

Why Use Stale Eggs?

When pure fresh Eggs in a preserved and concentrated form can be procured.

REGISTERED TRADE MARK.

OVO

can be used for every purpose for which fresh shell Eggs are used, and is far superior to held fresh, or lined Eggs.

It is prepared from choice fresh eggs, at a season of the year when fresh eggs can be readily obtained. By our process of manufacture, all the natural virtue of fresh egg is retained, while the prepared product will keep without impairment in any climate for an indefinite period of time.

OVO

is largely used in the military hospitals and for other purposes in the South African war, where its great value as a delicate and nourishing food for the sick, or as a concentrated food for the men in the field, has been

fully recognized. Invaluable for miners and campers. More easily digested than fresh eggs. All grocers should handle OVO.
