PROVINCIAL PARLIAMENT.

Tuesday, 20th January, 1885.

At 12 o'clock precisely His Excellency the Lieu-

tenant Governor proceeded in State to the Council

Chamber, and being seated on the Throne, the Gen-

tleman Usher of the Black Rod was directed to com-

mand the attendance of the House of Assembly.

The House attended accordingly, when the President

of the Council said it was His Excellency's command

that they should repair to their usual place of sitting,

and choose a fit person to be their Speaker, and

present the person so chosen, for His Excellency's

approval immediately. The House withdrew.

and shortly after returned and presented CHARLES

SIMMONS, Esq. as their Speaker elect. His Excellency

having expressed his approval of their choice, the

Speaker demanded, in the name of the Assembly,

the customary privileges, which were granted. His

Excellency then addressed the two Houses in the

following

SPEECH—

Mr. President, and Honorable Gentlemen of the

Legislative Council,

Mr. Speaker, and Gentlemen of the House of

Assembly,

The Act of the last Session for increasing

the Representation of three of the Counties in the

Province—one of which was without

any distinct Representative—having received

the Royal Assent, I thought it right to put

the Law into immediate effect; and in meet-

ing you at this time in General Assembly, it

affords me much satisfaction that I can con-

gratulate you on the propitious circumstances

in which, compared with many past years,

this Province is placed.

It has pleased Providence to reward the in-

dustry of the Agricultural part of the Com-

munity with an abundant Harvest.

Our Commercial interests and prospects

stand high, notwithstanding all the difficul-

ties with which Public Credit has been assail-

ed in Countries exercising a direct influence

on the Commercial welfare of our own, and I

am therefore justified in assuming that this

fact, so advantageous to the Public at large,

is not less honorable to the judgment and in-

tegrity of those engaged in this great Branch

of Provincial prosperity, than a gratifying

proof of its being conducted upon sound and

enlightened principles.

From this favorable state of things, useful

institutions have been extended, which, it is

hoped, will in their progress prove highly be-

neficial to the rising spirit of enterprise which

evinces itself among all classes. I however

regret that in this prosperous condition I can-

not include our Coast Fisheries, in which

there is no material improvement—but which,

if rightly managed, would prove an inexhaus-

tible source of wealth.

Mr. Speaker, and Gentlemen of the House

of Assembly,

I shall direct the Treasurer's Accounts to

be laid immediately before you, and I am hap-

py to say that you will find them to exhibit

upon the whole a satisfactory statement of

our Finances, affording satisfactory grounds for

anticipating that at no very distant period you

may be enabled, by judicious management

and wholesome economy, to make such pro-

vision as will ensure prompt payment at the

Treasury, and thus render your appropri-

ations most available for the purposes intended.

Mr. President, and Honorable Gentlemen

of the Legislative Council,

Mr. Speaker, and Gentlemen of the House

of Assembly,

The objects to which I have now princi-

pally to call your attention are the ordinary

affairs of the Province—a Province eminently

favoured by nature, and which, under wise

and steady Legislation, cannot fail to prosper.

To you, Gentlemen, has been confided the all-

important task of calling its resources, and

the talents and energies of its People, into

full activity—from you must emanate almost

every measure by which the Country can be

affected, either for good or evil; and the

calmness of your deliberations, with the sound-

ness of your views will, I earnestly trust, pro-

duce such decisions and results as will fulfil

the expectations of a Loyal People. For my-

self, feeling as I do that my duty to the King

is inseparable from that which the true inter-

ests of this Province demands, I have only to

reiterate the assurance that I desire nothing

more earnestly than opportunities of co-op-

erating with you in the furtherance of sound

practical measures of general utility. There

is however one subject to which I have to

call your particular attention, that is, the

enactment for regulating the Statute Labour

on the Public Roads, which will shortly expire;

and I need not attempt to impress upon your

minds, in the renewal of this important Law,

the benefits to be derived by the Country from

a better mode of applying that Labour, par-

ticularly in Towns, where local circumstances

and the condition of the Inhabitants point out

the necessity of a different system.

I shall take an opportunity of communicat-

ing to you, by Message, some measures of im-

portance, which I am commanded by His

Majesty's Government to lay before you.

Saint Andrews Scottish Church Sabbath School.

On Monday last, the 26th January, the

first annual meeting of this Institution was

held in the Scotch Church here.

WILLIAM KER, Esquire, J. P. in the Chair.

Although from the capricious fall of snow and

rain which took place on the night preceding,

the streets nearly impassable, and although

much sickness still prevails among families

in the town and neighbourhood, yet, a num-

ber of Ladies and Gentlemen interested in

the prosperity of the Institution, attended,

together with 15 Teachers, and 78 Scholars.

The meeting opened with the singing of the

11th Paraphrase, and prayer by the Superin-

tendent. The children then read a portion

of Scripture, and were examined as to their

knowledge of the Shorter Catechism, as well

as of Doctrines which they have for some

time past, been in the habit of proving from

the Bible. In all these exercises, the chil-

dren acquitted themselves with approbation.

After prayer by the Assistant Superintendent,

and the singing of the 11th Paraphrase, the

children withdrew, and the Superintendent

read his Report for the year just ended.

FIRST ANNUAL REPORT OF THE ST. ANDREWS

SCOTCH CHURCH SABBATH SCHOOL

ASSOCIATION.

A year has now elapsed since the organiza-

tion of this Institution. The school under its

care, met in this place, for the first time

as a congregational one, on the first Sabbath

and 24th of February 1884—the dissolution

of the Union School which had been in op-

eration during the ten preceding years, having

been previously effected. Our congregational

school opened with 72 scholars—30 boys and

36 girls—and with 17 Teachers—9 Ladies

and 8 Gentlemen. On reference to the Gen-
