Washed with Common Soap

Washed with Pyle's Pearline

Dr. A. N. Bell, Editor of the *Sanitarian*, New York, writes: "Pearline has gained special ascendancy in my household and in many others to my knowledge, for cleansing flannels. Your own directions for its use are those we abide by: 'Wash flannels by hand in lukewarm Pearline suds; rinse thoroughly in warm water; wring dry (by pressure through clothes wringer); pull and shake well; dry in warm temperature and they will keep soft without shrinking.'"

Danger As one wash is sufficient to ruin flannels, great care should be exercised as to the use of the many imitations which are being offered by unscrupulous grocers or peddlers. PEARLINE is never peddled. JAMES PYLE, New York.
