Sank—Cairns' Father Put Out  
Rescue, but the Boy Went Down  
When Only Twelve Feet Away—  
Bodies Not Recovered.

Hopewell Hill, Albert county, July 14.—

(Special)—A sad drowning accident occurred in Shepody Bay at Harvey this afternoon when John Cairns and Charles Fownes lost their lives. Cairns and Fownes, with Alvin Wilbur and Minard Lyman put out in a small boat from the wharf to come to Hopewell Hill on an errand. They got but a short distance from the shore when the mishap occurred. The boat had a split still and when Lyman climbed mast to arrange the split, the boat tumbled down up, throwing all four men into the water. Wilbur and Lyman succeeded in reaching the shore but Cairns and Fownes were not seen.

A sad accident had been witnessed from the shore by Alma Fownes, father of the young man who was lost. He immediately put out and had got within 12 feet of his son when the waters closed over the young men. Young Fownes belonged to Harvey Bank and was about 28 years of age. He had recently passed examination for entrance to the Normal School.

Cairns was the son of George Cairns, of Waterford, and was about 22 years of age. The bodies were not recovered until this evening. The sad fatality has cast a gloom over the community.

Probably Drowned Near Buctouche.  
Monrovia, July 14.—News reaches here of a drowning at Dixon's Point, near Buctouche, in last Tuesday night's squall. Maxwell's coat and vest were in the boat, but his body was not to be seen. Maxwell was about 40 years of age and brother-in-law of James Barnes, M. P. for Kent county.

STIRS COLONIAL CIRCLES.

Sir Wilfrid Laurier's Opinion—Hon. Mr. Fielding and Sir Wm. Mulock Guests at Blenheim Palace.

Montreal, July 14.—(Special)—A London cable to the Star says: "The resignation of Sir Michael Hicks-Beach created a stir today in colonial circles."

"Sir Wilfrid Laurier, when seen, admitted that it was well known that differences existed between Hon. Joseph Chamberlain and Sir Michael Hicks-Beach, but he found it difficult to believe that they would not work together under Hon. A. J. Balfour's premiership. Asked as to the effect of the resignation on the colonial conferences he replied: "It really could not possibly say."

"Hon. Mr. Fielding and Sir William Mulock were at a garden party given by the Duke and Duchess of Marlborough at Blenheim Palace today."

"Premier Ross, of Ontario, has gone to Norway."

METCALF MAY PLEAD GUILTY.

HE DENIED MARRYING A ST. JOHN GIRL.

Also Denies Wholesale Robberies from Express Companies and Railways—Taken to Sault Ste Marie, and It's Said Now He Will Admit His Guilt.  
Montreal, July 14.—(Special)—Gordon C. Metcalfe, formerly of St. John, who has been a much wanted man, charged with swindling railway companies, arrived in Montreal last night, in charge of detectives, who left tonight for Sault Ste. Marie, where he will be tried on a charge of stealing \$450. Metcalfe was arrested under one of his assumed names in Hartford (Conn.) three weeks ago. He denied absolutely that he was the man who had married a young girl in St. John (N. B.) and after raising her life had deserted her. He denied that he was the man who under literally dozens of names had robbed express and railway companies all over the continent of America. He was indignant at the suggestion that he was the citizen who lived in one town and going away for a "holiday" took a position as a telegrapher and swindled every one in sight in some little country town before returning to the spot where he kept up his respectability.

ROBBERS HOLD UP A TRAIN.

Salida, Colo., July 14.—A report has been received here to the effect that the Denver & Rio Grande narrow gauge passenger train which left here early last night, was held up and robbed by several men near Sargeant, west of Marshall Pass. The engineer was compelled at the point of a revolver to stop the train by masked men who had climbed over the tender. Two safes in the express car were blown open but the robbers failed to secure any plunder. The passengers were compelled to line up alongside the tracks and were relieved of all their money and valuables. Many threw away their money, watches and jewelry among the rocks before the robbers searched them.

Ottawa, July 14.—(Special)—The Dominion Rifle Association programme, by an unforeseen delay, has not yet appeared. There will be many changes in the programme in the chief features in the programme is the increase in long distance matches. As it has been proved that the feature of modern warfare is long distance shooting so, to make the association and its annual meeting keep pace with the times, it has been necessary to increase the long distance matches. The programme among the rifle matches is the Ross match with magazine rifles. The first match is at 200 yards with prizes amounting to \$400. SUBSIDY PLANS FAVORED BY THE PREMIERS

Two Schemes Being Worked Out at the Colonial Conference.

VIRTUALLY AGREED ON.

