

FIELDING FLOATS LARGEST COLORED LOAN ON RECORD

HALIFAX, N.S., Feb. 14.—The Allan Liner Tunisia with British mails and four hundred passengers, arrived this morning nearly nine days from Liverpool, the slowest passage of the mail steamer this season. She brought 1700 packages of mail and 1150 tons of cargo. Among the passengers was Hon. W. S. Fielding, Minister of Finance, who has been several months in Europe, during which time he conducted negotiations which will result in the passing of the French treaty and successfully floated the largest colonial loan on the British market. Mr. Fielding was engaged the whole time in public business, but is looking well and in excellent spirits of health. He declined to make any statement regarding his work on the other side, beyond stating that he hoped the French treaty and new loan would be eminently satisfactory. Mr. Fielding will leave for Ottawa on Tuesday. He was met here by his wife and daughters and the Deputy Minister of Finance.

GRIEF FOR WIFE GRIEVE OF DR. ESTEVEZ'S SUICIDE

PARIS, Feb. 14.—Confirmation has been obtained of the death of Dr. Luis De Estevez, one-time vice-president of Cuba, which occurred here a week ago and was self-inflicted. Dr. Estevez never recovered from the shock caused by the death of his wife, to whom he was passionately devoted. It was February 4, exactly a month after her funeral, that he killed himself in the house he occupied, Rue Beauséjour, by blowing his brains out with a revolver. Although he never hinted at any intention to put an end to his life, his relatives as a precautionary measure, removed the revolver which he was accustomed to keep within reach. About a week before the tragedy Dr. Estevez asked his son for some money, explaining that he did not wish to go to the bank. His son gave him \$200, just the price of a new revolver found on him after his death. Dr. Estevez's last act was to go to the room occupied by his son, who was about to start on an automobile drive, and kiss him affectionately. It was about four o'clock in the afternoon. Dr. Estevez himself had just returned home from a visit to a doctor whose treatment, an electrical one, he had consented to undergo for the general bracing up of his system. At the same time the resident physician whom his relatives had engaged to attend and endeavor to cheer the grief-stricken man, left the house and Dr. Estevez returned to his own room. A few minutes later the household was startled by the sound of several revolver shots, fired in quick succession. The body has been embalmed and, together with that of Senora Maria Abreu de Estevez will be taken by relatives to Havana in a few months for burial. An intimate friend of the doctor said that the grief of Dr. Estevez at the death of his wife was heartrending. Every day he repeated: "I am a broken man, I am a ruin. My life is wrecked."

CREW FIGHT FIERCE FIRE HOTEL BLAZE STARTS PANIC

BOSTON, Feb. 14.—Threatened by fire for four days and four nights at sea and tossed all but upside down by a violent hurricane while carrying a light cargo, the Norton line steamer Potomac made port here from South America today, her officers and ten men near exhaustion from their terrible experiences. A fire was discovered in the cargo of jerked beef and burlap coverings before the ship left Montevideo, but this was believed to have been extinguished. The ship had hardly put to sea, however, when fire again broke out in the cargo. The suffocating fumes of the smoking tar overcame the men and made the work of fire fighting doubly burdensome. For four days and four nights the men struggled against the fire and finally extinguished it. Havana was reached and all but 300 tons of the cargo was taken out. Lightly loaded, the Potomac was again unfortunate and ran into a one hundred-mile hurricane off Hatteras.

FIND GOLD ONLY TO BE MURDERED LOT TO BE DONE IN A FEW DAYS

EDMONTON, Alta., Feb. 13.—Chas. McLeod, northern prospector, has arrived here with the tragic story of how his brothers Frank and Will were shot to death, after finding a valuable gold mine near Nahanni River, B. C. Robert Wade, mining engineer, who accompanied them from Hampton, has disappeared. The brothers left records of a find of mine on trees but the words were obliterated by the murderer who felled the trees. The bodies were terribly mutilated.

ANIMOSITY IN ENGLAND TOWARDS GERMANY HAS ALL DISAPPEARED NOW

BERLIN, Feb. 13.—Chancellor Von Buelow is most hopeful of good results from the recent visit to Berlin of King Edward, and in this connection he fully expressed himself as follows: "The conversations between English and German statesmen held while the King was here have evoked sincere satisfaction on the German side and justify the firm expectation that by the visit of His Majesty the King the confidence in the loyalty of both England and Germany and the understanding of the political aims of both countries will be strengthened. "I hope that public opinion, both here and in England, will follow the example of honest and pacific aims and sincere reciprocal understanding given by the rulers and statesmen of both countries. "The discussion of the Balkan question revealed a far-reaching agreement both in regard to the endeavors of Great Britain and Germany for the preservation of peace and in the attitude of each government there is nothing on the horizon over which they can be apprehensive."

