President, D. C. M.

CLOSING ADDRESS BY THE PROSECUTOR

Mr. President and Members of the Court:

The accused, Mr Aubin, has given as his reasons for staying away without leave that he was in a condition to do the work in the Army that had been assigned to him, but he has admitted in evidence himself that the Medical Officers at the place where he was stationed did not say that he should not be doing that work. He also says that he was put in kitchens and doing other work which he did not like so decided to stay away. He has admitted that he knew he was doing wrong by staying away and admitted that he was apprehended and did not give himself up to the authorities.

Not file

That is all I have to say.
