Millers Worm Powders are pleasant medicine for worm-infested children, and they will take it without objection. When directions are followed it will not injure the most delicate child, as there is nothing of an injurious nature in its composition. They will speedily rid a child of worms and restore the health of the little sufferers whose vitality has become impaired by the attacks of these internal pests.

ELLIOT BUSINESS COLLEGE

Kettle Point

On the southeastern shore of the great Lake Huron, stretching out miles into the blue waters, is a point of land called Kettle point. It is a point of rock rather than land, layer upon layer of stratified rock, and embedded in this rock are huge, round boulders, called kettles, hence the name of Kettle Point.

These huge rocks are found out in the lake, yards from the main point, which makes one think that probably at an earlier time this point of rock may have extended farther out into the lake, but owing to the ceaseless action of the waves it has been worn down to its present position.

An ideal fishing spot, and with a rare beauty of forest, Kettle Point is a paradise for both the angler and the naturalist. To make it more interesting still a tribe of the Redmen still fish in the waters and hunt in the forest. In 1827 about 2,500 acres of land around the point were set aside for the Indians, and to-day if you would visit this rocky point you might meet the Chief, Jeff Brisette, who lives along the shore. He spends his summers fishing and can spin many a yarn of the fish caught there. One can fancy him fishing and hunting as the redman did of old.

The wonderful beauty of both rock and forest has been preserved in its natural and primeval state, and except for a delightful driveway through the forest and along the shore one would think that no man save the Indian ever found his way to Kettle Point.

Complete in itself, Mother Graves' Worm Exterminator does not require the assistance of any other medicine to make it effective. It does not fail to do its work.

Bolsheviki "Free Love" Plan

London, Oct. 31.—Russian maidens under the jurisdiction of certain provincial Bolsheviki Soviets become the "property of the state" when they reach the age of 18 years and are compelled to register at a Government "bureau of free love," according to the official gazette of the Vladimir Soviet of workmen's and soldier's deputies which recently published that Soviet's decree on the subject.

Under the decree a woman having registered, "has the right to choose from among men between 19 and 50 a cohabitant husband." The consent of the man chosen is not necessary. The man chosen has no right to make any protest.

A similar protest of choosing from among the registered women is given every man between 19 and 50, "without the consent of the woman."

This provision is described as "in the interest of the state." Opportunities for choosing husbands and wives are to be presented once each month, the decree states. Children born of such marriages are to become the "property of the state." Stringent rules and penalties are laid down for the protection of girls less than 18. The decree further states that it has been based on the "excellent" example of similar decrees already issued at Luga, Kolpin, and other places. A similar "protect of provisional rights in connection with the socialization of women in the City of Khveninsk and vicinity" has been published in the gazette of the workers' and soldiers' deputies of that city.

Children Cry FOR FLETCHER'S CASTORIA

A Presbyterian Peace

New York Times.—An American who has seen Wilson at work in his typewriter corner said to-day: "In my mind's eye I can see the President with his thinking cap on, beating out his reply to Germany. I fancy him in a Presbyterian mood and prescribing a Calvinistic process of conversion for the Germans. There must first be a conviction of sin and wrong. Then there must be contrition, and then confession. There must be practise as well as profession in these processes, which means reparation for the past and guarantee against backsliding in the future. Then, in due order, will come pardon."

Adding an ounce of camphor to each five gallons of gasoline he uses, an English automobilist claims to effect a fuel saving of 20 per cent.

To enable a person to walk on water a Rhode Island man has invented a combination of shoe floats and balloon, the latter holding him erect.

Warts will render the prettiest hands unsightly. Clear the excrescences away by using Holloway's corn cure which acts thoroughly and painlessly.

SPANISH INFLUENZA RAGES IN CANADA

Thousands of Cases Reported With Many Deaths.

THOSE WHO ARE MOST SUSCEPTIBLE TO IT

"FRUIT-A-TIVES"—The Wonderful Fruit Medicine—Gives the Power To Resist This Disease.

The epidemic of Spanish Influenza which played such havoc in Europe, has reached this continent. Thousands of cases of the strange malady have appeared and many deaths are already reported; Surgeon-General Blue of the United States Public Health Service having stated that "Spanish Influenza will probably spread all over the country in six weeks".

Practically every ship which touches our shores from abroad, brings those infected with the disease.

Surgeon-General Blue urges that "the individual take all the precautions he can against contracting the disease by care and personal hygiene". Plenty of exercise should be taken; the diet should be regulated, etc.

Spanish Influenza affects most severely elderly persons and others whose powers of resistance are weakened by illness, work or worry, especially those who are "run-down" or "not feeling up to the mark."

The really great danger from the disease is not so much in the disease itself, as that it often develops into pneumonia.

What everyone needs now is a general tonic like "Fruit-a-tives". This wonderful fruit medicine is not a germ-killer. It is a body-builder; a strength-maker; a blood-purifier; a power in protecting against the ravages of disease.

"Fruit-a-tives" regulates the kidneys and bowels, causing these organs to eliminate waste regularly and naturally as nature intended. "Fruit-a-tives" keeps the skin active, and purifies and enriches the blood. "Fruit-a-tives" tones up and strengthens the organs of digestion, insuring food being properly digested and assimilated.

Everyone can take ordinary precautions, avoid crowded places, and use "Fruit-a-tives" regularly to insure sound digestion, to keep the bowels and kidneys regular and the whole system in the best possible condition. Then we are safe from disease.

"Fruit-a-tives" is sold by dealers everywhere at 50c a box, 6 for \$2.50, trial size 25c or sent postpaid on receipt of price by Fruit-a-tives Limited, Ottawa, Ont.

--have you tried our bread lately?

Delicious flavor; silky, even, white crumb; nice, brown crust. Made according to the orders of the Canada Food Board.

And Remember—every extra ounce you eat saves something for the boys overseas.

Now is the time—Try our Bread now.

LOVELL'S

Canada Food Board License No. 5-1784.

CENTRAL Business College

WATFORD, ONT.

Lady graduates of last term are now earning as high as \$18 and even \$20 per week, while young men are earning still better salaries. We can not meet the demand for trained help. Write us at once for particulars regarding our Commercial, Shorthand or Telegraphy Department.

Students may enter at any time.

D. A. McLACHLAN, Principal.
