MURDERED IN COLD BLOOD.

LONDON, March 20. The Lord Mayor of Cork was shot dead at 1 o'clock this morning from a revolver fired by a masked person whose identity was unknown, who entered his residence and after firing the shot escaped in an auto.

CHAOS EVERYWHERE.

BERLIN, March 19. Eschen surrendered this afternoon to armed workmen after violent fighting, in which it is estimated three hundred persons were killed. It is reported that Communists have occupied the railway stations to the east of Berlin, and that troops are being rushed through in armoured cars. The city has not yet succeeded in emerging from the chaos into which it was thrown, when Dr. Wolfgang Kapp and his associates, by the Coup d'Etat, took over the Government a week ago. Although most, if not all, of the troops which formed the backbone of the revolution have left the city proper, disorders continued spasmodically during Thursday night and Friday, and many additional casualties, both in killed and wounded, occurred during this period. Reports from cities and towns in various parts of Germany tell of operations by Radicals, but in some of the cities the Radical movement, seemingly, is waning, and workmen are returning to their jobs. This is especially true in South Germany.

ONE THOUSAND KILLED.

COBLENZ, March 19. Unconfirmed reports received here are to the effect that one thousand persons have been killed at Kiel. It is said the situation there is grave and Communists are reported to be gaining headway in Saxony and Westphalia. A Soviet republic has been proclaimed at Chemnitz and Plauen.

SINN FEIN RISING FEARED.

LONDON, March 19. The Government is taking special precautions against possible outbreaks in Ireland on Easter Monday, according to the Daily Mail, which asserts that it has been known for some time that Sinn Feiners has considered the possibility of an armed rising, and drawn up its plans accordingly.

A BATTLE ROYAL.

STUTTGART, Mar. 19. Fifty persons were killed at Dresden in a sudden clash between the students organization and a mob, according to the story of an eye witness, who has arrived here. At Frankfurt eighty persons have been killed in the recent disorders and several hundred wounded reached hospitals.

"LUDY" IN THE TOLLS.

COPENHAGEN, Mar. 19. Warrants have been issued for the arrest of General Ludendorff and of Colonel Bauer, characterized as Ludendorff's right hand man, says a despatch to the Social Demokrat from Berlin.

SIGNIFICANT.

MONTREAL, Que., Mar. 19. The presence in New York for a few days, of Mark Workman, President of the Dominion Steel Corporation, accompanied by J. H. Plummer, former President and member of the Board, is believed in circles close to the company to be associated with plans looking to the absorption of the Nova Scotia Steel Co., now accepted as part of the programme of British interests for the carrying out of their larger scheme.

BRITISH EMBASSY THREATENED.

LONDON, Mar. 19. A bomb exploded outside the British Embassy in Berlin last night, as the naval division was marching past, it is reported from the German capital. Several persons were killed or injured, but the Embassy apparently suffered no damage.

FEEDING THE FLAMES.

A Modern Example of Suffering

People suffer—suffer torments—with help at hand. Gila Pills can overcome pain in the most marvellous way—all the suffering which follows in the wake of weak or diseased kidneys, such as rheumatism, sciatic neuralgia, stone in the bladder, excruciating backache, stiff and swollen joints and aches, yields quickly to the soothing, healing, strengthening power of Gila Pills, which contain Juniper and seven other valuable diuretics and antiseptics.

Mr. Arnold McAskell, of Hants, N.S., writes as follows: "For a long time I suffered from a pain in my back and could not move without agony. I grew worse until confined to bed. A friend advised me to use Gila Pills. Before I had used one box I began to feel better. By the time I had finished two, I was completely cured. I cannot say too much in favor of these pills and I recommend them strongly to anyone suffering from kidney trouble."

At the first suggestion of pain in the back get Gila Pills from your druggist or dealer. Each box is guaranteed to relieve—or money back. 50c a box. Free sample, sufficient to show its value, sent on request.

conflagration, started by the proposal of Premier Lloyd George that coalition liberals and unionists unite into a new party to oppose labor and extremists. Labor has been quick to accept the challenge and Labor statements to-day indicated that the Laborites are prepared to fight to the bitter end to determine which party shall hold power in the Government.

FRESH DISORDERS.

PARIS, March 19. Another disturbance in front of the Hotel Adlon to-day, is reported in a despatch reaching here from Berlin. This message coming from a source, considered extremely reliable, says that several persons were killed in disorders in the Alexander Platz this morning.

TURKEY'S FEMALE FIRE BRAND.

CONSTANTINOPLE, March 19. Halide Edib, the most prominent woman leader among the Turkish Nationalists, and Reouf Bey, Deputy for Sivas and the mouthpiece of Mustafa Kemal in this city, Cara Vasif Bey and several other members of the Chamber of Deputies, have been deported, presumably to Malta, by the British. They were placed on board the cruiser Hibiscus yesterday, shortly before that warship sailed. After Mustafa Kemal and Reouf Bey, Halide Edib was probably the best known speaker and organizer in the Nationalist movement. When the Greeks landed at Smyrna and some Turks were killed, she cast aside all the traditions of Turkish women, and organized and addressed mass meetings, and so inflamed the Turks against the alleged plans for the dismemberment of the country that the Allied higher commissioners forbade further meetings. She has often been described in the British press as a firebrand and a dangerous agitator. Turkish detachments are reported to be meeting stubborn resistance in their effort to occupy districts north-east of Aleppo, where British troops were formerly stationed.

BLOODSHED AND DEATH.

COPENHAGEN, Mar. 19. One hundred persons were killed, and more than two hundred others wounded in collisions in various parts of Berlin Thursday, according to advices from the German capital. Eye witnesses of occurrences, which took place outside the city walls, relate the disorders and it is declared that in the suburb of Schoenberg, fifteen officers of the Baltic troops were literally trampled to death by the crowd.

