## Statutory Meeting of Simcoe Council Adjourned Until Tomorrow

Simcoe, Dec. 15.—(From Our Own Correspondent)—As stated in our introduction to the list in Norfolk's Honour roll, in Saturday's issue our list, in the nature of the case is not complete.

Wm. Peachy should have been among the list of wounded.

Lefroy Whitlatch, killed, who enlisted at Saskatoon was a son of Mrs. Whitlatch of Norfolk street formerly of Delhi.

Pte. A. S. Knott, was yesterday reported as killed in action on Nov. 18th. He went over with the former 133rd. Knott was a farm laborer with Jno. S. DeGou of Townsend.

Oleo—Delightful.

A down town practical joker took home yesterday a pound of margarine wrapped in a butter wrapper, and tells us that the family was delighted with the excellent butter. It sells here at 35 to 37 cents a pound.

### Statutory Meeting of Council Adjourned

The statutory meeting of the town council was held Saturday evening and adjourned till to-morrow evening at 8 o'clock. There were present Mayor Williamson and Aldermen Cropp, Jacques, Loughy and Langford. A considerable list of applications for rebates in taxes, chiefly due to failure of purchasers of property to report to council, re local improvement assessment, were passed. Some five or six were referred to the charity committee.

Wm. Everett addressed the council, requesting assistance in the financing of the Christmas market, and the matter was referred to the market committee with power to act.

The I. O. O. F. was without request given a grant of about \$124 for the purpose of paying the taxes on the property used as headquarters on Lynwood avenue.

The tax collector reported prompt payment of the levy, and was granted an extension of time to complete the work.

The treasurer gave a brief report regarding the present condition of the town's bank account, which showed a balance somewhat similar to that of last year.

Council adjourned about ten o'clock, and will meet to wind up the year's business to-morrow evening.

Others Deserving of Honor

In the list of Simcoe's roll of honor, which appeared in Saturday's Courier, there was no attempt made to list the returned men.

Even the Great War Veterans have not apparently been able to get anything like a complete list. We have right here in Simcoe men, like Harry Howarth who spent his three years in France, and lost a soul, "Ben" Heagy, and we have returned men who never left England. We have men who returned from Camp Borden, and deserve mention therefor, but as we could not give the entire list or anything approximating to completeness, we substituted a list of the G. W. Y. A., who had seen action in France, and were all our returned heroes to register with the G. W. Y. We can easily get the proper list.

Rev. J. H. McBain, at St. James.

# PARIS COUNCIL'S LAST SESSION

## Annual Reports of Medical Health Officer and Chief of Police

### MAYOR RE-APPOINTED

### C. B. Robinson Accepts Second Term Offered Him by Acclamation

Paris, Dec. 17.—(From our own correspondent)—The closing meeting of the Council for 1917, was held on Saturday evening with Mayor Robinson presiding. Present, Reeve Pitts, Deputy Stewart, Alderman Blake, Daniel, McCammon, Walker and Wooler.

A communication was read from the Canadian Fire Underwriters Association, drawing the attention of the Council to the necessity of seeing that all fire-fighting appliances were in good shape, also that hydrants and mains were protected from freezing, and that buildings where chemical engines are kept were properly heated.

A communication was read from the Alabastine Co. stating that it had decided to purchase the property on Willow Street, destroyed by fire, and would appreciate the council's aid in this regard. The council decided to purchase the property, and also to grant a rebate of \$100 to the company.

The agenda of the 1918 session was left over, and the 1918 session would deal with, as a first item, would be required, governing all the property of the City of Brantford.

A communication was read from the Branch of the Soldiers' Aid Committee, asking for a sum of \$100 to meet expenses. It was pointed out that \$74 was due the Brantford Hospital for medical attendance on returned soldiers. The committee's report was adopted and accounts forwarded paid.

The report of the medical officer for the Board of Health was read and showed the town to be free of epidemics of any kind. A few months ago and also some children suffering from measles and chicken-pox, there was no serious matter to report, save of a disease which was found to be working well.

On motion of Ald. McCammon and Daniel, the report was adopted and ordered to be printed in the abstract statement.

Considerable discussion ensued in regard to the fuel situation in town, which was found to be rather serious. Ald. Walker, who had been to Ottawa and saw the Fuel Controller, stated that papers in that official office, showed that Paris had received 4,100 tons of coal during the year, which was considerably below the average amount.

At the request of the entire council, as expressed in a petition, read by Reeve Pitts, Mayor Robinson agreed to accept the majority for 1918, it being customary to receive a second year in office by acclamation.

## Directory First!

WHEN you call a telephone number from memory or when you guess at it you are apt to be wrong.

☞ The mind has a trick of transposing figures—instead of "1263" you are quite likely to say "1623."

☞ Also, telephone numbers, firm names, etc., are frequently changed.

☞ And when you thus ask for the wrong number, you waste your own time, the operator's, and the time of the person called through your error.

☞ Directory first is a good principle. In the end it saves time and temper to first consult the latest issue of the telephone book.
