HALLIDAY STREET, HAMILTON

572 LANGUAGES USED BY BIBLE PRINTERS

TREASURES OF BIBLE
HOUSE IN LONDON.

400th Anniversary of First
English New Testament by
William Tindale.

A man from Corea arrived recently
in London with his two sons. He could
not speak a word of English, but he
showed an address inside a little Bible
and was guided to the Bible House, in
Queen Victoria Street. Then he poured
out a heap of money on the table and
pointed to his two sons. When an
interpreter was found, writes a
London correspondent of "The Christian
Science Monitor," the man related
how he knew of nothing in England
but the place where he had his Bible to
buy. He had come there because he
wanted to be baptized as Christian.

The work of the Bible House shows the link
between the peoples and great peoples
all over the world. Because of this work,
the Bible, or parts of the Bible, are
printed in 572 languages to-day. By
reason of such efforts the Gospel has
been published in a fresh language
every six weeks for the last ten years.

To Honor Tindale's Work.
The work of the first translator to
put the New Testament into printed
English—William Tindale—is being
commemorated at the Bible House this
autumn in its 400th anniversary.
Copies of all the earliest editions of
Tindale's Testament have been gathered
together in an exhibition in the library.

A long line of translators both before
and after Tindale are commemorated
in this library of 10,000 bibles,
or part bibles, in different languages.

There is the Latin Bible, written by
hand, probably in the twelfth century,
said to have belonged to Luther's
friend, Melancthon, the German reformer;
there is Wycliffe's Manuscript
New Testament in English, of 1420,
beautifully illuminated; there is the
earliest New Testament printed in an
Indian language and the first in any
language printed in America, translated
by John Eliot, "the Apostle of the
Indians"; there is St. John's Gospel
in Tahitian, written in 1820 by
Pomare II, King of Tahiti. And there
is the greatest treasure of all—a page
of oldest manuscript of St. John, in
Coptic, the old language of Egypt,
which was found about two years ago
during excavations in Egypt. It was
written on papyrus—reeds of the Nile
—about 400 A.D., and was found in-
closed in a string bag in an earthen-
ware pot.

Signs of Persecution Shown.
Many of the bibles bear witness to
the persecutions which attended them.
A Bible in the Madagascan languages
shows signs of having been buried during
the great persecution; another was
rescued from the flames and hidden
underground by the Christians during
the Boxer movement. The earliest
bibles printed in Chinese had a
false label on the paper cover, put
there by the Chinese printer "in view
of the grave risks involved."

LESS WORK
BETTER RESULTS

The library has a chained Bible and
copies of the "Vinegar Bible," and
various others in which are misprints.
The Hebrew Roll of the Law, which is
supposed to be 400 years old, was
found in a cave near Damascus. It is
written on sixty sheepskins and con-
tains 204 volumes of writing.

The "Soldier's Bible," prepared by
Cromwell for his army, presents a
great contrast in size to the little
khaki volume issued to the British sol-
diers in the World War. Yet it con-
tains extracts only which "doe shew
the qualifications of his inner man,
that is a souldier to fight the Lord's
Battel's both before he fight in the
fight, and after the fight."

Book Written With Twigs.
In many curious ways have the
bibles been written. The Batta char-
acters are written with a twig and ink
made of soot upon bamboo staves and
the bark of trees. Photographs usually
are made of the pages of the bibles
written by hand, and plates for print-
ing are made from the photographs.

The printing is done as much as possible
in the countries where the bibles
are to be sold. But even so, 434 tons
of Scripture have been sent out from
the Bible House during the last year.
Bibles by weight is the measure in
the warehouse, for the boxes have to
be made up according to the loads the
native porters, mules or camels can
carry in the different countries. A
man's head load in Nyassaland is fifty-
six pounds, while in Nigeria it is sixty
pounds.

Bibles drift also into forbidden
areas. People coming down from Af-
ghanistan, where the Mahometans do
not like any Western influence at all,
are given the forbidden Bible and take
it home with them. People from Tibet,
also, where Christian missionaries are
not allowed by the Buddhists to settle,
come across to India and go into
China, where they find the Scriptures.
In China itself, during the last year,
when the country has been in contin-
ual chaos, 715,000 volumes of the
Scriptures—more than in any year be-
fore—have been circulated.

At present it is not possible to send
the Bible into Russia. The authorities
will not allow it across the frontier.
Yet there is evidence that the reli-
gious Russian peoples have not lost
their love for the Scriptures. There
are Siberian peasants who would wil-
lingly give a cow for a Bible. In the
words of William Tindale, the Bible
Society is asking: "Who is so blinde
to axe why light should be shewed to
them that walk in dercknes?"

NO BETTER MEDICINE FOR LITTLE ONES

Is What Thousands of Mothers
Say of Baby's Own Tablets.

