MANIFESTO!

I am now relieved of the cares and responsibilities of a great public trust, for the public have kindly "removed from off my shoulders a load of honor that would sink a navy," and (as the great Cardinal Wolsey says) "too heavy for a man that hopes for Heaven." I consider this an opportune time to relieve myself of another heavy burden more weighty than the former. I refer to the burden of debt I desire to be out of just once in my life, just to try how it feels; and to that end I am determined to sell forthwith the bulk of that large property formerly known as the W. L. Taylor Estate, in the

VILLAGE OF CHESTER,

Which is nearer St. Lawrence Market, City Hall, General Postoffice, and general business centre than the Town of Parkdale. This property will be sold on the most liberal terms ever offered to the public, viz., \$2 per foot cash down. The balance on mortgage for three and five years at 5 per cent. per annum, half-yearly, with the privilege of paying at any time without notice or bonus.

TORRENS TITLE.

This property is now under the Land Titles Act, thus insuring safety and despatch in dealing with it for all time to come.

NO EXPENSES.

There will be no costs to the purchaser in carrying out sale, as I will prepare all the necessary papers, both deeds and mortgages, absolutely free of cost to the purchaser if desired.

FEDERAL BANK SHARES.

In consequence of the winding up of the Federal Bank and the failure and exposure of the now defunct Central Bank, and in consequence of a depressed money market, it would be injurious to the other banks to sacrifice the securities by placing a large amount of them on the market at once, and as I have no wish to injure the banks or cause a panic on 'Change, I have determined to accept as cash at the highest market price Federal and other bank shares, Listed Loan Societies stock, etc., on account of purchase money.

A NEW BUS LINE

Has been started and is now in actual operation, and the public can get to and from the Union Station and this estate eight times per day for 5c. each way. Six tickets will be sold for 25c., and twenty-five for \$1. New busses are being ordered and will soon run every quarter of an hour during the busier parts of the day; the last bus will leave the Union Station at 12.30 midnight, the first one leaving Chester in the morning at 5.15. This service is guaranteed to the public until the street railway is extended and thoroughly established.

I have sold over 800 different properties during the past four and a half years to as many different people, and I challenge the world to produce a dissatisfied purchaser or one who has not made money through the deal. The indications are that the spring's business in real estate will be something enormous, and now is the time to buy, as this is one of the most favorable opportunities ever offered the public, and this offer will only be open to Monday, 17th of February, 1888.
