**NERVOUS DEBILITY**

OUR NEW METHOD TREATMENT will cure you, and make a man of you. Under its influence the brain becomes active, the blood purified so that all pimples, blotches and ulcers heal up; the nerves become strong as steel, so that nervousness, hesitancy and dependency disappear; the eyes become bright, the face full and clear, energy returns to the body, and the moral, physical and sexual systems are invigorated; all drains cease—no more vital waste from the system. The various organs become natural and manly. You feel yourself a man and know marriage cannot be a failure. We invite all the afflicted to consult us confidentially and free of charge. Don't let quick and false rob you of your hard-earned dollars. WE WILL CURE YOU OR NO PAY.

**THREATENED WITH PARALYSIS.**

Peter E. Sumner, of Kalamazoo, Mich., relates his experience: "I was troubled with Nervous Debility for many years. I lay it to indigestion and excesses in early youth. I became very despondent and didn't care whether I worked or not. I imagined everybody who looked at me, sneered my secret. Imaginative dreams at night weakened me—my back ached, and aches in the back of my head, hands and feet were cold, tired in the morning, poor appetite, fingers were shaky, eyes blurred, hair loose, memory poor, etc. Numbers in the fingers set in and the doctor told me he feared paralysis. I took all kinds of medicines and tried many first-class physicians, wore an electric belt for three months, went to St. Clement's before treatment, but received little benefit. While AFTER TREATMENT at Mr. Kennedy's I was induced to consult Dr. Kennedy & Kergan, though I had lost all faith in doctors. Like a drowning man I commenced the New Method Treatment and it saved my life. The improvement was like magic—I could feel the vigor going through my nerves. I was cured mentally, physically and sexually. I have sent them many patients and will continue to do so."

**CONVENTION RESOLUTION**

The Work of the Day is Set Forth in the Various Motions Submitted and Passed

What the Liberals did at Their Meeting in Toronto—Their Temperance Platform

Lieut.-Col. Munro and Major White of Woodstock, moved—this resolution, without comment, and it was carried unanimously: "That in the development of New Ontario it is of primary importance that active measures should be adopted for the settlement of its agricultural lands by judicious selection of the best class of immigrants from the old world, and by directing from the older counties of the Province those who might otherwise settle in other Provinces or in the United States; and as all movements of population either within the Province or from abroad to the Province, unless carefully controlled, may injuriously affect the laboring classes and disturb the balance between the supply and demand for labor, skilled or unskilled, this convention would recommend the appointment of a Minister to be known as a Minister of Colonization and Labor, to whose department should be attached the immigration and colonization branches of the Government, and also the Bureau of Labor, factory inspection, and any other branches of a kindred character that may hereafter be established."

**Public Ownership Resolution.**

Moved by J. McD. Mowat, Kingston, seconded by George A. Aylesworth, Lenoix:

"That it has been the policy of the Legislative Assembly under the direction of the Liberal party to give the greatest liberty consistent with safety to municipalities in regard to all matters of a local or municipal character.

"That for over half a century the municipalities of Ontario have had the right of ownership in toll roads and bridges constructed for the use of the municipalities, and during recent years, under Liberal legislation, a similar right has been conferred with regard to such public utilities as water, heat, gas, electric light and power, telephone, street railways, public parks, libraries, etc.

"That where these utilities were in the hands of private companies or corporations power was given to municipalities to take them over and operate them for the municipalities and the ratepayers.

"That in 1902 provision was made whereby any municipality, either by itself or in union with other municipalities, could lease or own franchise of waterworks for generating and transmitting electricity, and a committee of several municipalities is now considering how this power may best be exercised in connection with the generation of electricity in Western Ontario in connection with Niagara Falls.

"That the Government obtained authority from the Legislative Assembly to construct at the expense of the public treasury the Temiskaming & Northern Ontario Railway for the purpose of opening up the northern districts of the Province, this railway is now owned by the Province.

"That this convention, while approving of the legislation so adopted, desires to express the opinion that any difficulty which experience has shown to stand in the way of ownership by municipalities of any franchise which a majority of the qualified ratepayers in that behalf declare to be in the public interest should be removed (due regard being had to the private interests involved), and that all franchises for any public service of any kind whatsoever hereafter granted by a municipality shall be limited to a period not exceeding 30 years, with the right of purchase at any time within that period on such equitable terms as a properly constituted Board of Arbitrators might determine.

**Charters for Big Cities.**

Frequent demands have been made in the past by the City of Toronto for a special charter, and the Government having intimated during the past two sessions its willingness to grant a special charter to the City of Toronto, this convention approves of this action and of a similar course in the case of any city where geographical conditions or other circumstances would warrant the same."

The resolution was carried.

**Liberal Temperance Platform.**

The following is the temperance resolution adopted by the Liberal convention:

"That this convention desires to place on record its unqualified conviction that intemperance is an evil with which there should be no compromise; that the temperance sentiment of the community, as evidenced by votes taken from time to time, has shown that the people are prepared for advanced legislation. And without reciting numerous amendments to the License Act, on which there should be no difference of opinion, this convention declares that any legislation which affords a well-grounded hope of being effective in curbing and restraining the treating habit, in reducing the consumption of intoxicating liquors, in closing drinking resorts, and in preventing the sale of liquors on Sundays and during prohibited hours, and the most vigorous enforcement of the license law in every particular would meet with its approval, as in the interests of public morals, the domestic comfort and the material wealth of the people of Ontario.

"That this convention further believes that the power given to municipalities to close bars and shops un-

**CONSUMPTION CAN BE CURED IN THE FIRST STAGES.**

A Beautiful Girl Saved From Dread Consumption—Other Wonderful Cures.

