

Those Corns

How are You Trying to End Them?

Is it by paring? That is useless and dangerous.

It removes just the top layer, and a slip of the blade may mean infection.

All the petty methods of mere relief last only a little while.

There is now only one treatment used by people who know. That is a Blue-jay plaster.

It gives instant relief. But more than that, *it removes the corn.*

You apply it in a jiffy, then forget it. Within 48 hours the whole corn loosens and comes out. No pain, no soreness, no inconvenience.

Every month *a million corns* are ended forever in this way, while you let your corns keep on.

A famous chemist invented this wax to end corn troubles. Why not get the benefit—*today.*

A in the picture is the soft B & B wax. It loosens the corn.
B protects the corn, stopping the pain at once.
C wraps around the toe. It is narrowed to be comfortable.
D is rubber adhesive to fasten the plaster on.

Blue-jay Corn Plasters

Sold by Druggists — 15c and 25c per package

Sample Mailed Free. Also Blue-jay Bunion Plasters.

Bauer & Black, Chicago and New York, Makers of Surgical Dressings, etc.

THE "IDEAL" EMANCIPATES

Are you a slave to the old back breaking washboard? Do you know that the Ideal Washer has emancipated thousands of such slaves? The city water pressure does most of the work. The Ideal is a great saver—it saves time, temper, health, strength and clothes.

There is nothing to cause trouble no delicate parts to adjust, no slender parts to break. You will forget that there ever was such a thing as trouble with a Washer—In fact there isn't with the Ideal. See it at your dealer's or send to us for full information. 106
