MAIL ORDERS

We solicit out of town orders which receive our personal attention. The length of time taken to fill orders is governed very largely by how busy we are in the department of our factory in which the particular goods are made. First Direct Shipment From
New York Since the War
Started Sent on Tuesday

New York, Oct. 7.—For the first time since the war started in Europe a direct shipment of cotton from this country to France was made yesterday. It is supposed that most of the cotton which has been reaching France has gone through Great Britain, but yesterday's consignment was to Havre.

The total exports of cotton yesterday were 29,812 bales. This included 3,405 bales to France, 5,478 bales to Great Britain and 7,456 bales to other points on the continent. More than 12,000 bales went to Japan and approximately 1,250 bales to Mexico. This represents a gain compared with recent weeks. Exports for the season to date have totalled 181,721 bales. Last year in the same period 1,323,854 bales were exported.

ST ANDREW'S PRES.

CHURCH SENDS CALL
Congregational Meeting Held
Last Thursday and Call Extended to Calais Pastor

A meeting of St. Andrew's Presbyterian church was held on Thursday evening last for the purpose of extending a call to a minister for the vacant charge. Rev. Dr. Polley of Dalhousie, Interim Moderator of the session, presided and preached, and after the devotional exercises stated the object of the meeting.

The congregation having expressed its desire by vote that it was ready to proceed to call a minister, the name of Rev. R. A. McDonald of Calais, Me., and Rev. J. A. McKenzie of Lachute, were put forward and ballots were taken.

The result of the voting was made known by the presiding minister, and the Rev. Mr. McDonald having received a large majority of the votes cast, it was resolved to make the call unanimous. The call to Rev. R. A. McDonald was then read, and after the benediction was pronounced, it was largely signed by those present at the meeting.

Rev. Roderick A. McDonald is at present preaching in the congregational church at Calais, Me. He is a native of Halifax and a graduate of Pine Hill College, from which he graduated with honors. He is highly spoken of throughout the Maritime Provinces as a man of great power among young men, and it is felt that he will carry on the best traditions of St. Andrew's church, where he will receive a warm welcome.

Germans Admit Very Heavy Losses in the Fighting in Eastern Prussia—Spy Dressed as Woman Making Dolls Caught on East Coast of England

A despatch from Berlin admits that the Germans met with heavy losses at the hands of the Czar's troops on the frontiers of Prussia.

The French northward movement is bringing their line close to the Belgian frontier.

Making and dressing dolls was the innocent occupation of a German spy arrested on the Yorkshire coast of England. He was garbed as a woman, and on examination the dolls bodies contained carefully prepared maps of the East Coast of Britain.

St. John, Oct. 8th.—The important feature in today's news is that the Germans have forced their way with heavy loss across the river near Antwerp, having damaged or destroyed some of the outer forts. They are now bombarding the city causing a panic. Thousands are fleeing into Holland. The Belgians declare they will be able to hold out, and they are fighting desperately. Germans big guns have been very effective.

The battle in northern France continues fiercely, but without result. Paris is optimistic, but declares the outcome is entirely a question of endurance.

Russia reports steady progress of her forces. Germans are now on offensive.

London, Oct. 8th.—A Rome despatch states that a message from Budapest announces the almost complete annihilation of Austrian battalion of Czechs in fierce encounter with Russians during the latter's advance on Marmaros Scigst. Every soldier in the battalion was either killed or wounded it is said.

New York, Oct. 8th.—A lengthy statement was issued last night at the Belgian embassy in Washington detailing the present European war. The New York Times characterize it as "A document to which the advocates of the German cause will find it exceeding difficult to reply."

Tokio, Oct. 8th.—At Tsing Tau the German fire is slackening. During the fighting the rope holding a German captive balloon was cut and balloon floated away.

Paris, Oct. 8th.—A despatch from Cetinje says that Montenegrin detachments operating in Herzegovina inflicted heavy losses on the Austrians and occupied important strategic positions near Gatzko. After hard fighting the Montenegrins occupied Abalak, Stephen and Kliputch, taking a large number of prisoners and much ammunition. PRESENTATION TO

MR. THOS. MALCOLM

General Manager of International Railway is Kindly Remembered by Employees

Last week the staff and employees of the International Railway presented their general manager with a suit case fitted with solid silver fittings, in token of the esteem in which the "Boss", as he was affectionately called, was held in by all his employees. There was no opportunity to get all the employees together, but a kindly letter accompanied the presentation, signed by Mr. E. H. Anderson and Mr. A. A. Andrew.

Needless to say Mr. Malcolm was greatly touched by the action of his late employees and has forwarded the following letter for publication:
Campbellton, N. B.,
Oct. 5th, 1914.

Dear Mr. Editor:—
As it will be impossible for me to thank, personally, the Staff and Employees of the International Railway for their kind remembrance in presenting me with such a handsome present, I wish to take this opportunity of thanking them most heartily not only for their very useful present, but also for their kind wishes.

I must say that I never had a more faithful lot of employees than those of the International Railway and if at any time I have a chance of doing them a good turn they can rely upon my doing so.

Yours truly,
Thos. Malcolm,
President.

TRY BRITANNIA!

The following story, told by that most delightful of writers, George Birmingham (Canon Hannay) is related in the "Express." An Irish Chief Secretary was doing his duty by the west coast of Ireland, in a small steamer, and was extremely seasick. At one port he met and conversed with a friendly priest. "I have heard," he said, "that the power of the church is unlimited in the west of Ireland. Couldn't you arrange that we wouldn't be quite so sick tomorrow?" "Sir," said the priest, the power of the Church extends to the high-water mark. Beyond that it's Rule Britannia.

SAILED ON SATURDAY

The ships that carried the Canadian Contingent of 32,000 men sailed on Saturday from Gaspé Basin, one half mile or so apart, escorted by a fleet of war vessels. Two men were arrested at Gaspé as German spies, and they escaped from the ship and possibly death by proving that they were detectives in the employ of the Minister of Militia.