A medicine for the baby, or growing
child—one that the mother can feel
assured is absolutely safe as well as
efficient—is found in Baby's Own Table-
ts. The Tablets are praised by
thousands of mothers throughout the
country. These mothers have found
by actual experience that there is no
other medicine for little ones to equal
them. Once a mother has used them
for her children she will use nothing
else. Concerning them Mrs. Charles
Hutt, Tanook Island, N.S., writes:
"I have ten children, the baby being
just six months old. I have used
Baby's Own Tablets for them for the
past 20 years and can truthfully say
that I know of no better medicine for
little ones. I always keep a box of
the Tablets in the house and would
advise all other mothers to do so."

Baby's Own Tablets are sold by all
medicine dealers or will be mailed up
on receipt of price, 25 cents per box,
by The Dr. Williams' Medicine Co.,
Brookville, Ont. A little booklet,
"Care of the Baby in Health and Sick-
ness," will be sent free to any mother
on request.

If your foot slip, you may recover
your balance, but if your tongue slip,
you can not recall your words.—

Surnames and Their Origin

RADCLIFF.
Variation—Radcliffe.
Racial Origin—English.
Source—A place name.

Family names which were in the
first place but the names of localities
in which the original bearers lived are
not so very difficult to trace, for the
names of places seem to change less
in their spelling than the names of
families, and besides, there is always
a wealth of historical data in connec-
tion with place names which is so of-
ten lacking in the case of family
names, and which makes it easy to
identify the ancient forms of place
names.

Thus, you need only a good atlas to
come to the conclusion that the family
name of Radcliff is the same as that
of Radcliffe, a place in Lancashire,
England. Of course, the original form
of the family name was preceded by
"de" (meaning "of") and indicating
that the person referred to had come
from or formerly lived in that place.
In the case of Radcliffe, the meaning
of the place name is not hard to ascer-
tain either, though it is not quite ap-
parent at first, owing to the change of
a single vowel. Spell it "Radcliff" and
you have it.

The Maude, Amundsen's vessel, which has put on at Alaskan, after an unsuccessful attempt to drift over the North Pole. She started out three years ago.

World's Biggest Cathedrals.

St. Peter's, Rome, is the largest
cathedral in the world. It covers an
area of 227,069 square feet. Its length
is 718 feet, and its dome rises to a
height of 448 feet, 85 feet higher than
the cross of St. Paul's, London.

The next in order of size is the
Spanish cathedral at Seville, which
covers an area a little more than half
that of St. Peter's. Its tower is 400
feet high.

When completed, St. John's Cathed-
ral in New York will take third place.
It is designed to cover 109,682 square
feet, and beats all the others in the
height of its tower, which is 500 feet.

The famous cathedral at Milan
covers an area of 107,000 square feet.
It is 500 feet long and its tower is
355 feet in height. Three English
cathedrals come next in size. By far
the largest cathedral in England when
it is completed will be the new one at
Liverpool, designed to cover 101,000
square feet. York Minster comes
next, but it covers an area of only 63,
800 square feet.

St. Paul's London, comes seventh on
the world's list of big churches, cover-
ing 59,700 square feet, being 460 feet
long, and its famous dome rising to a
height of 363 feet.

Went Very Deep.
"That scientist goes very deep into
things, he says."

"Yes, he's studying the bottom of
the ocean now."

The Common Law.

The tree that never had to fight
For sun and sky and air and light,
That stood but in the open plain,
And always got its share of rain,
Never became a forest king,
But lived and died a scrubby thing.
The man who never had to toil,
Who never had to win his share
Of sun and sky and light and air,
Never became a manly man,
But lived and died as he began.
Good timber does not grow in ease;
The stronger wind, the tougher trees.
The farther sky, the greater length,
The more the storm, the more the
strength.

By sun and cold, by rain and snows,
In tree or man good timber grows.
Where thickest stands the forest
grows.
We find the patriarchs of both,
And they hold converse with the stars
Whose broken branches show the
scars
Of many winds and much of strife—
This is the common law of life.

Over 1,000 British families will
emigrate to Canada next spring under
the Empire Settlement Scheme.

NATURE'S WARNINGS

Danger Signals That Everyone
Should Take Seriously.