Miss Amelia Weymer.

Hundreds of Women Cured of the First Stages of Consump on by Per-na.

The Following Letter From a Thankful Woman Tells Its Own Story.

Mrs. Mary E. Hoblit, 2501 Clinton avenue, Minneapolis, Minn., writes: "My son suffered for three months with catarrh of the bronchial tubes which threatened to become very serious. The doctors advised that he seek a more favorable climate, but as he had heard of Per-na as a specific for lung trouble he decided to give it a trial before he left his family for an expensive journey among strangers. For six months he used it faithfully and found that the trouble gradually disappeared and blessed health took its place. In two months he was perfectly well and able to perform his duties. You have indeed a grateful mother's thanks."—Mrs. Mary Hoblit.

Miss Amelia Weymer, Appleton, Wis., writes: "Early last summer I contracted a cold which seemed to hang on to me and could not be shaken off. From the head it went to the throat, and then affected my lungs. My mother felt very anxious and as we had used Per-na in the family before, she advised me to try it. I was somewhat very opposed but was persuaded to try Per-na. Using it one day convinced me that it was no ordinary medicine, within a week I was much better and in two weeks I was well, and I felt much stronger and in much better health generally. I was perfectly satisfied with the results from the use of Per-na."—Miss Amelia Weymer.

**CATARRH CAUSES CONSUMPTION**

Per-na Never Fails to Cure Catarrh Wherever Located.

THE medical profession has so thoroughly prejudiced the minds of the people against patent medicines that it is with great reluctance that anyone can be persuaded to try such a remedy at first.

In nearly every one of the thousands of remarkable cures that Per-na has made the patients had to be persuaded by friends very strongly before they could lay aside their prejudice against it. A large multitude, of course, hold out against the persuasions of friends and die simply because they have allowed their minds to be poisoned against this very excellent remedy.

But fortunately there is another large multitude of people who are able to shake off their prejudice and try Per-na before it is too late. These people are rarely disappointed. They generally try other remedies at the beginning of their troubles. They allow a cold to develop into catarrh of the head. They allow catarrh of the head to gradually become catarrh of the throat. They still keep using the doctor's medicine, or some other ineffectual remedy. The catarrh stealthily spreads down the bronchial tubes and reaches the lungs. Everybody then becomes alarmed. Faith in the doctor begins to disappear. The patient reaches a state of mind in which he is willing to try almost anything. A bottle of Per-na is sent for.

The first week it produces a decided change for the better. A few weeks' continued treatment cures the patient. Then another happy man or woman is added to the long list of people who are praising Per-na.

If you do not derive prompt and satisfactory results from the use of Per-na, write at once to Dr. Hartman, giving a full statement of your case, and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, O.

der what is known as local option, if generally exercised, would greatly tend to remove the evils of intemperance, and this convention would approve of legislation whereby the vote of a municipality must be taken under local option on the petition of 25 per cent. of the ratepayers with reference to the municipal council, and, further, that in case of submission under the local option system there be provision made for offering the alternative of Government control for the acceptance by the people of restrictions such as further shortening of hours, reduction of licenses, or Government control of business now carried on under shop licenses or otherwise.

That no new licenses should be issued in unorganized New Ontario for all time to come. The Government should take charge of the necessary sales for medicinal purposes, etc. In granting land for hotel sites it should be stipulated that no liquor is to be sold in them.

**\$500 REWARD FOR WOMEN WHO CANNOT BE CURED.**

So uniformly successful has Dr. Pierce's Favorite Prescription proven in all forms of Female Weakness, Prolapsus, or Ring of Womb, and Leucorrhoea, that after over a third of a century's experience in curing the worst cases of these distressing and debilitating ailments, Dr. Pierce now feels fully warranted in offering to pay \$500 in cash for any case of these diseases which he cannot cure.

IT STANDS ALONE.—The "Favorite Prescription" stands alone, as the one and only remedy for these distressing common forms of weakness, possessed of such positively specific curative properties as to warrant its makers in proposing, and binding themselves to forfeit, as we, the undersigned proprietors of that wonderful remedy hereby do, to pay the sum of \$500 in legal money of the United States in any case of the above diseases in which after a fair and reasonable trial of our treatment, we fail to cure. No other medicine for the cure of woman's peculiar ailments is backed by such a remarkable guarantee; no other medicine for woman's ills is possessed of the unparalleled curative properties that would warrant its manufacturers in making such an offer; no other remedy has such a record of cures on which to base such a remarkable offer.

Therefore, *insist* on having Dr. Pierce's Favorite Prescription and turn your back upon any unscrupulous dealer who would insult your intelligence by attempting to sell you an inferior substitute under the plea that "it is just as good." Insist on having the article which has a record of a third of a century of cures and which is backed by those willing to forfeit \$500 if they cannot cure you.

In cases attended by a leucorrhoeal drain, or Spontaneous or artificial discharges, or in cases of Dr. Pierce's Loton Tablets should be used conjointly with the use of the "Favorite Prescription." They are sold by all druggists, or sent post-paid to any address, on receipt of 25 cents in stamps. Send 30 cents in stamps for Dr. Pierce's Common Sense Medical Adviser. Address: WORLD'S DISPENSARY, Buffalo, N. Y.

Weak and sick women are invited to consult Dr. Pierce, by letter, free. All correspondence is held as strictly private. Address: Dr. R. V. Pierce, Buffalo, N. Y. Dr. Pierce's Pellets cure biliousness.