MARRIED FOR THREE MONTHS Actress and Broker Kept It Secret RECALLS FAILURE

Edna Wallace Hopper Was Figure in Sensational Case
NEW ORLEANS, Feb. 13.—That he and Edna Wallace Hopper were married nearly three months ago was the announcement made here today by O. Brown, who arrived in New Orleans from New York today. Miss Hopper is appearing at a local theatre. The wedding of Mr. Brown and Miss Hopper took place at the home of Justice James S. White, in Freehold, Monmouth County, N. J., on November 25, 1919. The marriage license was issued November 18, but the ceremony was delayed a week. The witnesses were Miss Leona Anderson, Mr. Louis Ginter Young and Mr. Dennis O'Brien, the latter an attorney for Miss Hopper. All parties were pledged to secrecy. Miss Hopper said today: "We did not announce the marriage at the time because Mr. Brown and myself were getting more notoriety than we wanted out of the unfortunate failure last August, and the suits which followed. We really made up our minds that we should keep the marriage a secret to fool the smart reporters and have a good joke on them. And we succeeded, too, for a certainty. Miss Hopper figured in the sensational failure in the firm of which Mr. Brown was the head. She was brought into the bankruptcy proceedings by the receivers of the Brown Company because of having a \$7,500 automobile and a \$25,000 insurance policy given her by Mr. Brown, previous to the failure."

YOUNG TURK PARTY NOW IN COMPLETE CONTROL

Work and Worry Weakens Women
New Health and Strength Can be Had Through the Use of Dr. Williams' Pink Pills
It is useless to tell a hard working woman to take life easily and not to worry. But it is the duty of every woman to save her strength as much as possible to take her share as lightly as may be and to build up her system to meet any unusual demands. It is her duty to herself and to her family for her future health depends upon it. To guard against a complete breakdown in health the blood must be kept rich and red and pure. No other medicine does this as well as Dr. Williams' Pink Pills for Pale People. This medicine actually makes new, red blood, strengthens the nerves, keeps disease away by the occasional use of Dr. Williams' Pink Pills, which have done more to lighten the cares of weak women than any other medicine. Mrs. James H. Ward, Lord's Cove, N. B., says: "About two years ago I suffered so much from nervous prostration that I was little better than a helpless wreck. I suffered from headaches and a constant feeling of dizziness. The least unusual movement would startle me and set my heart palpitating violently. I had little or no appetite and grew so weak that I was hardly able to drag myself about and could not do my housework. In every way I was in a deplorable condition. As the medicine I had been taking seemed to do me no good, my husband got a supply of Dr. Williams' Pink Pills for a couple of weeks when I seemed to feel somewhat better and he encouraged me to continue the treatment. From that on my strength gradually but surely returned, and in the course of a few more weeks I was once more a well woman, able to do my own housework, and feeling better than I had done for years. I have since remained well and I feel that I owe my good health to the healing power of Dr. Williams' Pink Pills." Every other weak, sickly worn out woman should follow the example of Mrs. Ward and give Dr. Williams' Pink Pills a fair trial. These Pills will send new blood coursing through the veins and bring brightness and energy to the weak and deplorable. Sold by all medicine dealers or by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

He Is Thankful He Heard of Them That's What Antoine Cottenoire Says of Dodd's Kidney Pills

THEY CURED HIS DIABETES AFTER THE DOCTORS HAD FAILED TO GIVE HIM RELIEF—WHAT DODD'S KIDNEY PILLS DO AND WHY.
ST. PIER DE GUYRE, Yamaska Co., Que., Feb. 12.—That there is one cure for deadly Diabetes, and that cure is Dodd's Kidney Pills is proved case more in the case of Mr. Antoine Cottenoire, a well known resident of this place. "I am thankful I ever heard of Dodd's Kidney Pills," Mr. Cottenoire states. "They cured me of Diabetes. I suffered with Backache. I always felt drowsy. I had severe headaches and my limbs would cramp. I had a dizzy feeling and felt tired in the region of the kidneys, with a dragging heavy sensation across the loins. "I was treated by the doctors, but got no benefit from them. Then I heard of cures made by Dodd's Kidney Pills, and made up my mind to try them. I took in all three dozen boxes of Dodd's Kidney Pills. Today I am free from Kidney trouble of all kinds. "Dodd's Kidney Pills also cured me of stomach trouble from which I suffered for twenty-five years." "Diabetes is one of the most deadly forms of kidney disease. But Dodd's Kidney Pills cure any form of Kidney Disease. They also by curing the Kidneys cure all those diseases that come from diseased Kidneys, such as Rheumatism, Lumbago and Heart Disease."

