CIVILIANS DECIDE TO FORM RIFLE CLUB

Committee Appointed to Draft Constitution—Meeting to Be Held Thursday

At a meeting of civilians who are interested in rifle shooting which was held at the City Hall on Thursday night, the many present decided unanimously to proceed with organization of a rifle club. The committee appointed to draft a constitution and by-laws will be submitted to another general gathering fixed for next Thursday night at the Drill Hall. Those entrusted with this duty were: Dr. E. B. McConnan, Arthur Langley and H. A. Munn. Yesterday they reported that the work was being handled with dispatch and that they would be prepared to submit a full report on the date mentioned. It was explained that the proposed Rifle Club has been promised the members by the Government as soon as organization was complete. It was believed that the marketmen would be able to make use of the Clover Point range before the conclusion of the present season.

PRINCESS VICTORIA'S CREW

Work Done in Connection With Recent Accident Lauded By Shipping Men

The salvage of the fishing schooner Ida May from the shore at Appleton cove where she was beached by the steamer Princess Victoria following the collision during thick fog a few days ago, is being delayed by adverse weather, but it is confidently expected that she will be floated without much difficulty. The Seattle Post-Intelligencer says: "Discussing the collision, marine men pay a high compliment to the crew of the Princess Victoria, which struck the Ida May while steaming through the fog on Wednesday. Shipping men declare that Capt. Griffin not only exhibited splendid judgment in directing the work, but that his crew did not lose a moment in perfect discipline to have rescued the crew of the Ida May, passed lines that the injured vessel and made them fast to his own before the Ida May sunk so low it would have been impossible to save her. So quickly was the work done that some marine men gather the gossip where mariners were drilled on the Princess boats is very regular."

ANOTHER TRIUMPH FOR THE CHAMPIONS

New Westminster Lacrosse Team Took Capitals Into Camp Again Yesterday

New Westminster, Oct. 2.—In one of the fastest and cleanest exhibitions of the National game ever seen in this city, the Capitals Lacrosse team went down to defeat again this afternoon before the World's champions, the Tomatoes. The Capitals played a very much improved game, but it was a lack of luck that prevented them from taking the Capitals into camp. The Capitals played nice and worked the home team to a fine finish. The Champions' defense was in great trim, however, and stayed off the attacks of the Capitals. The first quarter ended with the Capitals in the lead, 2 to 0. The Capitals, in the second quarter, were quarter 2 to 2, and each team tallied the star of the period. The Capitals played a brilliant game, but the entire defence of the Capitals was a defence of the home port up to a healthy article. Both Prince and Cumins and Warwick were the best of the season.

ILL-ASSORTED MARRIAGE PROVES A FAILURE

White Woman Who Married Chinese Repeats and is Shipped Back Home

On the last voyage of the Empress of Japan from here to Hongkong she had among her steerage passengers a white woman who had married a Chinese. The ill-assorted couple were going to take up their permanent residence at the husband's home in South China. The woman seemed contented enough as long as the husband was surrounded by white influences. When the liner reached Hongkong and she saw the learning native life of the people with whom she had cast her lot the renegade white lost her nerve and broke down. She feared that a much better prospect lay in China, but her husband would not let her go. She had to remain with him until she was shipped back to her home in New York via San Francisco a wiser woman.

ENGINEER HURT

Falling Tree Strikes M. N. Goodman While at Work on Grand Trunk Pacific Line

Prince Rupert, Oct. 1.—A serious accident occurred last Saturday while a Grand Trunk Pacific survey party was at work east of Kitseles canyon, and H. M. Goodman, engineer in charge of the survey party, was injured. The accident happened for some unaccountable reason the tree swung round in falling, striking Goodman and crushing his leg to the ground and breaking his leg in two places above the knee. As no river steamer was available he was brought sixty miles down the Skeena to tidewater in a canoe, where he was transferred to a launch and brought to the hospital. Dr. E. Welch set the injured limb and Mr. Goodman is doing well, considering the length of his stay in hospital. The journey undergone before securing medical attention.

