A baseball game between Dutton and Glenora is expected on Tuesday evening.

Rev. J. C. McConachie, B.A., B.D., of Kingston, will preach in Knox church on Sunday.

"Lots of time" to get across a railroad track ahead of the train not infrequently turns out to be eternity.

The well-preserved appearance of the Bradford girls is now accounted for. They drink nothing but embalmed milk.—Guide-Advocate.

A trio of comic musicians landed into town Friday and gave open-air entertainments on the street corners at night, after which the hat as usual was passed around.

Dr. Butler, London, eye, ear, nose and throat specialist, will be in Dutton on Friday, July 21st, at Queen's Hotel. Eyes tested and glasses supplied. Following visit Aug. 18.

Mr. J. H. Beer, formerly of Dutton, has passed the intermediate examination of the Ontario Medical Council. Dr. Beer has been appointed house surgeon of Sarnia Hospital.

Canada's 38th birthday was loyally observed on Monday by Dutton citizens and vicinity. The baseball games drew large crowds morning and afternoon, and which were the only attractions of the day.

Rev. W. C. Spence, of Lisbon, Ohio, who was called to Tyronn last week on account of the death of his father, preached in the Church of the Nativity on Sunday evening, and gave an excellent discourse.

The C. P. R. have taken steps to suppress the throwing of rice and anything available at departing bridal couples. It is to be hoped the officials of other roads will also assist in putting a stop to this provoking custom.

Mr. J. C. Sikes, editor of the Advocate of Truth, Greenville, Texas, and who assisted at the quarterly meeting of the Old School Baptists in Ekfrid, preached in the Church of the Nativity last evening.

Rev. Robert C. McDermid, of Fingal, and Miss Francis Hunter, eldest daughter of J. D. Hunter, 638 Bathurst street, Toronto, were married on Wednesday evening, Rev. W. C. Wallace, of Bloor street Presbyterian church, officiating.

The effect of the present perfect state of the weather is plainly seen in the great production of cheese and butter that is going on in both Ontario and Quebec provinces. Vegetable growth is reported to be unprecedented in the history of the country.

The home of Luke Brown, Iona, was the scene of a pleasant surprise the other evening it being the eightieth birthday of Mrs. Rebecca Silcox, (Mrs. Brown's mother), when about fifty of her descendants gathered to honor the occasion. After a sumptuous repast the old lady was presented with a beautiful jardiniere and plant.

If experiments now being carried on prove successful it will not be very long ere the M.C.R. is equipped with smokeless engines. A smoke-consuming device will be attached to the engines, and instead of the smoke being carried into the air, it will be conducted back to the furnace by pipes, and the process constantly repeated. The amount of smoke that reaches the open air is scarcely noticeable. The device is the invention of a German engineer.

Get into practice of taking a rest at noon. Lie down for ten minutes, or five minutes. If you cannot lie down lean back in a chair and close your eyes. Just forget everything. Rest; relax. Even if you do not sleep, rest. This practice will make you live longer. It will make you healthier while you do live. It will probably make people want you to live longer. It will take the tangle out of your nerves, the irritability out of your temper, the wrinkles out of your face. It will make your eyes brighter, your face fuller.—Medical Talk.

No service in Baptist church Sunday.

Jas. Duncanson has joined the Traders Bank staff.

E. Roche has purchased the store occupied by Miss Kemp from Jas. Hooley.

Farmers who have to buy their flour can, by buying 500 lbs. at a time, get it at wholesale price, which is \$2.55 at present, at the Dutton Flour Mills.

After being in the lock-up Saturday night and Sunday a drunk was allowed to go on Monday morning, after his Worship had given him a heart-to-heart talk.

A quiet wedding was solemnized on June 27, at the home of Mr. F. G. Macdonald, M.P.P., New Glasgow, when Julia Green was united in marriage to Geo. Kay, fisherman, of New Glasgow, by the Rev. J. F. Scott.

Mr. Viens, a French-Canadian Catholic, told of his conversion to Protestantism in an interesting address in the Baptist church on Thursday evening, and incidentally of the work being done among the French Canadians by the Grand Ligne Mission.

There was nothing offensive in the address to those belonging to the Roman church, but only a plain story of a young man in search of an education which led to the truth as he saw it. While employed on a farm he was visited by a colporteur which resulted in his admission to the school at Grand Ligne. On entering that school he did not intend to forsake his religious vows—indeed, he battled for them against his fellow-students in many a religious discussion. The open bible, which he stated, is a sealed book to Catholics, was the means of leading him to renounce his faith. The result was being discovered by his parents and ostracized by his former friends and relatives. Persistent visits to his home resulted in the conversion of his parents to Protestantism and his re-admission to school. The French were increasing 50 per cent. faster than the English Canadians and had now control of the Ottawa Valley in Ontario. The only way to unify the races and Anglicize them was to give them the open Gospel of Jesus Christ.

One Dollar Saved Represents Ten Dollars Earned.

The average man does not save to exceed ten per cent. of his earnings. He must spend nine dollars in living expenses for every dollar saved. That being the case he invested, like buying seeds for his garden, will save several dollars outlay later on. It is the same in buying Chamberlain's Colic, Cholera and Diarrhoea Remedy. It costs but a few cents, and a bottle of it in the house often saves a doctor's bill of several dollars. For sale by R. A. Kirkland, druggist.
