PROSPECTUS FOR 1874. - SEVENTH YEAR, "THE ALDINE,"

An Illustrated Monthly Journal, Universally Admitted to be the Handsomest Periodical in the World. A Representative and Champion of Ame-

rican Taste. NOT FOR SALE IN BOOK OR NEWS STORES. THE ALDINE, while issued with all the regularity, has none of the temporary or timely interest characteristic of ordinary periodicals. It is an elegant miscellany of pure, light and graceful literature; and a collection of pictures, the rarest specimens of artistic skill, in black and white. Although cach succeeding number affords a fresh pleasure to its please send references from the last trustees and from the pastor, and state the salary. Address to JOSEPH MARCHIDON, Trustee, Lafontaine P.O., Ont. friends, the real value and beauty of THE ALDINE -absolutely without competition in price or character. The possessor of a complete volume cannot duplicate the quantity of fine paper and engravings in any other shape or number of volumes for ten times its cost; and then, there are the chromos, besides!

ART DEPARTMENT, 1874. The illustrations of THE ALDINE have won a world-wide reputation, and in the art centres of Europe it is an admitted fact that its wood cuts are examples of the highest perfection ever attained .-The common prejudice in favor of "steel plates," is rapidly yielding to a more educated and discriminating taste which recognizes the advantages of superior artistic quality with greater facility of produc-tion. The wood-cuts of THE ALDINE possess all the delicacy and elaborate finish of the most costly steel plate, while they afford a better tendering of the artist's original.

To fully realize the wonderful work which THE ALDINE is doing for the cause of art culture in America, it is only necessary to consider the cost to the people of any other decent representations of

the productions of great painters.

In addition to designs by the members of the National Academy, and other noved American artists, THE ALDINE will reproduce examples of the best foreign masters, selected with a view to the highest artistic success and greatest general interest. Thus the subscriber to THE ALDINE will, at a triding cost, enjoyin his own home the pleasures and refining influences of true art.

The quarterly tinted plates for 1874 will be by Thos, Moran and J. D. Woodward.

The Christmas issue for 1874 will contain special designs appropriate to the season, by our best artists, and will surpass in attractions any of its predeces-

PREMIUM FOR 1874.

Every subscriber to THE ALDINE for the year 1874 will receive a pair of chromos. The original pictures were printed in oil for the publishers of THE ALDINE, by Thomas Moran, whose great Colorado picture was purchased by Congress for ten thousand dollars. The subjects were chosen to represent "The East" and "The West." One is a view in The White Mountains, New Hampshire; the other gives The Cliffs of Green River, Wyoming Territory. The difference in the nature of the scenes themselves is a pleasing contrast, and affords a good display of the artist's scope and coloring. The chromos are each worked from thirty distinct plates, and are in size (12 x 16) and appearance exact facsimiles of the originals. The presentation of a worthy example of America's greatest landscape painter to the subscribers of THE ALDINE was a bold but peculiarly happy idea, and its successful realization is attested by the following testimonial, over the signature of Mr. Moran himself.

Newark, N. J., Sept 20th, 1873. Messes, James Sutton & Co.

Gentlemen,-I am delighted with the proofs in color of your chromos. They are wonderfully successful representations by mechanical process of the original paintings.

Very respectfully, ed.) THOS, MORAN. (Signed,) These chromos are in every sense American. They are by an original American process, with material of American manufacture, from designs of American scenery by an American painter, and presented to subscribers to the first successful American Art Journal. If no better because of all this, they will certainly possess an interest no foreign production can inspire, and neither are they any the worse respect to other chromos that are sold single for double the subscription price of THE ALDINE. Persons of taste will prize these pictures for themselves-not for the price they did or did not cost, and will appreciate the enterprise that renders their distribution pos-

If any subscriber should indicate a preference for a figure subject, the publishers will send "Thoughts of Home," a new and beautiful chromo, 14 x 20 inches, representing a little Italian exile whose speaking eyes betray the longings of his heart.

TERMS.

\$5 per annum, in advance, with oil Chromos free. For 50 CENTS EXTRA, the chromos will be sent, mounted, varnished, and prepaid by mail.

THE ALDINE will, hereafter, be obtainable only by subscription. There will be no reduced or club rate; cash for subscriptions must be sent to the publishers direct, or handed to the local canvasser, without responsibility to the publishers, except in cases where the certificate is given bearing the fac-simile signature of James Sutton & Co.
