THE TONTINE INVESTMENT

THE TONTINE INVESTMENT Policy of the North American Mutual insurance Company combines in one form the greatest number of advantages attainable in a first insurance Policy. It appeals at once to the intelligence of all who understand the principles and practice of Life Insurance. All Policies whether on Life or Endowment **Retes, are subject to me higher charge in Premium Rates, in taking the "Tontine In-vestment "form.** The extra benefits of this are conditioned only upon continuance of the Policy for a certain spe-cified term or Tontine period of ten, fifteen or twenty years, selected by the insured himself. Two things most desired in Life Insurance are the **certainty** of **protection** in early death, and **profit** in long life. These are combined in the "Tontine Investment Policy" of the North American Mutual Life Insurance Coy, which also issues Annuities and all the ordinary appro-ved forms of Life Policies. ved forms of Life Policies.
