A PRACTICABLE PROPOSAL.
Sir Fred. Bramwell suggests Italian as the Universal Language.

London, Sept. 22.—Two or three points of general interest developed at this week's sessions of the British Association for the Advancement of Science at Belfast.

Sir Frederick Bramwell, setting aside the manufacture of a universal language as impracticable, suggested that a living language should be taken as the basis of the international nations of the earth, the United States, Germany, France and England, should agree that no person in these States, over whom the Government has control, directly or indirectly, should, after the expiration of say twenty years, be eligible for appointment, from prime minister to policeman, unless in addition to his own language, he is able to read, write and converse in some other language.

That language, it is proposed, should be Italian. Its adoption would not create any international jealousies. It is closely based on Latin and is highly melodious.

TURN 1,200 CATTLE ADRIFF

Winnipeg Despatch Says Deukobors Are in a Bad Way.

Now Left Absolutely Without Means of Subsistence, With Winter in Sight—Government to Come to Their Aid—Will Sell Stock and Devote Proceeds to Keeping the Colony Alive—Sale Advertised.

Winnipeg, Sept. 22.—The truth of the reports to the effect that the Doukhobor colony in Swan River district had abandoned entire live stock in pursuance of their strong religious belief that it is a sin to possess or use any beast of burden to assist in their labors, has been substantiated.

Two weeks ago two Doukhobors in that district were admitted on that basis. The owners are now absolutely without means of subsistence, and the Dominion Government had decided to sell the cattle at auction, the proceeds to be devoted to helping the Doukhobors tide over the winter.

J. Obed Smith, Dominion immigration agent, Winnipeg, has advertised the sale of animals for Sept. 24.

STAMPEDE IN A CHURCH.
One Hundred and Ten Colored Baptists Killed in the Crush.

Birmingham, Ala., Sept. 20.—In an awful crush of humanity, caused by a stampede in the Shiloh Colored Baptist Church at the corner of Avenue G, and 18th Street last night 65 persons were killed and many more than that number seriously injured. The disaster occurred at 9 o'clock, just as Booker T. Washington had concluded his address to the National Convention of Colored Baptists and for three hours the scenes around the church were indescribable.

Dead bodies were strewn in every direction and the ambulance service of the city was utterly unable to care for them. Dozens of dead bodies were arranged in rows on the ground outside the house of worship, awaiting removal to the various undertaking establishments, while more than a score were laid out on the benches inside.

Shiloh Church is the largest house of worship for negroes in Birmingham, and there were at least 2,000 persons in the edifice when the stampede began. Instructions had been issued to allow no one else to enter after the building had been filled, but the negroes forced their way inside the church, and were standing in every aisle when a cry of "Fight, fight" was mistaken for the dreadful cry of "Fire" and a wild rush to get out was made. The entrance to the church was literally packed, and the negroes were trampled to death in their struggle to escape.

The Dead Are 110.

Birmingham, Ala., Sept. 22.—The negro population of Birmingham is in mourning, and gloom has been cast over the entire city as the people begin to realize the immensity of Friday night's disaster at Shiloh Baptist Church. Saturday the number of dead had reached 110, and 90 of these have been identified. Booker T. Washington has received the following telegram from President Roosevelt:

"I am shocked and horrified by the disaster at Birmingham, and desire to express my great grief at the sad loss of life."

SWAB MADE EVERYBODY IN A CAFE DRINK CHAMPAGNE WITH HIM.

Paris, Sept. 22.—Charles M. Schwab, while going to visit the Creuset Iron Works, the largest in Europe, stopped his automobile at Chagny. Being too late to proceed, he decided to spend the night in that small town. He entered a small local cafe chautant, where he paralyzed the singing girls and the waiters by his lavish tips. Afterward Schwab fondled the owner to accept money from anybody in the place but himself and forbade everybody in the audience to drink anything but champagne. Long after Schwab and his party had retired squads of jolly natives were serenading along every street. Before leaving the next day Schwab left \$500 at the local hospital as an atonement for his mischievous lark of the previous night.

Whipped Around a Shaft.
Rat Portage, Sept. 20.—James Dean, employed in the mill of the Rat Portage Lumber Company, had a narrow escape from death a few days ago. His clothing caught in the belting of the machinery, and he was whirled round the shaft. Every particle of clothing was torn from his body, and he was found lying on the floor in a precarious condition. Three of his ribs were broken, the muscles of his right arm and shoulder much lacerated, and one of his lungs affected.

Collided in St. Lawrence.
Quebec, Sept. 22.—The Norwegian steamer Tiger, bound for Montreal with a general cargo, collided about 9 o'clock Saturday night with the steamer Hilda, which was anchored in the stream opposite the city. The night was very dark, but the steamer Hilda had her lights in position and in good shape. The Tiger was considerably damaged, and brought back to the cross-wall in the Louise Basin to be examined. The steamer Hilda was not damaged.

Charlotteville, P.E.I., Sept. 20.
A prominent Prince Edward Island man, who arrived in the city yesterday informed your correspondent that the parties proposing to establish cold storage plants, etc., on the Island were acting for no less a concern than the gigantic packing and best trust organized in the United States last week. Messrs. Swift and Armour of Chicago, through their agents, are now negotiating for the purchase of every available meat and packing concern on the island of any size.

North Sydney, O. B., Sept. 19.—Lieut. Peary arrived from the frozen north on board the Windward at 8.15 yesterday morning. Dr. DeDevicks was also aboard. Peary did not discover the pole, but on the last dash made important discoveries. He says: "My last dash for the pole was most successful. I was further north than 83.27, my previous record. Mrs. Peary is recovering from a fortnight's illness."

Woodstock, Sept. 22.—Mr. and Mrs. Frederick Beamer of Blenheim Township, who were arrested near Drumbo on Friday, charged with having set fire to a barn on the farm occupied by Beamer's mother, and owned by himself, will be given a preliminary hearing before the police magistrate to-morrow.
