

means a failure; the
beauty of her mind and
character and the manner
of her death will remain
with us all as a great
object-lesson, her family and
her friends can have no
regrets concerning Dr. Robert
except the fact that one that
she is gone, Robert has
just come on from a visit
to Grand Rapids. I thought you
left for Ottawa on Sunday night
or I might have had the
pleasure of seeing you again,
with many thanks again, and
kindest regards

I remain
Very sincerely yours
A. B. G. Smith

There always a distinct
pleasure to me, I was
as you know apprehensive
concerning Robert and
perplexed for some time
particularly regarding what
was best to do with
reference to the endowment
at the work. The sense
of duty and the strong
desire to do something worthy
then steadily opposed any
suggestion that she should
give up the work at
the bank. Together down
so either would have
postponed the inevitable for
more than a very brief
period I am still unable
to decide, however the
life was over by now
