The column for Maximum Thermometer shows the highest temperature for every day.

The column for Minimum Thermometer hows the lowest temperature for every day

Farm and Household.

Family Matters.

The flavor of common molasses is much improved by boiling and skimming before using.

Clean brass kettles before using with salt and vinegar, to avoid being poisoned by the verdigris.

Gum tragacanth dissolved in water makes a good and cheap paste which will keep when it is sealed up.

Damp tea leaves scattered over the carpet before sweeping, improve the colors and give them a fresh clean look.

A strip of thick paper laid over the edge of each stair under the carpet will preserve a stair carpet from wearing through one-third longer than otherwise.

A palatable drink for a fever patient is made by peeling and slicing some good tart apples, scattering some white sugar over them. When cool pour off the water and drink.

To destroy insects, take carbolic acid diluted with water, say one part of acid to ten parts of water, and with a syringe throw this liquid into all the cracks and holes where they nest, and they will soon vanish.

When you want a dust pan, have it made to order, with the handle turning down instead of up, so as to rest on the floor, and tip the dust pan at a proper angle for receiving the dust. It is a great convenience, as you do not have to stoop and hold it while you are sweeping.

Collect some soot from a chimney or a stove where wood is used as fuel, put it in to an old pitcher and pour hot water upon it. When cool use it to water your plants every few days. The effect upon plants is wonderful in producing a rapid growth of thrifty shoots and a great number of thick, richly tinted leaves.

A little bowl of sago jelly can be made by mixing two tablespoonfuls of sago in one pint of water, sugar enough to sweeten sufficiently, the juice and a little of the grated peel of one lemon. Let it stand for half an hour, so the sago will soften; then boil until it is clear. It will need careful attention and constant stirring to keep it from burning.

Sliced sweet potatoe pie will be a new and welcome dish to some cooks. Steam the potatoes tender, not soft; then cut in thin slices. Make an under and upper crust for the pie; season with ginger and spice the same as you do a squash pie. If you prefer, you may mash the potato and cook with milk and eggs, and then you will have a mock squash pie.

A writer in a German paper states that it is a custom in offices in that country to have a sliced potato on the desk in commercial houses. He does not state whether the esculent should be raw or not, but the probability is that it is boiled. The use of the potato is to clean steel pens and generally acts as a pen-wiper. It removes all ink and crust and gives a peculiarly smooth flow to the ink. He also states that the Hamburg clerks pass new pens two or three times through a gas flame, and then the ink will flow freely.

Deferred Matter.

[Crowded out last week.]

Irish Affairs.

LONDON, MAY 25

A letter from Davitt to the Most Rev. Thos. Nulty, Bishop of Meath, violently denouncing the landlords and demanding home rule has been published. Bishop Nulty read the letter to the assembled clergy of the diocese who received it with enthusiastic applause

The *Times* says it can't be doubted that the speech of Dillon in the Commons yesterday was intended to prove to his disaffected countrymen that he is no party to the Kilmainham compact

The *Standard* says: "Most of the Irish members declare that Dillon's speech in the Commons yesterday was inopportune. Several liberals who had intended to sign a memorial to Gladstone asking for a modification of the more stringent clauses of the repression bill now decline to sign it in consequence.

BUFFALO, N. Y., MAY 15.—The marine bicycle is a decided novelty in Buffalo. It will be introduced here this season. The motive power is a screw propellor worked by the wheel exactly as the land machine. The float is in the style of a catamaran, each boat being 22 inches long and 7 inches wide. These have air-tight compartments, and are perfectly safe, so much that an experienced rider has no trouble or danger even in the heaviest sea. The speed will be from eight to ten miles an hour. An awning overhead can be utilized as a sail when the wind is favourable.

Thomas Myers, Bracebridge writes: Dr. Thomas' Eclectric Oil is the best medicine I can sell. It always gives satisfaction, and in cases of coughs, colds, sore throat, &c., immediate relief has been received by those who use it."

Caught in the Ice.

QUEBEC, MAY 24.