NARROWLY ESCAPED INJURY FROM BLAST ON THE COLUMBIA BAR

Civic Employee on Smith's Hill Reservoir Work Suffers in Premature Explosion

(From Saturday's Daily)

By the narrowest of margins, E. Woodcroft, a city employee engaged on the excavation work at Smith's Hill reservoir, escaped being seriously and perhaps fatally, injured yesterday afternoon after one of his sticks of dynamite exploded. What is termed a "fast fuse" exploded a small charge of giant powder used in order to be all right and to get away from the blast and dirt was hurled with great force striking in the face of Woodcroft, hitting his hat as if with a knife, and killing his eyes with dirt. "Springing a hole" is what is known to rockmen as a blast that is drilled channel in the rock with dynamite so that a still larger charge can be inserted for the purpose of loosening the rock. The charge being used and the fuse ignited after which Woodcroft commenced to tamp down the sand upon the charge. The fuse burned very much faster than expected and though the man saw it, he had no time to jump up preparatory to getting back from the charge when the powder exploded.

ANTI-OPIUM LAW

First Prosecution Under Act Passed Last Session Takes Place at Vancouver, Oct. 1

Vancouver, Oct. 1.—The first prosecution under the new federal anti-opium act was a partial success, the commitment for trial of Chan Chuen, the most seriously injured, though at least it was feared that he might be let off. However, when the dirt had been washed from his eyes Woodcroft appeared to be all right and the suggestion that he ride into the city in the police patrol he raised some objection. After saying that they had hit the pipe, the charge against both of vagrancy was withdrawn, both however, were bound over to appear as witnesses against the man who was committed for trial at the assizes which open next week.

PROSPEROUS YEAR

Result of Operations of Consolidated Mining and Smelting Company For Twelve Months

Nelson, B.C., Oct. 3.—The annual report of the Consolidated company of Trail, being the mining and smelting company, operating copper mines on Rossland, lead mines on the East Kootenay, and a copper and lead smelter and refinery at Trail, shows a most remarkable record. The total value of the year's production was \$1,250,000. The company's net profit for the year was \$37,000. The company's net profit for the year was \$37,000. The company's net profit for the year was \$37,000.

GILBERTIAN SITUATION

Creditor Seizes Property of City of Saskatoon in Turn Served With Garnishment Order

Saskatoon, Oct. 2.—Citizens are vastly diverted, if somewhat disconcerted, in a legal case in which the city was involved. Some time ago, James Stratton sold a million dollars worth of city bonds to the Citizens' Loan and Trust Co. of New York. The city was to pay a bill for five thousand dollars. The council being dilatory in paying, Stratton garnished the city accounts during the legal vacation. The city was to pay a bill for five thousand dollars. The council being dilatory in paying, Stratton garnished the city accounts during the legal vacation.

ON EXHIBITION MATTERS

Representatives of Agricultural Societies Hold Convention at New Westminster

New Westminster, Oct. 1.—An important convention of representatives of the agricultural societies of the province, the first of the kind ever held in the west, took place in the city hall last night, and as a result it is certain that a much better prospect lay in China, but her husband would not let her go. She had to remain with him until she was shipped back to her home in New York via San Francisco a wiser woman.

FRASER MONUMENT UNVEILED BY PREMIER

Interesting Ceremony on Bank of River That Bears Explorer's Name

New Westminster, Oct. 1.—On a knoll overlooking the broad bosom of the Fraser, the great steel bridge teller, nobly monument, bearing the simple inscription, "Erected in Honor of Simon Fraser, to commemorate the discovery of the Fraser River, 1806." The monument is a picture of the explorer and entirely historical ceremony performed yesterday in commemoration of the great work of the famous explorer, Simon Fraser, the mighty stream takes its name, the unveiling of the monument by Premier McBride, a native son of this country.

A FEW CUTTING REMARKS

We Guarantee

ATKINS SAWS

THE HICKMAN TYE HARDWARE CO., LTD.
544-546 Yates St., Victoria, B. C.

