

The Cheapest Power for Threshing

Do your threshing this year in record time, with less worry and expense. Secure ALL your grain in prime condition, and thus realize the highest market prices for it. Reliable, steady power is the keynote of quick, thorough, profitable threshing. It's the kind furnished by the "ever-ready"

HART-PARR OIL TRACTOR

No other threshing power plant gives such sure, steady power in the belt. This outfit will drive your separator with a steady hum, hour after hour, and enable it to deliver the biggest output of clean grain,—grain that grades high and sells high

Charles City, Ia.

Dear Sirs,—

When threshing began, we hired a steam engine to do our threshing, so that we might plow with our Hart-Parr Oil Tractor. The steamer did not prove satisfactory, so we ran the separator with our Hart-Parr Tractor and threshed about 15,000 bushels. Threshing was slow on account of bad weather.

After we finished threshing, the ground froze, and, of course, we did not get much plowing done. We set our tractor aside; meanwhile it snowed considerably and got very cold, so that some steam threshing outfits got disabled by the cold weather and others quit altogether, with still quite a lot of threshing to be done in the neighborhood. Some of our neighbors asked us to thresh their grain. They offered us 4 cents to 6 cents a bushel, they to furnish everything but power.

Although it was hard getting around in the snow and very cold mornings, of course we threshed. We got our Hart-Parr Tractor started any cold day. It was the only one that could pull a separator behind it in the snow.

It has got to be very cold when our Hart-Parr Tractor will not start with the first turn of the fly-wheel.

Very truly yours,
F. J. WEBER.

A Money Maker—A Money Saver
Eliminates Fire Dangers

A Hart-Parr Tractor saves you money with every turn of the fly-wheel. Operates on cheapest Kerosene. Eliminates the licensed engineer, burned-out flues, and melted crown sheets. Does away with water and fuel teams. Means less help to board, less drudgery for the women. Light in weight, safe on bridges. Easy to move. Goes through the average gateways.

The only Tractor that
Operates Perfectly in
Below-Zero Weather

Every Hart-Parr Tractor is oil-cooled. This feature positively insures it against a freeze-up, even in below-zero weather. The coldest day finds the Hart-Parr Tractor delivering full power every minute it works.