Six sailing ships arrived yesterday. The "George Gilroy" of Greenock, was 20 days in ice; the captain reports that the icebergs were the largest he ever saw, 300 to 350 feet in height and one to two miles long. When off Cape Aquilla he noticed a ship of 1000 tons burden ashore with masts all gone. The crew could be seen on the shore walking up and down with their hats and coats spread on the ground as if to dry, but owing to the large quantity of ice in the neighborhood, it was found impossible to approach the shore. He passed about fifty sailing vessels and three steamers.

"Is the duty added to the price?" asks the Hamilton *Spectator*. And it thus replies to its own question:—"In order to test that question, a gentleman living in Boston imported a pair of English blankets. The English price was $4.45, and duties and custom house fees amounted to $4.90, or more than 100 per cent., bringing the total, without charging anything for freight or handling, to $9.35. If the duty were added to the price, that would be the selling price of like blankets of home manufacture. But like blankets of home manufacture were selling at $5.-20, or 75 cents above the English price, as low as the English blankets could possibly be sold if there were no duty. The like demonstration has been made in Canada, where the duty on blankets has largely increased and the price has largely decreased though in the mean time the price of wool has advanced. The most absurd and most readily disproved of all free trade fictions is that which affirms that the duty is added to the price."

What Toronto's Well-known Good Samaritan Says;

I have been troubled with Dyspepsia and Liver Complaint for over 20 years, and have tried many remedies, but never found an article that has done me as much good as Northrop & Lyman's Vegetable Discovery and Dyspeptic cure.

CLARA E. PORTER.

The Opposition seek to distract the minds of wool-growers in Canada by pointing out that some grades of wool are admitted free of duty. What are the facts? We import more wool than ever. In 1877-8 we imported 6,230,084 pounds; in 1880-1, 8,040,287 pounds. If that were all, as the Opposition pretend, there would be some show in their attacks upon the tariff in regard to wool. But it is, in fact, only half the story. Turn to the other side, and from the export returns it will be found that, while in 1877 8 we exported 2,445.893 pounds, in 1880-1 we only exported 1,404,123 pounds. That simply means that because of the manufacture of woollen goods developed under the tariff a home market was found for 1,041,770 pounds of home-grown wool that would otherwise have been sent out of the country. There was in addition an appreciable rise in the value of the expert, averaging in 1881 30½ cents per pound, against 28¾ cents in 1878. The less sent out, the better the price received for what was sent.

Mr. W. A. Wing, Westport, writes: "I wish to inform you of the wonderful results which followed the use of Northrop & Lyman's Emulsion of Cod Liver Oil and Hypophosphites, of Lime and Soda. A cough of six months standing had reduced me to such an extent that I was unable to work. I tried many remedies without effect: at last I used this Emulsion, and before three bottles were used I am glad to say I was restored to perfect health.

NEW YORK, MAY 28.

Steamer Celtic arrived this morning, bringing Lieut. Danenhower; Dr. Newton Newcomb, naturalist; Jack Cole, boatswain; and Charles Ton Sing, Chinese steward—four of the survivors of the ill-fated Arctic steamer Jeanette. Personal friends and relatives met the steamer down the harbor, and the meeting between the parties was most affecting, especially in the case of poor Jack Cole, who is crazy from the hardships he has endured. He, however, recognized his son and brother and greeted them, but the next moment his mind wandered. At the wharf a large number was present to welcome Lieut. Danenhower and party,

Mr. Peter Vermett, Hochelaga, P. Q., writes: "Dr. Thomas' Eclectric Oil cured me of Rheumatism after I tried many medicines to no purpose. It is a good medicine." Just think of it—you can relieve the twinges of rheumatism, or the most painful attack of neuralgia—you can check a cough, and heal bruised or broken skin, with a bottle of Dr. Thomas' Eclectric Oil, costing only 25 cents. E. Lee Street keeps all of Northrop and Lyman's preparations for sale.

