### NEW PASTOR INDUCTED

**Rev. G. Munro Takes Over Work at Bethel and Brynston.**

The induction of Rev. Gustavus Munro, of Ridgeway, as pastor of the Bethel and Brynston Presbyterian Churches, took place yesterday afternoon at Bethel Church. At 2 o'clock the presbytery met, with Rev. Alex. Henderson, of Appleton, presiding. In spite of the storm, a good congregation was assembled.

Rev. E. L. Pidgeon, of Knox Church, St. Thomas, delivered the sermon; Rev. W. J. Clark, of the First Presbyterian Church, this city, addressed the minister, and Rev. Mr. Crow, interim moderator, the people.

Following the induction short addresses were delivered by Principal Merchant, Rev. Mr. Collins, of the Birr Anglican Church; Rev. A. Henderson, and several others, including a number of the laymen. With Rev. Mr. Munro, the presbytery met, a son of the new incumbent, was also present, and made a short address.

Rev. Dr. Munro has until recently been in charge of Ridgeway, and was at Embro for eighteen years prior to that time.

Previous to their departure from Ridgeway, Dr. and Mrs. Munro were presented with a purse of gold on behalf of the congregation, by Miss H. Wilson. The address was read by Mr. J. A. Dart.

Dr. Munro was surprised, and made a suitable reply.

**THIRTY-FIVE YEARS AGO TODAY**

[From The London Advertiser of Feb. 2, 1871.]

A meeting of the congregation of St. Andrew's Church in this city has been called for Wednesday evening, March 1, to consider the advisability of appointing a colleague for the pastor, Rev. John Scott.

A large safe, weighing 800 pounds, was today moved into the premises being fitted up for Molsons Bank.

The members of the Baptist Church and congregation enjoyed themselves very much at a very pleasant social tea meeting in their chapel, York street.

A bountiful supper was spread by the ladies, and suitable addresses were made by the pastor, Rev. Dr. Cooper, and Messrs. Denton, Rowland, Fraire, Pratt and Fletcher.

The following officers have been elected by Morrill Temple for the ensuing quarter: W. C. T. Bro. E. Read; W. V. T. Sister E. K. Slater; W. S. Bro. R. Hamah; W. T. Sister E. Morrill; W. F. S. Bro. James Montgomery; W. M. Bro. A. J. Webster; W. I. G. Sister L. Roe; W. O. G. Bro. R. F. Kingsmill.

A fire was discovered about 7:30 last evening between the dwelling of Mr. Boyd, city bellringer, and Coombs' cabinet factory, King street. Both buildings were frame, and the surrounding structures were also of the same inflammable material, so that a large conflagration was imminent. The alarm was promptly rung, and the firemen being quickly on the spot, the danger was overcome.

A general meeting of the London board of trade was held yesterday afternoon in the office of the secretary, Mr. Thos. Churcher.

Messrs. C. Andrus, J. W. Bolton and W. Wilks were proposed as new members.

Mr. H. F. McDonald moved, seconded by Mr. M. Anderson, "That the northern terminus of the London, Huron and Bruce Railway be Kincardine." Carried.

Mr. Atkinson moved that the city council be supplied with a force of not less than 100,000, or 100,000 a mile, and that a committee of three be appointed to confer with the city council with the view of calling a public meeting on the matter.

Frank Smith has at last been appointed Senator.

—Mr. Otto Jarvis, A. R. C. O., is in the city, presiding at the examinations of the London Conservatory of Music.

An address will be given by Dr. Bethune on "Wasps and Wild Bees." All interested are cordially invited to attend.

—Mr. Lancaster's Sabbath school

class, to the number of 50, held their annual reunion in the league room of Centennial Methodist Church last night. A most enjoyable evening was spent.

—Miss A. Auta Powell, supervisor of art and constructive work in the public schools, will address the teachers and others interested in the public schools of St. Thomas on Friday next on "Art in Public Schools." Miss Powell will deal with the educative side of art, and will show work done by pupils of the schools of this city.

—Prof. Moulton, of Chicago University, will occupy the pulpit of the First Presbyterian Church on Sunday next at both services. In the morning he will give an interpretation of the Book of Revelation, and in the evening of the Book of John. The services promise to be of great interest to thoughtful people.

**LONDON SHOULD SEEK ONE**

**Technical Institute Here.**

The city hall was crowded last night with an interested audience of local educationalists, who were anxious to hear Mr. A. H. Leake, of the provincial education department, lecture on "Technical Education."

The lecturer gave stereoscopic views of educational institutes all over the world. The interest of many of the institutes, especially in Germany and Japan, showed the high state of development reached in technical education in those countries.

"In Japan there are 850 schools devoted entirely to technical education and manual training," he said.

In these subjects, the little Oriental Empire leads the world. Canada would do well to take a leaf from its book."

In America, technical education was making rapid strides. Several large institutes had been founded, and were doing a highly satisfactory work.

In Ontario, some institutes had been established, but there was not one west of Toronto. The speaker suggested that London should seek the establishment of a technical institute in this city. There was room for it, and there was a need for it.

Mr. Frank Leonard presided over the meeting. A hearty vote of thanks was tendered the lecturer on motion of Inspector Edwards and Dr. English.

**MAKE NEEDED IMPROVEMENTS; ALDERMAN OPPOSES ANY DELAY**

The petitions will be acted on as usual.

George Bartlett applied for a position as public works inspector for 1906. The application was laid over.

The officers of the First Hussars and Sixth Field Battery were granted the use of a number of park benches for a concert in the armories on Feb. 9th.

The request of the Somerville baseball club for a use of 200 of the city hall chairs for a concert in the east end hall on Feb. 8, was granted, to club to make good any damage done.

The board decided to purchase a sprayer for Park Commissioner Pearce, who will see that citizens who have trees in need of spraying shall be permitted to have the use of it.

The board rescinded its motion re the building of a new fence for W. J. Reid at the baseball park, and will instead make a new cash offer to Mr. Reid of \$500 in full of his claims.

The application of Victor Mitchell and Fred W. Pratt for the position of draughtsmen in the city engineer's office were laid over until next meeting. Ald. Garratt opposing any appointment for the present.

**HAZARD CHAIRMAN OF LIBRARY BOARD**

**Organization Effected for Year—Macklin and Hamilton for Committee Chairman.**

The public library board held its inaugural meeting for 1906 last evening, and effected its organization for the year.

Mr. J. C. Hazard was elected chairman for the year.

The library committee was appointed as follows: Messrs. H. Macklin (chairman), B. Bland, T. J. Murphy and A. O. Jeffery.

The finance committee was appointed as follows: Messrs. W. T. Hamilton (chairman), E. Manigault, O. Labelle and Mayor Judd.

Mr. Manigault objected to being transferred from the library to the finance committee, but his objections were overruled.

The reports of the librarian and the secretary were read. Both reports were highly satisfactory.

A balance of \$1,071.16 was shown to the credit of the board at the close of the year. Very few books were damaged or lost during the year, the total for this causing an expenditure of only \$8.95.

At the end of the year, there were 18,455 volumes of all classes in the library.

The usual accounts were referred to the finance committee.