Pain is one of Nature's warnings
that something is wrong with the
body. Indigestion, for instance, is
characterized by pains in the stomach,
and often about the heart; rheuma-
tism by sharp pains in the limbs and
joints; headaches are a sign that the
nerves or stomach are out of order.
In some ailments, such as anaemia,
pain is not so prominent. In this case
Nature's warning takes the form of
pallor, breathlessness after slight ex-
ertion, palpitation of the heart, and
loss of appetite. Whatever form these
warnings take, wise people will not
ignore the fact that many diseases
have their origin in poor blood, and
that when the blood is enriched the
trouble disappears. Dr. Williams' Pink
Pills are most helpful in such
cases because they purify and build up
the blood to its normal strength. In
this way it tones up the nerves, re-
stores the appetite and gives perfect
health. Miss Hazel Berndt, of Ar-
rington, Ont., has proved the great value
of this medicine and says:—"I am a
young girl and have been working in
a factory for the past four years. For
two years I had been in such poor
health that at times I could not work.
I was thin and pale, and troubled with
headaches and fainting spells. I doc-
tored nearly all this time, but it did
not help me. My mother advised me
to take Dr. Williams' Pink Pills, and
after using them for a while I could
notice an improvement in my condi-
tion. I used nine boxes and can truth-
fully say that my health is restored.
When I began taking the pills I
weighed 97 pounds and now I weigh
114. I feel that I owe my good health
to Dr. Williams' Pink Pills and hope
other ailing people will give them a
fair trial."

St. Paul's London, comes seventh on
the world's list of big churches, cover-
ing 59,700 square feet, being 460 feet
long, and its famous dome rising to a
height of 363 feet.

RED ROSE TEA "is good tea"

The same good tea for 30 years. Try it!

Somewhere a Woman.

Somewhere a woman, thrusting fear
away,
Faces the future bravely for your
sake,
Tells on from dawn till dark, from day
to day,
Fights back her tears, nor heeds the
bitter ache;
She loves you, trusts you, breathes in
prayer your name—
Soil not her faith in you by sin or
shame.

Somewhere a woman—mother, sweet-
heart, wife—
Waits betwixt hopes and fears for
your return;
Her kiss, her words will cheer you in
the strife
When death itself confronts you,
grim and stern.
But let her image all your reverence
claim,
When base temptations scorch you
with their flame.

Somewhere a woman watches, thrilled
with pride—
Shrined in her heart, you share a
place with none;
She toils, she waits, she prays, till
side by side
You stand together when the fight
is done.
Oh, keep for her dear sake a stainless
name,
Bring back to her a manhood free
from shame.

New Steel for Ships.
A new ship of 6,300 tons, the first
vessel built of the new material
known as elastic limit steel, has been
launched in England.

Pouring Up the Oil.
Over 1,500 barrels of crude oil a
minute is the production record of the
United States at the present time.

"Size, Please, Madam?"
Women's hats are now made in dif-
ferent sizes in the same way as male
headgear. This is due to the prevail-
ence of shingling.

Seaside Boarder (to newcomer)—
"I say, old man—I don't think I'd
touch the rice pudding if I were you
—there was a wedding in this street
yesterday."

Going Too Far.
"Mamma," sobbed Willie, "do my
ears belong to my neck or face?"
"Why, what's the matter?"
"Well, you told Mary to wash my
face, and she's washing my ears, too!"

Minard's Liniment for Distemper.
The New Testament translated into
Esperanto, was published thirteen
years ago; it is now stated that an
Esperanto edition of the Old Testa-
ment has been prepared and will be
issued shortly.

BOTHERED WITH
ECZEMA IN RASH

Face Was Disfigured.
Healed by Cuticura.

"Some time ago I was bother-
ed with eczema which broke out
my face in a rash. I took no notice
of it at first until the trouble began
to spread and the irritation caused
me to scratch. My face was disfig-
ured and the trouble lasted about
three months.
"I tried different remedies but
none seemed to do any good. I
heard about Cuticura Soap and
Ointment and purchased some, and
after using three cakes of Cuticura
Soap and one box of Cuticura Oint-
ment I was completely healed."

HER NERVES BETTER NOW

Received Much Benefit by
Taking Lydia E. Pinkham's
Vegetable Compound

Chatham, Ontario.—"I started to get
weak after my second child was born,
and kept on getting
worse until I could
not do my ownhouse-
work and was so bad
with my nerves that
I was afraid to stay
alone at any time. I
had a girl working
for me a whole year
before I was able to
do my washing again.
Through a friend I
learned of Lydia E.
Pinkham's Vegeta-
ble Compound and took four boxes of
it. I gave birth to a baby boy the 4th
day of September, 1922. I am still doing
my own work and washing. Of course,
I don't feel well every day because I
don't get my rest as the baby is so cross.
But when I get my rest I feel fine. I
am still taking the Vegetable Com-
pound and am going to keep on with it
until cured. My nerves are a lot better
since taking it. I can stay alone day or
night and not be the least frightened.
You can use this letter as a testimonial
and I will answer letters from women
asking about the Vegetable Compound."
—Mrs. CHARLES CARSON, 27 Forsythe
Street, Chatham, Ontario.