The Opposition take comfort to themselves from the vote in the Local elections of Prince Edward Island. But there is no reason in so doing. The island for Dominion election purposes is divided into three constituencies, each returning two representatives. An analysis of the votes thrown shows that the Liberal Conservatives had a majority of twelve hundred over all. Beside this there were many Conservatives who voted against the Provincial Government, but who stated openly in the public meetings that they held to their allegiance in Dominion politics. The strongest Grit journals admit that "Dominion issues did not enter very largely into the contest.

Mr. C. E. Riggins, Beamsville, writes; "A customer who tried a bottle of Northrop & Lyman's Vegetable Discovery says it is the best thing he ever used; to quote his own words, 'It just seemed to touch the spot affected.' About a year ago he had an attack of Bilious fever and was afraid he was in for another when I recommended this valuable medicine with such happy results."

ENCOURAGING TO DYSPEPTICS.

CHARLOTTETOWN, P. E. I., Nov. 11, 1878.

Mr. James H. Robinson, St. John, N. B.

Dear Sir,—By, I may say, almost an accident, early this spring, being "confined to my room for nearly three months," and during this time I was under the combined care of "three" of the "most eminent" physicians of "Charlottetown," and by them and my friends given up as "beyond all power" to help me. Dr. Baxter, of Moncton, having occasion to call upon me on business, very naturally observed my state of health, and after fully describing my trouble, which by the doctors attending me was pronounced Dyspepsia or Indigestion, in fact I was so bad I could only eat brown bread, and that after being made at least three days, while tea, coffee or milk I dare not touch, and a slice of dry toast would invariably give me the utmost distress. Dr. Baxter recommended "Robinson's Phosphorized Emulsion," and I feel that I owe the public a debt which can only be paid by saying to all similarly afflicted, "Go thou and do likewise;" try "Robinson's Phosphorized Emulsion." To-day I am hearty and strong, and can, without fear, indulge in all the luxuries of a first-class hotel.

Yours, etc.,
(Signed) J. McKECHNIE.

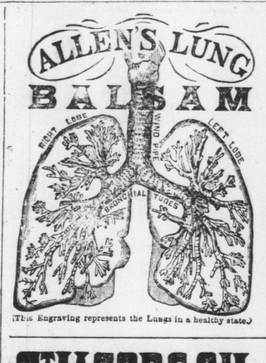
St. John, Mar. 3.



(This Engraving represents the Lungs in a healthy state.)

THE WAY IT WILL AFFECT YOU.

It excites expectoration and causes the lungs to throw off the phlegm or mucous; *changes the secretions and purifies the blood;* heals the irritated parts; gives strength to the digestive organs; brings the liver to its proper action, and imparts strength to the whole system. SUCH IS THE IMMEDIATE AND SATISFACTORY EFFECT that *it is warranted to break up the most distressing cough in a few hours time,* if not of too long standing. *It is warranted* TO GIVE ENTIRE SATISFACTION, EVEN IN THE *most confirmed cases of Consumption! It is warranted not* to produce costiveness (which is the case with most remedies), or affect the head, as it contains no opium in any form. *It is warranted to be perfectly harmless* to the most delicate child, although it is an active and powerful remedy for restoring the system. *There is no real necessity for so many deaths by Consumption,* when ALLEN'S LUNG BALSAM will prevent it if only taken in time. Physicians having consumptive patients, and who, having failed to cure them with their own medicine, we would recommend to give ALLEN'S LUNG BALSAM a trial. *Sold by all Druggists.*

THE GREAT
GERMAN REMEDY.
FOR
RHEUMATISM,
Neuralgia, Sciatica, Lumbago, Backache, Soreness of the Chest, Gout, Quinsy, Sore Throat, Swellings and Sprains, Burns and Scalds, General Bodily Pains,
Tooth, Ear and Headache, Frosted Feet and Ears, and all other Pains and Aches.

No Preparation on earth equals ST. JACOBS OIL as a *safe, sure, simple* and *cheap* External Remedy. A trial entails but the comparatively trifling outlay of 50 Cents, and every one suffering with pain can have cheap and positive proof of its claims.
