**Iron in the Blood**

**MAKES THE WEAK STRONG.**  
*The Peruvian Syrup, a Protected  
Solution of the Protoxide of  
Iron, is so combined as to have  
the character of an aliment, as  
easily digested and assimilated  
with the blood as the simplest  
food. It increases the quantity  
of Nature's Own Vitalizing  
Agent, Iron in the blood, and  
cures "a thousand ills," simply  
by Toning up, Invigorating and  
Vitalizing the System. The en-  
riched and vitalized blood per-  
meates every part of the body,  
repairing damages and waste,  
searching out morbid secre-  
tions, and leaving nothing for  
disease to feed upon.  
This is the secret of the won-  
derful success of this remedy in  
curing Dyspepsia, Liver Com-  
plaint, Dropsy, Chronic Diar-  
rhoea, Boils, Nervous Affections,  
Chills and Fevers, Humors,  
Loss of Constitutional Vigor,  
Diseases of the Kidneys and  
Bladder, Female Complaints,  
and all diseases originating in  
a bad state of the blood, or ac-  
companied by debility or a low  
state of the system. Being free  
from Alcohol, in any form, its  
energizing effects are not fol-  
lowed by corresponding reac-  
tion, but are permanent, infu-  
sing strength, vigor, and new  
life into all parts of the system,  
and building up an Iron Con-  
stitution.*  
Thousands have been changed  
by the use of this remedy, from  
weak, sickly, suffering crea-  
tures, to strong, healthy, and  
happy men and women; and  
invalids cannot reasonably hesi-  
tate to give it a trial.

**Ayer's**  
**Sarsaparilla**  
Is widely known  
as one of the most  
effectual remedies  
ever discovered for  
cleansing the sys-  
tem and purifying  
the blood. It has  
stood the test of  
years, with a con-  
stantly growing re-  
putation, based on its  
intrinsic virtues, and sustained by its re-  
markable cures. So mild as to be safe and  
beneficial to children, and yet so searching  
as to effectually purge out the great cor-  
ruptions of the blood, such as the scrofulous  
and syphilitic contamination. Impurities,  
or diseases that have lurked in the system  
for years, soon yield to this powerful anti-  
dote, and disappear. Hence its wonderful  
cures, many of which are publicly known,  
of Scrofula, and all scrofulous diseases,  
Ulcers, Eruptions, and eruptive disor-  
ders of the skin, Tumors, Blotches,  
Boils, Pimples, Pustules, Sores, St. An-  
thony's Fire, Rose or Erysipelas,  
Tetter, Salt Rheum, Scald  
Head, Ringworm, and internal Ul-  
cerations of the Uterus, Stomach,  
and Liver. It also cures other com-  
plaints, to which it would not seem espe-  
cially adapted, such as Dropsy, Dyspep-  
sia, Fits, Neuralgia, Heart Disease,  
Female Weakness, Debility, and  
Leucorrhoea, when they are manifesta-  
tions of the scrofulous poisons.  
It is an excellent restorer of health and  
strength in the Spring. By renewing the  
appetite and vigor of the digestive organs,  
it dissipates the depression and listless lan-  
guor of the season. Even where no disorder  
appears, people feel better, and live longer,  
for cleansing the blood. The system moves  
on with renewed vigor and a new lease of  
life.

**QUININUM LABARRAQUE**  
Approved by the Imperial Academy  
of Medicine  
The Quininum Labarraque is an eminently  
tonic and febrifuge Wine, destined to replace  
all the other preparations of Peruvian Bark.  
The Bark Wines usually employed in me-  
dicine are prepared from Barks which vary  
considerably in the degree to which they  
possess the desired properties. Besides,  
owing to the manner in which they are pre-  
pared, these Wines contain scarcely more  
than the traces of active principles, and  
these are always in variable proportions.  
The Quininum Labarraque, approved by  
the Academy of Medicine, constitutes, on the  
contrary, a medicine of determined com-  
position, rich in active principles, and on which  
Physicians and Patients can always rely.  
The Quininum Labarraque is prescribed  
with great success for persons of weak con-  
stitution, or for those debilitated by various  
exhausting causes or past sickness; for youths  
fatigued by too rapid growth; for young  
girls whose development takes place with  
difficulty; for women in childbirth; and for  
aged persons enfeebled by years or illness.  
It is the best preservative against Fevers.  
In cases of Chlorosis, Anemia, or Green-  
ness, this Wine is a powerful auxiliary of  
the ferruginous preparations. In conjunction,  
for example, with VALLET'S PILLS, the rapid-  
ity of its action is really marvellous.

**DE LA SALLE INSTITUTE,**  
Nos. 18, 20 & 22 Duke Street,  
Toronto, Ont.

DIRECTED BY THE CHRISTIAN BROTHERS.  
This thoroughly Commercial Establishment is un-  
der the distinguished patronage of His Grace, the  
Archbishop, and the Rev. Clergy of the City.  
Having long felt the necessity of a Boarding  
School in the city, the Christian Brothers have been  
uniting in their efforts to procure a favorable site  
whence to build; they have now the satisfaction to  
inform their patrons and the public that such a  
place has been selected, combining advantages rarely  
met with.  
The Institution, hitherto known as the "Bank of  
Upper Canada," has been purchased with this view  
and is fitted up in a style which cannot fail to ren-  
der it a favorite resort to students. The spacious  
building of the Bank—now adapted to educational  
purposes—the ample and well-devised play grounds  
and the ever-refreshing breezes from great Ontario  
all concur in making "De La Salle Institute" what-  
ever its directors could claim for it, or any of its  
patrons desire.  
The Class-rooms, study-halls, dormitory and re-  
fectory, are on a scale equal to any in the country.  
With greater facilities than heretofore, the Chris-  
tian Brothers will now be better able to promote the  
physical, moral and intellectual development of the  
students committed to their care.  
The system of government is mild and paternal,  
yet firm in enforcing the observance of established  
discipline.  
No student will be retained whose manners and  
morals are not satisfactory: students of all denom-  
inations are admitted.  
The Academic Year commences on the first Mon-  
day in September, and ends in the beginning of  
July.
