A NOTED LITERARY AND TEMPERANCE MAN On MALTO PEPTONIZED PORTER.

"This is to certify that I have had occasion to use your preparation—Malto Peptonized Porter—and have no hesitation o say that its use has done me much good, and am prepared to recommend it to those whose digestion is weak, or where a mild tonic or nutritive is required. My temperance principles are well-known, and although there will doubtless be found those who may think that I have in this instance departed from these many of the medical gentlemen whose testimonials you have are well known to me personally, and I am sure not one of them would have given their endorsation to your preparation excepting after severe test and strong conviction that its proper use would be beneficial in cases indicated.
