

GRAND JURY REPORT ON THE CONDITIONS OF NORFOLK COUNTY BUILDINGS COMPLIMENTARY

True Bills Brought in Against L. E. M'Donald on Counts of Bigamy and Perjury, and Man Later Found Guilty - Colors of 133rd Ready For Presentation.

Simcoe, June 15.—The grand jury in the June sessions which opened here on Tuesday, brought in true bills against Leslie James McDonald, alias John McDonnell, on two counts, both bigamy and perjury. The action against John Kemp of Windham for inducing a soldier to desert, was returned as "no bill." The grand jury's report on the county buildings and court house, the most complimentary given here for years, was received yesterday and the jury was dismissed.

SPLIT THE DIFFERENCE

The case of Armstrong Bros., of Kinglake against Petrie Co. of Hamilton, occupied the court till yesterday afternoon and the verdict was a split between the claims of the contending parties. Plaintiff claimed \$444.50 for lumber and the jury found for \$289.50. The dispute was over a shipment of lumber sent by the Armstrong's to the box factory people in Hamilton, who found fault with the quality.

BIGAMY CHARGE.

The case against McDonald for bigamy was then proceeded with and closed at noon to-day. The verdict was guilty and the evidence was conclusive. McDonald was married on Dec. 2nd, 1912 at London, to Olive Mary Tapsett, by Rev. A. A. Trumper, then Curate of All Saints' church,

A SMALL ROW

A plate glass front on Robinson St. is lacking the glass as a result of a fracas between a civilian and a soldier.

ALL SAVED BUT FIVE

Steamer Bear's Crew and Passengers Now All Accounted For.

Eureka, Cal., June 16.—All of the 210 passengers and crew of the Steamer Bear, wrecked on Sugar Loaf reef near here Wednesday night, have been accounted for according to a statement made to-day by the purser. He said that after a careful checking of the passenger list, he was convinced that the five persons drowned, and whose bodies have been recovered, were the only ones that perished.

Two hundred feet from shore the steamer lay pounding on the reef, but still intact. Members of the crew had line out to her and were endeavoring to take off baggage and valuables. After the boats left the ship the wind freshened, and a heavy swell set in, but after eight hours, eleven of the thirteen lifeboats made the lights. Two of the rescue boats put in an appearance, and to these the shipwrecked people were transferred and carried to Eureka.

The Bear's lifeboats were swept towards the shore and compelled to make a landing through the surf. While in the surf the boats collided and both capsized. They were eventually righted, but three persons from one boat and two from another were drowned. The others reached the beach near Capetown.

MINOR CASES.

There are two minor cases, re animals killed by railway trains. One of these is at present in progress.

TRIBUTE TO CANADIANS

Q.M. Captain Wake, of the 133rd, who has served in the British Army since his youth and has been through many campaigns, says that he has never seen a better regiment than the 133rd. He says the Canadian soldier differs from the British in initiative, that both obey orders equally promptly, but that the Canadian will not halt when a duty is performed, but proceed on his own initiative as if the order which he considers should follow, is tardy in reaching him.

PRESENTATION OF COLORS.

The colors for the 133rd Battalion will be ready for presentation on July 1st, but it is doubtful if the ceremony will be performed. The matter is not mentioned in an announcement for a review under present administration followed by a military ball at the armouries in the evening.

VERY BUSY

The shuttles at the Brook Woolen Company's plant have for months been flying for upwards of fifteen hours a day. The company have enjoyed an active demand for blankets and rugs which at present comprise the bulk of the output. The plant is under the supervision of Manager L. C. Gibson, an ex-mayor of the town, who was long a member of the works commission, and at its inception became a member of the utilities commission. Any halt in the work at present is due to difficulty in securing material. There is a general atmosphere of corporate interest in the concern on the part of the employees. This is evident to a casual observer, and it has been productive of a fine type of operators and a high standard of workmanship on the goods turned out.

TWO ENEMY CRUISERS GONE IN THE BALTIC

Russia Disposed of the Hermann and Koenig von Saksin.

Stockholm, June 15, via London, June 16.—In the naval engagement off Havringe last Tuesday Russian torpedo boat destroyers are believed to have sunk the German auxiliary Hermann and Koenig von Saksin, two armored trawlers and a number of merchantmen laden with timber and ore which the German warships were conveying. Only two of fourteen vessels under convoy, namely the Lavena and Ingrid Horn, have been accounted for. They took refuge in Swedish ports.

J. M. YOUNG & CO.

only a hundred yards distant from the Germans," said the captain of the steamer.
"Almost immediately afterwards a shell penetrated the magazine of the cruiser Hermann, and the next instant a torpedo struck her. There was an explosion and she foundered. A traveler saved her commander, but a majority of her crew were lost.
Half of them were killed during the engagement."
Saturday "Hosiery Day" at E. B. Crompton's.
The home of Mayor Renaud and Provincial Bank premises at Loretteville were completely destroyed by fire.
