will prove to any woman that there is no better shoe for feminine wear than the King quality at \$3. She doesn't need to be a judge to see that. Did you ever know that uncomfortable shoes affect a woman's temper? It's true, nevertheless, and so we can honestly say that a sweet disposition goes along with the style and the ease and the beauty of King Quality.

## DOVER CENTRE.

The racing craze has reached this part of the county, and contests are being held weekly and the greatest interest is being taken in the results. T. A. Rankin with his E. & D. is on the top of the heap, but he has half a dozen fast riders after his scalp and some exciting races may be looked for in a few weeks.

Ernest Montgomery brought out his new 98 gear E. & D. on Friday night, and it is a beauty. Albert Mills has purchased one with the same gear and a 24-inch frame. He made the race interesting for Mr. Rankin who has recently won two races, and it is altogether likely that the winner of the last races will have to strike a faster clip in some future races if he expects to remain on top.

Harry Carr has bought an 84 gear E. & D. and G. McMath, who has an idea that he can keep up with the best of them got his 98 gear E. & D. on Saturday.

It is expected a contest for two or three prizes will take place this fall amongst riders of E. & D. wheels as there are now about twenty of these wheels run in this vicinity.