One for Fast Mail Service Between England and Australia Via Nova Scotia and C. P. R., With Sydney, Australia, as Terminus—The Other a Fast Freight.

London, July 13.—The revival of rumors concerning the Cunard line being acquired by the Morgan syndicate is the natural consequence of the prevailing view among the colonial premiers of steamship subsidies. They are unwilling to discuss any plan which includes subsidies for any line running between British and American ports, and are leaving the Cunard Company to work out its own salvation. There are, however, two subsidy schemes favored by the representatives of Australia, New Zealand and Canada. One provides for a fast mail service between England and Australia via Nova Scotia, the Canadian Pacific, Vancouver, Fiji and Brisbane, with Sydney as the terminal port; the other provides for a fast freight service between Montreal, Cape Town, Auckland and Sydney. There has been much informal talk among the colonial premiers over the practicability of arranging these services, with subsidies for each scheme from both the British government and the colonies interested. The conference, however, will not act definitely upon the subsidy question, since Mr. Chamberlain agrees to have the colonies themselves agree upon a general scheme before the cooperation of the British government is finally invited.

The commerce for entire country is paralyzed at any time since the commencement of the trouble. Both sides declare that absolutely nothing will be conceded. The freight handlers were sent with two teams from the Western Express Company to the St. Paul freight house tonight were unable to extricate the cars from the pocket into which they were forced by angry teamsters. LOOKS FOR GOOD TO COME

VISIT OF CANADIAN MANUFACTURERS TO WEST INDIES.

Canada's Agent at Trinidad Thinks It Was a Profitable One—He Deals With the Present Condition of the Sugar Industry—Ottawa Notes.  
Ottawa, July 14.—(Special)—The Canadian agent in Trinidad, Mr. Tripp, says good will surely follow the visit of the Canadian Manufacturers' Association delegates to the West Indies. He deals with the present condition of the sugar industry. On the past season's crop the result is a direct loss of £2 to £3 sterling a ton. This is due to the competition of the bounty fed industry in Europe. In view of the agreement reached at Brussels to abolish bounties, the Trinidad authorities are anxious to keep the cane sugar industry from going under altogether, but even if the bounties are withdrawn such large stocks will be on hand that the cane sugar producers will be at a loss for some time to come. The Trinidad government will pay 13s. 6d. per ton of sugar as a bonus to keep the industry afloat and will lend money at 5 per cent on first mortgages, but Mr. Tripp considers this measure of relief is not conceived in the broad spirit needed to cope with the case. If the sugar industry is wound up, the government has in its hands a very important problem in the disposal of 70,000 to 80,000 East Indians. This whole question is at a most critical stage for the West Indies. The Canadian mission school for the West Indies have, according to the last report, 3,500 boys and 1,502 girls. The dominion dairy commissioner has issued a circular to railway agents calling upon them in the interests of the shipment of perishable goods to attend to the care of refrigerators and the proper attention of goods shipped.

NEW PREMIER TAKES UP DUTIES OF HIS OFFICE.

Mr. Balfour Blushed Like a Girl at Greeting of Colleagues in Commons.

VERY MUCH EMBARRASSED

Sir Michael Hicks-Beach Resigns as Chancellor of the Exchequer—Other Changes in British Cabinet Likely—Speculation as to What They'll Be.  
London, July 14.—A. J. Balfour was today formally greeted as Great Britain's premier, and the new regime began its work. The momentous change was marked by only one really dramatic incident, the resignation of Sir Michael Hicks-Beach, the chancellor of the exchequer. It is safe to say that Sir Michael is only the first of several whose names have figured largely before the public in the last half century who now will disappear from the political arena. Nothing absolutely definite is yet settled but the Unionist party expects shortly to hear of the resignations of Earl Halsbury, Lord high chancellor, Lord James of Hereford, chancellor of the Duchy of Lancaster, and Earl Cadogan, Lord lieutenant of Ireland. For Sir Michael Hicks-Beach's place, Right Hon. R. W. Hensbury, now president of the board of agriculture, is the favorite. In the pending reconstruction which may not be completed for some time, Mr. Balfour will remain leader in the House of Commons and Sir R. B. Eglar succeeding his old master of the rolls; Sir E. H. Carson, now solicitor general, becoming attorney general and probably Charles Alfred Cripps, attorney general to the Prince of Wales, succeeding to the solicitor-generalship. On one point the members of the house of commons, who throughout the day animatedly discussed the new state of affairs, were practically unanimous and that was that Austen Chamberlain, financial secretary to the treasury, would be promoted to major secretary of the treasury to succeed Mr. Hensbury should the latter take the chancellorship of the exchequer.
