

FOR
IRON FENCING,
Bank & Office Railings
And all kinds of Iron
Work, address

**Toronto Fence & Ornamental Iron
Works, 73 Adelaide St. West, TORONTO.**

The Public School Board of Petrolia, invites plans from architects for a brick or brick and stone school building, two stories, with basement, to contain four rooms, and having seating capacity for 240. Estimated cost, \$5,000. Particulars from W. E. Longford, secretary.

Railway and Municipal Bonds.

The ratepayers of Victoria, B.C., will vote on a by-law to provide \$17,000 for school buildings.

The ratepayers of Cowansville have carried the by-law to provide funds for a system of waterworks.

The ratepayers of Metcalfe, Ont., will be asked to vote \$9,000 for the purpose of erecting a high school.

It is probable that the city of Brantford will shortly issue debentures to provide for the building of a new school-house.

A. P. Thibault, city treasurer, Hull, invites proposals until the 15th April for the purchase of \$73,000 worth of debentures.

The Private Bills Committee passed an act recently empowering the city of Kingston to borrow a grain elevator to the amount of \$25,000 and to exempt school taxes.

The bill authorizing the city of Ottawa to borrow \$60,000 for improving the water works system and \$55,000 for fire alarm apparatus, has been passed by the Private Bills Committee of the Ontario legislature.

The vote on the Water Works by-law took place in Cowansville and resulted in a very large majority in favor of the Water Works. Only four dissentients cast their votes. The first by-law was killed through flaws in its construction.

The new by-law, granting a bonus of \$30,000 to the Talbot Brothers Carpet Co., was voted upon recently, and was carried, there being no dissenting vote. This new by-law became necessary, on account of the company failing to begin work within the delay granted them in the other one. It is now claimed that \$60,000 worth of stock has been subscribed in Sherbrooke and that operations will begin as soon as the first mow the ground.

Waterworks, Paving, Lighting, Sewers, etc.

Tenders are asked for the lighting of the streets of Port Hope with arc lamps or gas until the 27th. Address J. W. Saunders, Town Clerk.

Roll. Surters, City Engineer of Ottawa, will receive tenders until Tuesday, July 1st, for the supply of oils, lead pipe, brass work, hardware, hydrants, valves, castings, cast-iron pipe and fire alarm supplies, also until the 31st inst. for supplying cedar plank and vitrified sewer pipes.

W. D. Baillarge, assistant city inspector, Quebec invites tenders until Wednesday, the 31st inst., for the following works and supplies: Unbroken and broken stone, stone sidewalks and iron and vitrified brick crossings, docks, lumber, etc., sand, cast iron and stone gully wells, walk stone paving, macadam, forge work, and stone work. Particulars may be obtained from the City Engineer.

PRICE LIST—January, 1896.

PRICES FOR BENDING.

Regular Bends, not over one third Circle.