ANTI-JEWISH PROPAGANDA.

BERLIN, Mar. 19. A sudden and widespread revival of anti-semitic movement made itself felt yesterday, when intervals throughout the day, leaflets were distributed, protesting against the presence of Jews in office, and attempting to inflame the public mind by cartoons, picturing the German people as starving in a cage, while fed and prosperous Jewish merchants look on and are made to say, "Don't feed the animals." Prominent Jewish residents are outspoken in expressing their serious apprehension over the recurrence of such a movement at this time.

AND WHAT AFTERWARDS?

LONDON, Mar. 19. Private advices from Paris state that the Ebert Government has asked the Allies to permit it to send German troops to put down Bolshevism in parts of the neutral zone, which was established by the Peace Treaty, and in which the Germans were not to have troops. There is no intimation what action the Allies will take in this matter.

INTERNATIONAL EXCHANGE CONFERENCE.

PARIS, Mar. 19. Le Sotr, of Brussels, announced that an international conference on the exchange question will be held in the city in May. The suggestion was made by A. J. Balfour, President of the Executive Council of the League of Nations.

VIENNA FACES OLD TROUBLE.

VIENNA, Mar. 19. Vienna is again facing a critical food shortage. Supplies had been routed through Germany, but the revolt in that country brought about the complete disorganization of railway traffic, and stopped the shipments of food. Riots are feared until relief is obtained.

TWO LIVES LOST.

SAN FRANCISCO, Mar. 19. Fire on board the American transport President Grant, from this port to Yokohama, caused the death of two of the crew on March 17th, it was announced yesterday. The vessel is on the way to Vladivostok to repatriate Czechoslovak troops.

Expensive Coal.

The coal-consuming public will be interested to know that coal brought here from New York would cost from \$28.00 to \$28.00 a ton, or landed on the wharf here. In addition, there would have to be a local profit and the cost of handling here. An offer was made the Government in response to a inquiry to send a cargo down at the former figure and another at the latter. Needless to state both offers were declined without thanks.

Heroic Rescue.

THE STRENGTH OF A MOTHER'S LOVE.

On Wednesday afternoon a three year old girl named Flemming while playing near a well on the Newtown Road in some manner fell in. Playmates who were with the child ran screaming to the mother, who on reaching the scene, but a short distance away, unhesitatingly jumped into the 14 ft. well rescuing the child in the nick of time. The well contained 10 ft. of water, but the mother's clothing kept her afloat while neighbors procured a ladder by the aid of which both the brave mother and her child were brought to safety, though in an exhausted condition. The action of the mother in bravely plunging into the icy water is characteristic of that supreme love which knows no fear.

Splendid Generosity.

In the Police Court, this morning, two 10-year-old boys were arraigned before the bar on a serious charge—that of breaking into a store on Job Street and stealing a quantity of tobacco, \$2 in cash, and for damaging the place to the value of \$15. The store owner prosecuted and the mother of one of them—a widow—was present. She sobbed bitterly as the prosecution went on. Her boy and daughter—younger than her brother—were her only support. The other lad was motherless, but his father was in court. The case against them was proven and the Judge could do nothing but to recompense the shop-owner, and fine the young culprits. He accordingly fined them \$10 each or in default 30 days' imprisonment. Just when it looked as if they would have to go to gaol—in fact they had been removed from the court room and were in the police station downstairs awaiting the "black Maria"—a newspaper reporter, Mr. J. J. Ryan, of the Daily Star, stepped up and paid the fines and had them both released. Needless to say the boys were more than grateful, while the parents will never forget Mr. Ryan's splendid philanthropy.

Rumors Unfounded.

The Telegram is authorized to state that the rumoured appointments of Mr. J. T. Meaney to the position of Deputy Minister of Posts and Telegraphs, Mr. Jas. McGrath to the Superintendency of the Poor Asylum, and of Mr. W. W. Woodford to the Governorship of the Penitentiary are "incorrect and groundless." Mr. Michael Foley, however, has been given the

position of storekeeper at the Customs a position made vacant by the death of Mr. T. Broderick. Mr. Foley, it will be remembered, was once a Labor Party candidate and later a supporter of the present Prime Minister.

Ended in Draw.

The championship hockey match between the St. Bon's and Methodists in Prince's Rink this morning resulted in a draw, and another game will have to be played. In the first half of today's game St. Bon's scored 2 and Methodists one. In the second half St. Bon's scored none and Methodists one. At the end of the period there was some discussion as to whether they would play off, but as the inter-collegiate rules forbid, it was left for another contest.

DIED.

Passed peacefully away, this morning Augustine James Bennett, aged 15 years, second son of Michael and Mary Bennett. Funeral on Monday at 2.30 p.m. from his late residence, 27 Water Street West. R.I.P.

Suddenly, of heart failure, on Mar. 4, Joseph Stockley of Greenspond, age 64 years. He leaves to mourn a wife, 6 daughters, 3 sons, 3 sisters to mourn the loss of a kind and loving husband and father.

"Tis hard to break the tender cords
When love has bound the heart;
'Tis hard, so hard to speak the words
"Must we forever part?"

Dearest loved one we have laid thee
In the peaceful graves embrace;
But thy memory will be cherished
"Till we see thy heavenly face."

IN LOVING MEMORY

of our dear sister, Mary Butler, who died a tragic death of burning at Glace Bay, Cape Breton, on March 19th, 1919. May her soul rest in peace.

Darling sister, they have laid you
In a foreign grave's embrace;
But our hearts are sadly longing
"Till we see your smiling face."
A dear husband and five children
Await upon a foreign shore
Till their toll in life is over
Hope to see your face once more.
