A riot occurred in Glison County, to Tennessee, Saturday, which resulted in the arrest of 16 negroes, who, it was alleged, threatened to set fire to the town. During Monday night 155 masked white men compelled the Sheriff to open the jail, took the 16 negroes from prison, and after killing four and mortally wounding two on the confines of the town, rode of with the remaining 10, and are supposed to have killed them, as nothing has been heard of the party since they left.

It is well known that England has lately succeeded in sending an embassy to the capital of the independent State of Kashgar, which lies north of Thibet, and was formerly a province of China, and that the British envoy, Mr. Forsyth, has negotiated a favorable treaty of commerce with the sovereign or Ameer of that little known country. Now it is announced that China is about to attempt the conquest of this territory with announced that China is about to attempt the conquest of this territory with troops armed with European rifles; and that Russia accordingly "is preparing to concert measures of defence with the Ameer of Kashgar." This means that Russia does not like the English influence at the Ameer's court, and sees in the prospective war a fine opportunity to supplant it by an alliance which would lead ultimately to absolute sway.

Prof. Hayden's exploring party has been quietly penetrating the heart of the Rocky Mountains and preparing an accurate map of Colorado. Their march has been delightful, winding through profound and picturesque gorges, and visiting natural parks, before unexplored. The weather has been sunny and salubrious, and thousands of tourists are living a camp life in the mountains, while English peers and capitalists are buying up the rich mining and grazing lands of Colorado.

The reason of the offer was afterwards stated to be simply the fact that the vessel would deteriorate less when deep in the water than when lying unloaded at the dock.
