Brussels, April 19.-Twelve million dollars is the figure compiled in trustworthy circles of Belgium's loss in the first six rights, which has been joined by about afternoon next. 400,000 men, or half the male working population of the country. Two-thirds of this loss of \$2,000,000 a day falls, according to the Socialist trade union leaders, upon the employers and supporters of the existing system, and the organizers of the strike affirm that the men, by exercising self-denial, can hold out as long as the capitalists are willing to endure their deprivation of dividends for a Fight May Be Long.

The printers of the capital struck work at midnight, but as the newspapers were practically ready for publication at that hour, all appeared this morning. ### Pope Lunches With Relatives

Rome. April 19. - For the first time since his illness the Pope and his sisters lunched at the Vatican, together with Angelo Sarto, his bro-

This is considered here as the best proof that the Pope is really entering on the convalescent stage. He slept tranquilly for two hours this afternoon. His breathing was easier and his rest more refreshing than it had been.

The value of the wedding presents is estimated at \$2,500,000. The Kaiser's gifts to his daughter include jewelry of his own designing. The bride also will receive costly gifts from all the royalties of Europe. Many German cities have voted sums

but the law governing such cases is inexorable. The young men had come prepared to have the marriages performed on the pier, as they brought their licenses with them, and were taken on board the steamer and became the husbands as soon as the necessary questions had been satisfactorily answered.

In each instance the young people had become engaged in Scotland, and the coming of the girls was in accordance with an agreement made at betrothal.

### Acting Rowdily; Three in Toils

Three young men in a buggy created a disturbance on York street, near Ridout Friday night. They were convicted of being drunk and disorderly this morning and fined \$5 each.

They were arrested by P. C. Lucas, who heard the loud language they were using when he was still a block away. They were shouting and swearing, and many residents of the neighborhood were aroused from their slumbers and heads were thrust out of windows to see what the trouble was,

Another man came to town on business and got so pleasantly jingled that he couldn't remember his name when brought to the station. He gave his name as Charlie Graham, but this turned out to be incorrect. He was discharged, and told to travel to his native place with all speed.
