HAVE much pleasure in announcing to my patrons that I have this day associated with me in business Mr. James Patterson, a gentleman of large experience in the Fish Trade, having been one of our most efficient City Fish Inspectors, and for many years chief clerk with one of our heaviest dealers.

I feel grateful for the liberal patronage received in the past, and ask a continuation of the same for the new firm.

While THE WEEKLY Sun thus furnishes a much reading matter as other papers published at double or treble the price, it will contain new features which will add greatly to its interest and value as a family newspaper. Its independence of opinion, and its unqualified hostility to Tweedism and Grantism, and every form of public robbery, bribery, and corruption, will be maintained, while in point of political news its readers may rely upon always receiving the most accurate, as well as the freshest, intelligence that can possibly be obtained. The argement enables us also to devote additional space to valuable agricultural intelligence, and to print interesting stories and romances more extensively than hitherto. For miscellaneous reading, presenting the quaint and humorous aspects of life, and for useful information repecting not only what takes place in this metropolis and this country, but in all other parts of the world, we now have ample room. In its new form THE WEEKLY Sun is the cheapest paper of its class in the United States: and we appeal to such of our readers as approve its ideas and objects, and find it interesting and valuable, not only to renew their own subscriptions, but to recommend the paper to their

friends and neighbors.

This year is destined to be a memorable one in the history of the country. We are on the eve of a most significant Presidential election. and political movements will for many months be watched with unusual interest. As a journal, free from the trammels of party, THE WEEKLY Sun will continue to uphold the principles of true republican government. Its readers are

invited to sustain it in that work. The truth, irrespective of party prejudice or official influence, will always be told in its columns.
