THE SCIENCE OF CHRISTIAN HEALING

By Prof. Hermann S. Hering, C.S.S.
Member of the Board of Lectureship of
The Mother Church, The First Church
of Christ, Scientist, in Boston, Mass.
Christ Jesus, the great physician, the
divine healer, has for all time set the
standard of perfect healing before hu-
manity, and that many do not yet be-
lieve in his gospel results from a lack of
understanding of the true nature and
philosophy of the so-called miracles
which he performed.

The fact that Christian Science heals
can readily be determined by any sin-
cere investigator, and the supporting
evidence reveals its coincidence with
spiritual healing, thus proving this
healing to be true and possible today
and establishing the fact that Christian
Science is Messianic.

According to the Scriptural accounts,
the healing wrought by the Master and
his disciples, was accomplished
through mental or spiritual means
alone, thus through some action of
thought. Christian Science healing is
brought about in the same way. In
both, the healing Principle and law are
mental, and we are thus led to examine
into the nature of Mind and mind ac-
tion.

Christian Science teaches that Mind is
that which thinks, that which ex-
presses itself in ideas, intelligence,
consciousness. Thus it is the basis of
all manifestation, the Principle and in-
telligence of the universe.

This divine actuality is the scientific
basis on which all Christian healing is
demonstrated, the divine Principle
whose unlimited power is utilized in
the overcoming of sin and sickness.
Christian Science shows that the so-
called mind which includes the belief
in evil, matter and disease, is not real
Mind but a false concept of mind, that
Adam dreamt, which St. Paul terms
"the carnal mind which is enmity
against God," in other words, God's un-
likeness or opposite.

This then is one of the initial and
essential steps in the Science of Christ-
ian healing—the recognition of the un-
reality of all that which is unlike God,
that it has but a seeming and not an
actual existence.

The order of scientific Christian
healing therefore is expressed first, in
the knowing of perfect Good and per-
fect man, followed by the recognition
of the erroneous nature of disease, sin
and all that is unlike God; then in the
application of absolute truth to the
elimination of error, so that right,
harmonious conditions may be estab-
lished.

The love and gratitude which Chris-
tian Scientists feel toward Mrs. Eddy is
not to be wondered at when one takes
into account the great good which has
come into their lives as the result of
her teachings.

The whole world is indebted to her
for her Scientific and spiritual inter-
pretation of the Bible, especially the
words and work of Jesus, commands
for her demonstration of the truth of
his teachings. In the face of the so-
called higher criticism and the doubt
respecting the correctness of much
Scripture teaching and the possibility
of obeying Christ Jesus' commands,
Mrs. Eddy's proof that the Bible is
true stands out as the greatest, most
significant achievement of this age, for
hereby the truth of Christianity and
the rightness of its basis is scientifi-
cally established.

In its inspired pages she found
Christian Science, the spiritual fulfil-
ment of Jesus' teachings and practice
and she thus rediscovered the Science
of Christianity.

TRAVELS 7,000 MILES
ALONE TO WED MINER
Sunnyside, Pa., June 22.—To wed a
man she met near Viola Kleckner let
here alone recently on a 7,000-mile trip
to Seward, Alaska, where she will be-
come the bride of James M. Foley, a
mining engineer.

Ten years ago Mrs. M. K. Dietz, a
woman friend, went to that country
to live and through her the pair be-
came acquainted by letter. They ex-
changed correspondence and photo-
graphs and he proposed and was ac-
cepted.

The young woman declared that she
is not one bit afraid to make the trip,
and does not fear the wedding will
end in disaster.
"His letters are too sincere," she
said, "to have him prove to be a faith-
less husband, and I just know I am
going to be happy."

The coming bridegroom, according
to friends of the young woman, is
wealthy, having been successful in
mining ventures in the far north. He
forwarded his sweetheart a ticket from
here to her new home and is planning
to build her a big house as soon as
she arrives there. Miss Kleckner has
never been far away from home in her
life, but there was a brave smile on her
pretty face as she boarded the train
for the lonely trip with Dan Cupid as
her advance messenger.

It's a good thing for a man's peace
of mind that he doesn't know what
other people know about him.
