REPORT ON PARRY SOUND INDIAN AGENCY FOR THE MONTH APRIL, 1944.

X X X

The annual distribution of Robinson Huron Treaty Annuities occupied my attention for the major part of the month. Under present conditions Indians are so scattered that the matter of seeing that they all get paid within a reasonable time is no small job. I am desirous of locating all of them as quickly as possible and making the payments within a reasonable time so that the paylists may be completed and returned to Ottawa without any annoying comebacks later for arrears.
