W. C. A. for lodging after his sister and Mr. Hubly saw that both had their passage for home and they left on Monday evening for the east.

During her stay at the Y. W. C. A., Miss Hanna employed her time in writing an account of her life. So far as can be learned it is believed that her experience outside of Worcester, where she spent a few weeks, and Montreal, where she has been for five days, has been confined to the usual routine of town life in Sussex. The romantic portion of her book to date will make a rather brief chapter, albeit not uninteresting. Her brother had not been seriously ill as she feared he was--Montreal Witness.

Don't worry with a headache; use Kummford Headache Powders. In ten minutes you'll be well. Four powders in a packet. Price 10c.

Dublin, Oct. 1--At the meeting of the United Irish League in Dublin today, the Lord Mayor of Dublin presiding, a letter of apology for absence was read from William O'Brien, M. P., who expressed a hope that "if the King visited Ireland next year, the league will arouse a spirit which will counteract the influence of the king, and has come among a people discontented and disaffected to the core, only needing arms and the training of the hours to testify to their hatred of England's rule with an eloquence equal to that of the unconquered South African Republic."