INDIAN TROUBLES IN CONGRESS, TOO

Member From Kentucky Criticizes Administration of Indian Department
WASHINGTON, Feb. 13.—A variety of subjects was discussed in the House of Representatives today. The Indian appropriation bill was under consideration, but many members availed themselves of the opportunity for general debate. "Mr. Lamar argued for an amendment of ratification law; Mr. Madden (Illinois) referred to increases in freight rates since the late law went into effect; Mr. Murphy (Wisconsin) delivered an eulogy on Lincoln; Mr. Washburn (Massachusetts) favored a modification of the Sherman anti-trust law in order that it might be less burdensome; Mr. Hayes (California) attacked the rule of the house; Mr. Landley (Kentucky) criticized the administration of the Indian department; Mr. Schurman (New York) explained the provisions of the Indian bill, while Mr. Foster pleaded for an adjustment of postal rates as affecting merchandise sent through the mails. "The Indian bill was pending when the house adjourned, until tomorrow, when it does not appear for a session of deceased members."

TORONTO BOARD OF TRADE DINES FORESTRY ASSO.

Earl Grey Among Speakers
SOUNDS WARNING
Permanent Prosperity of Nation Depends on Forest Conservation
TORONTO, Ont., Feb. 14.—A special convention of the Forestry Association which met here last week was the first of its kind in Canada. The sessions were opened by Earl Grey, who delivered a thoughtful speech on the necessity of preserving forests unless Canada is to become a desert. Hon. Sydney Fisher also contributed an illuminating speech, along similar lines. "What has Canada got in the way of timber? Throughout papers read at the convention doubt was cast upon the estimate made of the timber supply of the Dominion and the feeling was concretely expressed in a resolution asking the Dominion government to appoint a royal commission to inquire into the whole matter. At the same time the association expressed its appreciation of the Dominion government's intention to appoint a parliamentary committee to investigate forest conditions. They regarded the matter as being of such importance however, that a recommendation with regard to full inquiry by a royal commission was considered desirable. "Another important recommendation was that local governments not already having done so, should be requested to crown lands, be requested to withdraw definitely from the location all lands at present open for location as may be found on inspection to be unsuitable for farming purposes, and that no towns or settlements as yet unopened for settlement that contain less than fifty per cent of agricultural land be opened for settlement. In case of lands now under lease which are found to contain more than fifty per cent of land suitable for agriculture, that previous to opening of such townships or settlements, leasees be given reasonable time in which to take off merchantable timber."

DOWNFALL OF THE KIAMILI PASHA, THE AGED GRAND VIZIER

Sultan Charges Hilmi Pasha With Formation of New Cabinet
Committee Repudiates Any Intention of Overthrowing Sultan
CONSTANTINOPLE, Feb. 14.—The constitutional regime has passed through a severe crisis which has resulted in the downfall of the aged grand vizier, Kiamli Pasha, and the complete triumph of the Young Turk party or committee of union and progress, which has virtually imposed upon the sultan a ministry of its own own nominees headed by Hilmi Pasha. "The committee has publicly repudiated any intention of overthrowing the Sultan or installing a military dictatorship, but the crisis and its outcome are regarded as not boding well for the stability of the throne or the success of the parliamentary government."

ARRESTS CAUSE BIG SENSATIONS

Mayor and Others Committed
Depredations at the Poles
NEW ORLEANS, Feb. 13.—A sensation was created in the United States circuit court when a grand jury returned indictments against the mayor and other prominent citizens of Kennera Jefferson parish, charging them with "conspiring and agreeing to arm themselves with pistols, guns, scissars and other weapons to injure, oppress and threaten certain voters." The indicted men are Mayor Paul Felix, Dave Meyer, John C. Plazgerard, Moxie Wildenstein and Frank Hall. The indictments grew out of the cutting off of the whisks of E. A. O'Sullivan, a prominent attorney of New Orleans, at the Kennera polls at the last election. Mr. O'Sullivan went to the polls to give legal advice to several clients. As he approached the booth he was seized and his flowing whiskers which had a state-wide reputation for their luxuriance, were summarily clipped.

KIAMIL PASHA DOWN AND OUT

Chamber Asks for New President
REASON FOR ACTION
Refusal to Explain Shakeup in the Turkish Ministry
CONSTANTINOPLE, Feb. 13.—After an exciting sitting of six hours today the chamber of deputies passed a vote of confidence in the grand vizier, Kiamli Pasha, by 125 to 8. The chamber also directed the president to communicate to the sultan a resolution to appoint a primary Minister possessing the confidence of the House. "As a consequence of the chamber's action the grand vizier has handed in his seals as an officer of the sultan. The vote was the result of Kiamli Pasha's ministerial changes. In a communication to the chamber announcing his resignation, the grand vizier stated that his action was because of the persistent hostility shown by the chamber, despite his written explanations. He said, however, that the responsibilities for the consequences must rest with those who created the present situation."
