

MONTREAL MINING EXCHANGE.

DULL BUT STEADY — RAMBLER-CARIBOO ADVANCES TO 35—SLO-CAN-SOVEREIGN BETTER—STAR SELLS UP—MONTREAL-LONDON TOUCHES 40.

With one or two exceptions, holders are very firm in their views, and even on advances would not be disposed to sell freely. No efforts are being made to excite prices, and buyers are quietly biding their time. The money market does not affect mining shares, except indirectly. A business of \$5,000 shares can hardly be called a satisfactory one to brokers.

Rambler-Cariboo, on orders from Toronto, was boomed up to 35. This stock was offered at 26 last Friday, without inducing business. It is undoubtedly a good property, with large veins of silver and lead, and has good shipping prospects. So far ship ments have been limited.

Slocan-Sovereign was sold up to 28, which was asked at the close, with 27 bid.

Big Three was quiet at 14 to 15, the only transaction being at seller's price.

Golden Star was strong at 48. There is no board at Toronto today, but it is said there is a good demand for Star on the Street.

Montreal-London was sold at 40. To those who had faith in this stock in the nineties, this must seem a low price. The time to average higher priced purchases has now come.