The purpose of a saw is to cut. It should cut easily, on cleanly, and with little waste. I prefer an Atkins Saw. A blade in Silver Steel, recognized the world over, made in ancient or modern times. It has a close-grained and tough. It holds its edge longer than any other saw. Its blade is made by hand. It is not a machine-made blade. It does not warp or twist. It is perfect. When bent by a crooked cut, it springs back to its original shape. The Atkins Saw cuts without kicking. We make all types and sizes of saws, but only one grade—the best.

OLYMPIC TEAM READY

Amateur Canadian Lacrosse Twelve in Exceedingly Strong Condition

An eastern exchange says: "The Olympic team is completed, Turnbull, Rennie and McLeod arrived in Victoria this morning and Gorman came in on the 11:30 from Ottawa. The team that will face them will have one of the hardest propositions it has ever known in the lacrosse world. That short snappy pass, so common in the game today, will bewilder their opponents on the other side for the Englishmen use the old style Canadian game, each man for himself, no team work, no series of fast passes that draw out the defence and the right moment let the rubber drive, is the game that counts today."

STRIKE SITUATION

Vanouver Machinists Say Disposal of Men Who Refuse to Work is Stumbling Block

Vanouver, Oct. 2.—"All that stands in the way of a settlement is the question of what is to be done about some of the foremen and old hands that have stood by the company, and not joined the strikers. The strike has been declared off is not true. The president has not yet put a stop to the little game of the general manager about the open shop, and good progress is being made toward a settlement. The strikers are all back at work again. It is only a matter of hours. It is reported to us that several strikebreakers in the country have been served with a long yellow slip. We have been unable to exactly discover what that slip is, but we understand it is a notice to quit at any moment."

COLLISION ON C. P. R.

Freight Train Smash-Up Near East Selkirk, British Columbia Badly Injured

Selkirk, Man., Oct. 2.—A rear-end collision between two west-bound freight trains occurred on the Canadian Pacific at East Selkirk, in British Columbia, where George Bailey, of Kenora, was seriously injured and two others badly hurt and injured.

NOTORIOUS

James Keen Chancery

James Keen, a notorious gambler, was arrested in Vancouver. He was found with a large sum of money and was charged with gambling. He was held in custody and is awaiting trial.

ANOTHER CHALLENGE FOR CANADA'S CUP

Royal Alexandra Yacht Club Executive Will Enter Next Year's Race

Toronto, Oct. 2.—At a meeting of the Royal Canadian Yacht club executive committee last week it was decided to challenge for the Canada's cup again, the race to be sailed next year, subject to the acceptance of the challenge by the Rochester Yacht club, with which organization falls the right to dictate the terms of the contest as to place, date, class of boats, etc.

PROPOSED JUVENILE COURT

Vanouver, Oct. 3.—Ald. Prescott yesterday afternoon proposed a resolution in the council of the fire and police committee recommending that Mr. Thos. Procter, J.E. be appointed juvenile court judge. His remuneration to be fixed by the council. Ald. McSpadden questioned the necessity of the appointment of a second magistrate, believing that the regular police court magistrate could take up children's cases concerning juveniles. In this connection he added that it was possible there might be a change in the incumbent of the office in the short time. A suggestion was made that the matter be referred to the solicitor for advice as to the city's responsibilities, since the juvenile court was established but the committee finally passed the appointment up to the council with a favorable recommendation. Ald. Prescott reported that the juvenile court and all quarters in the old Cambie street hospital were now completed.

TORONTO MILK STRIKE

Toronto, Oct. 3.—Up to two o'clock this afternoon the retailers and producers' associations had failed to reach an agreement to end the milk strike. Very little milk was delivered in the city today.

MASTER MECHANIC APPOINTED.

Montreal, Oct. 2.—Gates Reid has been appointed master mechanic of the Lake Superior division of the C.P.R., with headquarters at North Bay.
