## A Railroad Wreck and a National Guard Endorsement.

Headquarters District Columbia Militia, Washington, D.C.

During the recent encampment of the district National Guard, we used the Buzzacott Military Cooking Outfits, and found them more than satisfactory. Each outfit was found ample to cook for sixty men, and the cooks were unanimous in commendation of it. That they can stand the rough usage of active campaigning, was amply demonstrated by the fact that all our outfits were in a serious railroad freight wreck, and though very badly broken and battered up when we received them, we were able to hammer into shape and restore into serviceable condition nineteen out of the twenty-five outfits shipped to us.

ALBERT SIDWAY.

Will it Stand the Racket?

Brigadier General, D.C. Militia.

Headquarters 65th Regiment, N.G., S.N.Y.

In July last I equipped this Regiment with your Military Cooking Outfits. Officers' Mess, and each company of the regiment. They were used in the practice march of the command in August last. The company cooks learned to use them without any difficulty whatever. They gave perfect satisfaction in every respect.

As president of a board, appointed to report on the proper equipment for field service for the National Guard of this State, I signed an unanimous report recommending the issue of your Field Oven to all the organizations of this Guard. Your Cooking Outfit has my unqualified approval.

SAMUEL W. WELCH, Jr.

Colonel Commanding.
