They're made of patent leather and vici kid respectively, on a "man-fashion" last, heavy soles and full extension edges, military heels and finely perforated quarters-correct toe shape.

A "B" COMPANY MAN GETS SNUG FORTUNE.

Member of the London Company is First Contingent Receives \$50,000.

When B Company of the first con-tingent was being recruited here, R. D. Whigham, a young Englishman, who reported from the Sixth Field Battery, was accepted as a private, and being well educated was chosen as an assistant by Capt. Duncan Stewart. It is understood that before coming here he was handling a pick on the streets of Woodstock. He served with the Canadian contingent and afterwards met an uncle, a colonel in the imperial service, through whose influence he was promoted. By the death of a relative in England he has received a fortune estimated at \$50,000. While here, Whigham tried to make arrangements to correspond, during the war, for one of the local papers. He said that his father was a major-general in the British army.

30,000 DROWNED!

Frightful Loss of Life in China Caused by Overflow of the Yang Tse.

Victoria, B. C., Aug. 9.-Great floods, caused by the overflowing of the Yang Tse, have caused the death of many thousands in China. The river has risen 40 feet, and for hundreds of miles that country is a great lake, with only tops of trees and an occasional roof showing.

At Anking the town is flooded, some of the houses to the roofs. At Kiu Kang, the native town is flooded, and two feet of water stands in the for-eign settlements. Lower down the river toward Swu Hue, the destruction was greater, and boatmen estimate that 20,000 were drowned in the district. Chong Teh was wiped away by floods, and 10,000 drowned there, and many other points have been in-undated, involving awful loss of life and great destruction of property.

It was feared an embankment built by Chong Chih Tung, near Wo Chang, would break, and cause the drowning of hundreds of thousands.

News was given in the Empress of Japan's advices that Hong Kong pos-sibly seized, July 15, at a house in Queen's road west, many hundred new Mausers, old hammer and needle guns, several hundred revolvers and Chinese horse pistols, with ammunition of every kind and reloading and recapping tools. A Chinese junk owner says his vessel had been chartered by Europeans to land the arms in Samal.

DETROIT BOYS DROWNED.

Detroit, Aug. 9.-The weed-tangled bottom of L'ingemann's canal at the foot of St. Clair avenue, near the waterworks, proved the deathbed of two boys, Godfrey Forcier, aged 13, and Willie Hinschke, aged 14. The lads were on a log about 150 feet from the head of the canal. They had removed their shoes and stockings and paddled the log that distance, looking for turtles, when they fell into the water.

BICYCLING FATALITY.

He is said to be in a dying condition.

LOST A LEG.

Brantford, Aug. 9.-Last evening Wm. Evans, yardman at the Market street station of the Grand Trunk Railway, had just uncoupled a freight car for a siding and climbed to the top of the last car on the train, when the engine suddenly started, and he was thrown to the ground. He fell directly between the rails, and was badly stunned. No one witnessed the mishap, and he lay in this position until the train commenced to back. He managed to pull himself from between the rails, but did not clear them altogether, and the wheels of two cars passed over one leg, nearly sev-ering it just below the knee.

IN NARROWEST CIRCLE

Express Wish of Empress Frederick Concerning Her Funeral.

Berlin, Aug. 8.-It was the express wish of Empress Frederick that her remains should be interred at Pots-dam and confined in "the narrowest family circle." With the exception, perhaps, of King Edward of England, no foreign crowned heads will be present or represented at the funeral.

Ottawa, Aug. 8.-The militia au-thorities have issued orders that salutes of sixty minute-guns shall be fired on Tuesday at all artillery headquarters in Canada, except Halifax and Vic-toria, where funeral honors to the late Empress of Germany will be paid by the imperial forces.

FELL FIVE STORIES, AND UN-HURT.

New York, Aug. 9.-William Quis-ter, 8 years old, fell from the roof of a five-story apartment house, on Sec-ond avenue, last night, and landed in a tub of water in the yard below. In his fall he struck several clothes lines and in this way his fall was broken. He was practically uninjured.
