THE
"SLATER"
SHOE

THE BEST SHOE FOR MEN

Hundreds of Men are wearing Shoes sold them as Slaters, or "just as good," which are not. We regret this, as it is not good advertising for men to feel and to say that Slaters is giving them pain and discomfort.

The men of this country know what they want, however, and fortunately being protected against misrepresentation by Slater's name and Slater's price, you can easily identify the real from the imitation, and should insist upon having your shoes with the Slater Label.

The manufacturers make Shoes of Different Designs, to fit the varying types of feet, and your feet can be fitted correctly and scientifically, provided you trade where all the styles (over fifty for all occasions and seasons) are carried. We go so far as to say—Provided you allow us to prescribe a Shoe after studying your foot, we will guarantee Comfort as well as the Correct Style.

You will find our stock complete, from the Dancing Shoe, to the heavy Waterproof Walking Boot; and after having secured a perfect-fitting Slater you ever afterwards have on call in every city of this country, your private last, and not only your private last, but a Shoe made upon it ready for your use, and on sale at one of the best mercantile establishments in each city.

All your foot troubles are at an end, and you have merely to say—"Just a duplicate of what I have on."

MORE STRAINED

Are Relations Between United States and Turkey.

Constantinople, Nov. 28.—The relations between the United States government and the Porte are becoming acute. Mr. Grissom, the American charge d'affaires, went to the Yildiz palace Sunday and had an interview with Tewfik Pasha, minister of foreign affairs, and Tahir Bey, first secretary of the palace. The interview, however, was barren of result.

London, Nov. 28.—The Vienna correspondent of the Daily Chronicle says he hears that President Kruger has petitioned the powers for arbitration under the Hague convention; that two powers acceded to his request, but that all the others rejected the petition.

London, Nov. 28.—The Right Hon. Robert William Hannbury, President of the Board of Agriculture, addressing his constituents in Preston last evening, and referring to Mr. Kruger's complaint of "British barbarism," said:—"This is no time for paltering with the dying embers of the Boer rebellion, for rebellion it now is, and it must be stamped out vigorously."

A BOER REFUGEE

Talks About the British Generals—Boers Rare Kitcheners.

New York, Nov. 27.—"Commissary-General" Samuel Pearson, a Transvaal refugee who arrived here yesterday, said during an interview, that Gen. Buller and by all odds the best of the British generals in South Africa. He added:—"If Roberts were taken out of command in South Africa the English army would mutiny tomorrow. They love him, but they hate Africa. The man most hated in South Africa, by the Boers, is Kitcheners. There is not a man in our army who would not shoot him on sight. He is the man who butchered the negroes in the Sudan, and he would not give Bothe half an hour at Colenso to take our women and children away from the lines." "General" Pearson denied the characterization of their operations as guerilla warfare, saying:—"We have always about 1,500 or 2,000 men and a train of baggage wagons. The end of it all is they can never catch us." He considered Louis Botha the greatest man in the Boer army.

The Chatham Boys Who Stayed to See the War Out.

London, November 28.—Close upon three hundred officers and men of the Royal Canadian Regiment of Infantry, including the commanding officer, Colonel Otter, will arrive at Southampton to-day on the Hawarden Castle, from Cape Town. Along with the men from Canada, who have distinguished themselves with such marked credit, on the same vessel, are the celebrated and ever-popular Household Guards, and the two fine bodies of soldiers, who have given their blood and their service to the Queen and the Empire in South Africa, will meet with a great reception when they embark at Southampton. A deputation of influential London citizens, headed by Lord Gray, one of the best friends possessed by the colonies, has been busy arranging to entertain the Canadians, and the program that is to be carried out is varied, and provides for plenty of entertainment for the home-coming soldiers.

OUT UP BY PIECES.

How the Chinese Treated Their European Prisoners.

London, Nov. 28.—Several Berlin papers have printed letters from German soldiers in China describing cruelties practiced by the Chinese upon white prisoners. It appears that the limbs of the German Lieut. Friedrichs, and of two Italians were severed one by one, until the tortured victims were dead. "Thus," said one of the letters, "every white prisoner is treated by the Chinese." "Meanwhile," says a Berlin despatch, "official confirmation has arrived here of the report that Count Von Walder-

see has taken special steps to prevent any more letters of this nature being printed here."

Palace Guards Have Started For Nian Fu.

Shanghai, Nov. 28.—It is reported from Nankin that all the viceroys and governors have been ordered to prepare to defend the coast and rivers whose security is important. The governor of the province of Che Kiang, yielding a consular pressure, has appointed a deputy to negotiate with the British and American consuls as to terms of satisfaction for the Chu Chau Nu massacre.

It is rumored that, with the view of getting him away from Nian Fu, Gen. Tung Fu Haiang has received orders to traverse the province of Shan Sian Kian Su and parts of Mongolia, to raise troops, but that he is not likely to obey.

FAMOUS ROBBERY

Of the Dominion Bank at Napanee Recalled

By the Arrest of Two Men at Detroit Who Were Passing the Stolen Bills.

Detroit, Nov. 28.—The Dominion bank bills found on James Simpson, alias James Seaman, and Louis Mathews, who were arrested by Detectives Nies and Gill Monday night, and who were at first thought to be loaded with counterfeit money, are not counterfeit, but are reported by the provincial police to be part of the \$10,000 lot of unsigned notes stolen from the branch bank at Napanee, about three years ago.

The prisoners having waived extradition proceedings, were turned over to Provincial Officers Campeau and Mahony yesterday, and after appearing before Judge Barlet at Windsor were locked up at the Sandwich jail. At the same time the Windsor authorities notified the bank officers at Napanee of the arrest and the recovery of the bills. The charge under which the prisoners are held at the Sandwich jail is uttering and publishing forged paper. The trial will be held Dec. 4. J. B. Rodd is their attorney.

The two men arrived at Windsor Monday morning, and the provincial police say that Mathews registered at the British-American hotel under the name of E. Daley, his friend going to the same room and both men staying in there most of the day. Almost all the hotels and a large number of Windsor merchants were among the victims of the two men.

Detective Campeau is sure the criminals, but is puzzled to know who tipped off the place where the bills were hidden. Whether the information came from within Kingston jail, or from some outside accomplice, he declares is a mystery to him.

The burglary of the Napanee bank in August, 1897, was one of the most sensational burglaries in the history of Canada. W. H. Ponton, teller of the bank, was suspected of being implicated. Ponton started a damage suit for \$10,000 against the bank, but before it came to trial three notorious burglars were arrested and implicated Ponton, stating that he had furnished them the key, but Ponton was acquitted on the third trial, after two trials had resulted in a disagreement of the jury. Ponton is now in South Africa with the Canadian artillery contingent.

NITRO-GLYCERINE EXPLODED.

Three Boys Killed and Fourteen Injured.

Wheeling, W. Va., Nov. 28.—At Leesville, W. Va., twenty miles above Wheeling, on the Ohio river, a crowd of twenty boys had built a fire on the river bank from driftwood and were watching the rising waters. In a lot of driftwood one of the boys threw with nitro-glycerine. Immediately there was a terrific explosion, and three boys were killed and fourteen wounded, of whom three may die.
