Mr. W. H. Adams,
Secretary, The General Reform Association,
36 Toronto Street,
Toronto, Canada.

Dear Mr. Adams:

I have received your letter of the 23rd instant with reference to the affairs of the General Reform Association for Ontario.

At the moment, I am busily engaged with industrial matters here in Colorado, and have not time to take up in a communication points which I should like to discuss with you concerning the position of the Office before writing of the matter of which your letter speaks. If opportunity presents, I shall call and see you on my way through Toronto on returning to Ottawa.

Yours sincerely,
