

PARAGRAPHIC.

HOW WOULD IT DO?

This bad weather requires a remedy. It seems as if the whole responsibility should rest on Vennor and Wiggins, for we had some kind of weather before they appeared upon the scene. How would it do to string them up? Would it make things better? Another hint of importance—don't hang on to your corns as weather indicators. Better string them out root and branch. PUTNAM'S PAINLESS CORN EXTRACTOR will do it quickly, painlessly, and with certainty. Don't buy dangerous flesh-eating substitutes. Get Putnam's, and no other.

Grapevines that have been newly planted and were not cut back, should have all but one thrifty bud removed by rubbing off. One good strong cane is preferable to a dozen weak, slender shoots.

THE PUBLIC are cautioned against imitations of Perry Davis' Pain-Killer, and to be suspicious of persons who recommend any other article as "just as good"; many of these they make a little more profit upon, but which have no qualities in common with the Pain-Killer.

For the benefit of our readers we give this week a sure cure for colic or belly ache in horses. To one bottle *Johnson's Anodyne Liniment* and same quantity of molasses and same quantity of water, and pour down the horses throat.

A great convenience in a sink-room or kitchen is a disk-rack or drainer. It can be made of wood and fastened to the wall over the sink, into which the drip will fall.

A MAN recently asked in a drug store for a box of rough diamonds, but the druggist knew no such remedy. After much parley the druggist found that his customer wanted *Parson's Purgative Pills*. He says, "That's the only fit name for 'em."

SCOTT'S EMULSION of Pure Cod Liver Oil, with Hypophosphites.—*For Wasting, Delicate Children.*—Dr. Nysewander, of Des Moines, Iowa, says: "I have used Scott's Emulsion, and find it satisfactory in every respect. Children take it readily with excellent results."

SMITH'S GERMAN WORM REMEDY.—R. Morrison, of the Dominion Electrotypes Foundry, 597 Craig street, Montreal, says: one dose of Dr. Smith's Great German Worm Remedy removed thirteen large worms from his child four years old.

A Campaign Secret Given Away.

In the campaign of 1884 the two candidates for governor in a "pivotal" Western State arraigned for a series of joint discussions. Both men were popular, both of fine appearance and were so well matched in mental force and as orators that the contest between them promised to be a magnificent one. For several weeks the scales balanced evenly.

But one day the brilliant Republican candidate came up ailing. He seemed overcome and spoke laboriously. The next day he was even less effective. Later he was compelled to ask his opponent for a postponement of certain appointments, which was granted. Before the campaign ended he had abandoned the field altogether.

Meantime the Democratic candidate continued his canvass, seeming to grow stronger, cheerier and more effective with each succeeding week. He was elected. One evening in December while entertaining several gentlemen he said:

"I will tell you a campaign secret—which gave me the election. With the opening of my campaign I began caring for my liver. I knew that a disordered or torpid liver meant dullness and possible sickness. I took something every day. When my opponent began failing I knew his trouble to be his liver and felt like prescribing for him, but feared if I did so he might beat me! I grew stronger as the campaign progressed, often making two speeches a day. Even my voice, to my surprise, did not fail me once. All because Warner's safe cure kept me in A 1 trim." Ex-Governor Jacob of Kentucky also made a campaign tour under precisely similar circumstances, and says he kept up under the exhausting strain by the use of the same means.—*Rockester Union.*

The unanimous voice of the druggists of Halifax:

We, the undersigned druggists, take pleasure in certifying that we have sold Puttner's Emulsion of Cod Liver Oil, &c., for a number of years, and know it to be one of the oldest as well as (especially of late) one of the most reliable preparations in the market for the cure of consumption, bronchitis, asthma, coughs, and all lung diseases. The sale of it (Puttner's Emulsion) is steadily increasing, and is larger than for all other preparations of the kind in the market combined. We know of no article that gives greater satisfaction to those who use it, and we do not hesitate to recommend it.
